## Turkey Crafts

Look at the funny turkey crafts we made! I made a turkey with my hand. My friend made a turkey headband. We are going to show them to our teacher now. Do you think Mr. Frank will like them?

What did I make a turkey with?

What did my friend make?

What is our teacher's name?

*What Every 1st Grade Teacher Needs to Know* Margaret Berry Wilson, 2011 You're teaching first grade this year. What do you need to know? Margaret Berry Wilson gives you practical information about daily routines, furniture, and much more. She starts with a concise review of first graders' common developmental characteristics and then shows how to adjust your classroom and your teaching to fit these common characteristics. The result: Students can learn and you can teach with minimum frustration and maximum ease and joy. In a warm conversational style punctuated with anecdotes and examples from her own classrooms, Margaret shares practical know-how on topics like this: Arranging a circle of desks and tables. Choosing and storing supplies. Scheduling a child-centered day and teaching daily routines. Planning special projects and field trips that maximize learning and build community. Understanding the special concerns of first graders, parents, and finding the best ways to communicate.

[Touch Screen Tablets Touching Children's Lives](#) Joanne Tarasuik,Gabrielle Strouse,Jordy Kaufman,2018-02-28 Touch screen tablets have greatly expanded the technology accessible to preschoolers toddlers and even infants given that they do not require the fine motor skills required for using traditional computers Many parents and educators wish to make evidence based decisions regarding young children s technology use yet technological advancements continue to occur faster than researchers can keep up with Accordingly despite touch screen tablets entering society more than 5 years ago we are in the infancy of research concerning interactive media and children

The topic has gained traction in the past couple of years. For example, theoretical papers have discussed how interactive media activities differ from physical toys and passive media (Christakis 2014) and how educational apps development should utilise the four pillars of learning (Hirsh Pasek et al 2015). Yet there has been little experimental research published on young children and touch screen use.

Designing Problem-Driven Instruction with Online Social Media Kay Kyeong-Ju Seo, Debra A. Pellegrino, Chalee Engelhard, 2012-02-01

Designing Problem Driven Instruction with Online Social Media has the capacity to transform an educator's teaching style by presenting innovative ways to empower problem based instruction with online social media. Knowing that not all instructors are comfortable in this area, this book provides clear systematic design approaches for instructors who may be hesitant to explore uncharted waters and offers practical examples of how successful implementations can happen. Furthermore, it is a reference for instructors who need to solve issues that occur when developing a class utilizing problem driven instruction with online social media. With the recent exponential growth of Twitter and Facebook, the potential for social media as an educational venue brings an urgent call for researchers to increase their concentration in this area to investigate further the educational possibilities of this format. These factors combined illustrate the mission of this book that is to enable instructors in the areas of instructional design, multimedia, information science, technology, and distance learning to have an evidence based resource for this underexplored niche in instruction.
