Online Judicial Reputation Comparative Nuno Garoupa:

Judicial Reputation Nuno Garoupa, Tom Ginsburg, 2015-11-20 Judges are society's elders and experts our masters and mediators We depend on them to dispense justice with integrity deliberation and efficiency Yet judges as Alexander Hamilton famously noted lack the power of the purse or the sword They must rely almost entirely on their reputations to secure compliance with their decisions obtain resources and maintain their political influence In *Judicial Reputation* Nuno Garoupa and Tom Ginsburg explain how reputation is not only an essential quality of the judiciary as a whole but also of individual judges Perceptions of judicial systems around the world range from widespread admiration to utter contempt and as judges participate within these institutions some earn respect while others are scorned *Judicial Reputation* explores how judges respond to the reputational incentives provided by the different audiences they interact with lawyers politicians the media and the public itself and how institutional structures mediate these interactions The judicial structure is best understood not through the lens of legal culture or tradition but through the economics of information and reputation Transcending those conventional lenses Garoupa and Ginsburg employ their long standing research on the latter to examine the fascinating effects that governmental interactions multicourt systems extrajudicial work and the international rule of law movement have had on the reputations of judges in this era

Zandoni, 2019-09-15 Any court watcher knows that the Supreme Court of Canada delivers some of its major constitutional judgments in a *By the Court* format The abandonment of the common law tradition of attributing decisions to individual judges in favour of an anonymous and unanimous approach is unique among Western democracies *By the Court* is the first major study of these unanimous and anonymous decisions and features a complete inventory chronology and typology of these cases Some significant examples include the Secession of Quebec reference and the Carter decision on assisted suicide Peter McCormick and Marc Zandoni also ask where and why the idea emerged and whether it signals a genuinely collegial authorship or simply masks the dominance of the Chief Justice Ultimately *By the Court* explores the purposes and potential future of *By the Court* framing this practice as the most dramatic form of a modern style that highlights the institution and downplays individual contributions

Knowledge and Entrepreneurship in Public Policy Christopher J. Coyne, Abigail R.

Hall, Eileen Norcross, 2023-11-17 Understanding entrepreneurship as alertness to potential profit opportunities and the

activities involved with bringing those opportunities to life and public policy as laws regulations and activities of government this volume analyzes the intersection of the two to show how public policy influences entrepreneurship Using a mix of theoretical and applied research the contributors argue that policies which incentivize productive entrepreneurship will advance economic well being but that the passage of such policies depends in large part on the availability and usage of economic knowledge by policymakers If policymakers lack the relevant economic knowledge to achieve their desired outcomes policies will be ineffective in incentivizing productive entrepreneurship **Zitierpraxis von**
