

The background of the entire cover is a dark, moody photograph. It features a hand in a white latex glove holding a medical syringe with a blue plunger and needle. The syringe is positioned vertically, pointing upwards. To the left of the syringe, there is a piece of crumpled, translucent material, possibly a surgical drape or plastic wrap, which is partially illuminated. The overall lighting is dramatic, with strong highlights on the glove and the syringe, and deep shadows elsewhere.

Boles, 2014-01-10 Of the many dynamic young playwrights to be associated with the In Yer Face burst of creative talent on the British stage in the mid 1990s Joe Penhall has challenged Britain's status quo the most Penhall believes his plays should constantly provoke and enrage not only the institutions he targets but also his audience This critical book discusses the argumentative nature of Penhall's plays while also placing them within the context of contemporary British society and the modern dramatic tradition His eight plays are discussed in detail and particular attention is paid to male identity the nature of grief the variety of females domestic drama and the role of autobiography in his work *The American Pressman*, 1914 *Journal of the American Medical Association* American Medical Association, 1902 **Unperfect Histories** Harriet Archer, 2017-10-20 The Mirror for Magistrates the collection of de casibus complaint poems in the voices of medieval rulers and rebels compiled by William Baldwin in the 1550s was central to the development of imaginative literature in the sixteenth and early seventeenth centuries Additions by John Higgins Thomas Blenerhasset and Richard Niccols between 1574 and 1610 extended the Mirror's scope shifted its focus and prolonged its popularity in particular the texts later manifestations profoundly influenced the work of Spenser and Shakespeare Unperfect Histories is the first monograph to consider the text's early modern transmission history as a whole In chapters on Baldwin Higgins Blenerhasset and Niccols's complaint collections it demonstrates that the Mirror is an invaluable witness to how verse history was conceptualized written and read across the period and explores the ways in which it was repeatedly reinterpreted and redeployed in response to changing contemporary concerns The Mirror corpus encompasses topical allegory nationalist polemic and historiographical skepticism as well as the macabre humour and metatextual play which have come to be known as hallmarks of Baldwin's mid Tudor writings What has not been recognised is the complex interaction of these themes and techniques right across the Mirror's history Higgins Blenerhasset and Niccols's contributions are analysed for the first time here both within their own literary and historiographical contexts and in dialogue with Baldwin's early editions This new
