history **The Long Process of Development** Jerry F. Hough, Robin Grier, 2014-11-20 Douglass North once emphasized that development takes centuries but he did not have a theory of how and why change occurs This groundbreaking book advances such a theory by examining in detail why England and Spain developed so slowly from 1000 to 1800 A colonial legacy must go back centuries before settlement and this book points to key events in England and Spain in the 1260s to explain why Mexico lagged behind the United States economically in the twentieth century Based on the integration of North's institutional approach with Mancur Olson's collective action theory Max Weber's theory of value change and North's focus on dominant coalitions based on rent and military in *In the Shadow of Violence* this theory of change leads to exciting new historical interpretations including the crucial role of the merchant navy alliance in England and the key role of George Washington's control of the military in 1787 **Encyclopedia of Video Games** Mark J. P. Wolf, 2021-05-24 Now in its second edition the *Encyclopedia of Video Games The Culture Technology and Art of Gaming* is the definitive go to resource for anyone interested in the diverse and expanding video game industry This three volume encyclopedia covers all things video games including the games themselves the companies that make them and the people who play them Written by scholars who are exceptionally knowledgeable in the field of video game studies it notes genres institutions important concepts theoretical concerns and more and is the most comprehensive encyclopedia of video games of its kind covering video games throughout all periods of their existence and geographically around the world This is the second edition of *Encyclopedia of Video Games The Culture Technology and Art of Gaming* originally published in 2012 All of the entries have been revised to accommodate changes in the industry and an additional volume has been added to address the recent developments advances and changes that have occurred in this ever evolving field This set is a vital resource for scholars and video game aficionados alike **Encyclopedia of Library and Information Science** Allen Kent, Harold Lancour, 1997-09-16 The *Biological Literature to An Uncertainty Principle for Information Seeking A Qualitative Approach* **Encyclopedia of Global Warming and Climate Change, Second Edition** S. George Philander, 2012-06-13 The First Edition of the *Encyclopedia of Global Warming and Climate Change* provided a multi authored academic yet non technical resource for students and teachers to understand the importance of global warming to appreciate the effects of human activity and greenhouse gases around the world and to learn the history of climate change and the research enterprise examining it This edition was well received with notable reviews Since its publication the debate over the advent of global warming at least partially brought on by human enterprise has continued to ebb and flow depending literally on the weather politics and media coverage of climate summits and debates Advances in research also change the discourse as new data is collected and new scientific projects continue to explore and explain global warming and climate change Thus a new Second Edition updates more than half of the original entries and adds new perspectives and content to keep students and researchers up to date in a field that has proven provocatively lively *The SAGE International Encyclopedia of Music and Culture* Janet
