Online Violence Against Legally Plural Settings:

Violence Against Women in Legally Plural settings Anna Barrera, 2015-11-19 This book addresses a growing area of concern for scholars and development practitioners discriminatory gender norms in legally plural settings Focusing specifically on indigenous women this book analyses how they often in alliance with supporters and allies have sought to improve their access to justice Development practitioners working in the field of access to justice have tended to conceive indigenous legal systems as either inherently incompatible with women's rights or alternatively they have emphasised customary law's advantageous features such as its greater accessibility familiarity and effectiveness Against this background and based on a comparison of six thus far underexplored initiatives of legal and institutional change in Ecuador Peru and Bolivia Anna Barrera Vivero provides a more nuanced ethnographic understanding of how women navigate through context specific constellations of interlegality in their search for justice In so doing moreover her account of ongoing political debates and local struggles for gender justice grounds the elaboration of a comprehensive conceptual framework for understanding the legally plural dynamics involved in the contestation of discriminatory gender norms

The Great Power Competition Volume 4 Adib Farhadi, Anthony Masys, 2023-05-02 Lessons Learned from Afghanistan America's Longest War examines the lessons of how America's longest war came to an ignominious end with staggering consequences for the United States and the Afghan nation Afghanistan today faces an unprecedented humanitarian crisis looming threat of a civil war and a resurgence of violent extremism organizations similar to pre 9 11 As the U S enters a new era in the strategic geopolitical Great Power Competition an analysis of the original mission intent shifting policy and strategic objectives and ineffective implementation of security political and economic programs reveal critical lessons and questions such as What led to the strategic failure of the U S in Afghanistan What decisions resulted in the present day humanitarian civil and political crises in Afghanistan Were these consequences in fact avoidable Was there an alternative approach that could have maintained the hard fought gains of the last two decades and better demonstrated America's standing as a defender of global human rights Lessons Learned from Afghanistan America's Longest War further explores lessons of the past negotiations between the

United States Taliban and former U S backed Afghan government to suggest alternative pathways that honor the original intent of the mission and meet present day obligations to an Afghan nation in crisis Legal Pluralism in Action Latif Tas, 2016-04-22 This groundbreaking book contributes to and refocuses public debates about the incorporation of plural approaches into the English legal system The book specifically advances the recent largely theoretical discussions of Sharia legal practice by examining a secular method of dispute resolution as practised by the Kurdish Peace Committee in London Following migration to the West many Kurds still adhere to traditional values and norms Building on these they have adapted their customary legal practices to create unofficial legal courts and other forms of legal hybridisation These practical solutions to the challenges of a pluralistic life are seen by Kurdish communities in the UK as applicable not only to British and transnational daily life but also as a training ground for institutions in a possible future Kurdish state The study provides a substantive evidence base using extensive ethnographic data about the workings of the Kurdish Peace Committee examining detailed case studies in the context of the customs and practices of the Kurdish community Based on an ethnographic and interdisciplinary approach this book will be of interest to policy makers socio legal professionals students and scholars of legal anthropology ethnic minority law transnationalism diaspora Kurdish Turkish and Middle Eastern studies

Minding the Gap Between Restorative Justice, Therapeutic Jurisprudence, and Global Indigenous Wisdom Saade, Marta Vides, Halder, Debarati, 2022-10-28 Foundational principles of the contemporary practices of both restorative justice and the concept of therapeutic jurisprudence often import organic and indigenous practices of conflict resolution to resolve insufficiencies and even to explain fundamental ideas Too often the indiscriminate use of such practices does not mind the gap between the defining principles the guiding principles or the limiting principles that challenge particular features of practical applications Minding the Gap Between Restorative Justice Therapeutic Jurisprudence and Global Indigenous Wisdom gives an authentic voice to practitioners and theorists whose work originates in organic or indigenous conflict resolution It raises awareness of the diversity of approaches to dispute resolution from the deep perspective of their foundations and understands the challenges that arise in the practical application of restorative justice and therapeutic jurisprudence models when using principles disconnected from their foundation It further offers ways to bridge the gap so that it is no longer an obstacle but a source of transformation Covering topics such as justice praxes indigenous conflict resolution and global indigenous wisdom this premier reference source is a dynamic resource for HR managers lawyers government officials mediators counselors students and faculty of higher education librarians researchers and academicians

Governance of Islam in Pakistan Sarah Holz, 2022-10-15 Modern states increasingly seek to regulate religious expression practice and discourse This is profoundly evident at many levels of Islamic policy interaction from debates about the banning of the Muslim face veil in Europe to civic re education programmes for Muslim citizens in China Governance of Islam in Pakistan provides a systematic account of how interactions between multiple public and private bodies direct the

regulation and standardisation of Islam in one of the largest Muslim majority states in the world Analysis centres on the institutional development of the Council of Islamic Ideology a constitutional body tasked with issuing advice to the executive and legislature about the compatibility of laws with Islamic principles Based on archival material that has been subject to little scholarly attention and interviews with Council members and staff of other state bodies Sarah Holz proposes governance as an analytical framework to study the negotiation of religious expression practice and discourse In contrast to the established Islamisation narrative which generally labels such religious institutions as mere rubberstamps in the process of policy making the study of governance offers an alternative approach that enables examination of the dynamic competition and cooperation among multiple actors Through collective interaction the Council and other relevant bodies are active players in the governance of Islam Insights gained from analysis of the ideational structural and functional evolution of the Council offers a Global South perspective on liberal democratic ideas about the functionality of the modern state and its institutional structure Issues of economic cultural and local international political influence bear strongly in governance analysis Engagement with the governance policy tool has applicability across the social sciences but is particularly relevant for South Asian Near and Middle East Studies *Hashtags and Handcuffs: Free Speech vs. Online Defamation A Legal and Social Examination of Digital Discourse and Accountability in India* Ayushi Vashisht, Aman Sonkar, Rudransh Sharma, 2025-07-25

Undoing Ethics Natasha Whiteman, 2012-01-07 Over the past decade researchers from different academic disciplines have paid increasing attention to the productivity of online environments The ethical underpinnings of research in such

settings however remain contested and often controversial As traditional debates have been reignited by the need to respond to the particular characteristics of technologically mediated environments researchers have entered anew key debates regarding the moral legal and regulative aspects of research ethics A growing trend in this work has been towards the promotion of localized and contextualized research ethics the suggestion that the decisions we make should be informed by the nature of the environments we study and the habits expectations of participants within them Despite such moves the relationship between the empirical theoretical and methodological aspects of Internet research ethics remains underexplored Drawing from ongoing sociological research into the practices of media cultures online this book provides a timely and distinctive response to this need This book explores the relationship between the production of ethical stances in two different contexts the ethical manoeuvring of participants within online media fan communities and the ethical decision making of the author as Internet researcher manoeuvring as it were in the academic community In doing so the book outlines a reflexive framework for exploring research ethics at different levels of analysis the empirical settings of research the theoretical perspectives which inform the researcher's objectification of the research settings and the methodological issues and practical decisions that constitute the activity as research The analysis of these different levels develops a way of thinking about ethical practice in terms of stabilizing and destabilizing moves within and between research and researched communities The analysis emphasizes the continuities and discontinuities between both research practice and online media fan activity and social activity in on and offline environments

Disruption, Ideation and Innovation for Defence and Security Gitanjali Adlakha-Hutcheon, Anthony Masys, 2022-08-27 This book explores types of disruptions in defence and security ways to assess disruptions triggered by technological advancements or the lack of legal frameworks the consequent delays or disruptions to making decisions creative idea generation and finally the innovative pathways to counter such disruptions What do disruption ideation and innovation have in common How do disruptions ideas and innovation coexist within defence and security They all influence and impact decision making Disruptions drive decision making Ideation raises solutions to resolve the disruptions and innovation brings ideas into life While disruptions may be common place in the business world where disruptive technologies displace pre existing ones they are less prevalent in defence even less so within the realm of security For the last 10 years there has been talk of disruptive technologies and even adoption of terms such as emerging and disruptive technologies by the largest military alliance NATO yet the means to assess these remain elusive It offers researchers opportunities to assess different types of disruptions ideate and innovate on scientific grounds to counter disruptions thereby bolstering the defence and security community's ability to make decisions better

The Future of the Person Hans-W. Micklitz, Giuseppe Vettori, 2025-03-06 This book rigorously debates the notion of the person a fundamental concept which underpins national private law orders worldwide In the 20th century the unity of the person came under pressure firstly through the rise of labour law and then secondly post World War II through consumer law The book moves

this debate on exploring the ongoing fragmentation of the concept of the person and the unique challenges that this gives rise to and suggesting how this might impact on the future of private law The book asks three questions are the subject of the 19th century Codes or the person of 20th century constitutions useful categories of reference for the person could fundamental rights currently central to the notion of the person be replaced by forms of the impersonal how and why should subjectivities be rethought in the age of infocracy and autocracies Thought provoking and paradigm shifting this is a fascinating examination of the bedrock of private law

Regulation of Speech in Multicultural Societies Marcel Maussen, Ralph Grillo, 2017-10-02 This book focuses on the way in which public debate and legal practice intersect when it comes to the value of free speech and the need to regulate offensive blasphemous or hate speech especially though not exclusively where such speech is thought to be offensive to members of ethnic and religious minorities The themes addressed are of great significance for contemporary societies in many parts of the world including Europe and North America and although the volume focuses principally on the European context it also addresses the theme on an international level Contributions look at the transnational intertextuality of the debate as well as comparing approaches to regulation in different countries notably between the European Court of Human Rights and the United States

Supreme Court This book was originally published as a special issue of the Journal of Ethnic and Migration Studies

Aazheyaadizi Mark D. Freeland, 2020-12-01 Many of the English translations of Indigenous languages that we commonly use today have been handed down from colonial missionaries whose intent was to fundamentally alter or destroy prior Indigenous knowledge and praxis In this text author Mark D Freeland develops a theory of worldview that provides an interrelated logical mooring to shed light on the issues around translating Indigenous languages in and out of colonial languages In tandem with other linguistic and narrative methods this theory of worldview can be employed to help root out the reproduction of colonial culture in Indigenous languages and can be a useful addition to the repertoire of tools needed to return to life giving relationships with our environment These issues of decolonization are highlighted in the trajectory of treaty language associated with relationships to land and their present day importance This book uses the 1836 Treaty of Washington and its contemporary manifestation in Great Lakes fishing rights and the State of Michigan s 2007 Inland Consent Decree as a means of identifying the role of worldview in deciphering the logics embedded in Anishinaabe thought associated with these relationships to land A fascinating study for students of Indigenous and linguistic disciplines this book deftly demonstrates the significance of worldview theory in relation to the logics of decolonization of Indigenous thought and praxis *Ecological Economics from the Ground Up* Hali Healy, Joan Martínez-Alier, Leah Temper, Mariana
