Becoming Dr. Seuss Brian Jay Jones,2019 The definitive fascinating all reaching biography of Dr Seuss Dr Seuss is a classic American icon His work has defined our childhoods and the childhoods of our own children More than twenty five years after his death his books continue to find new readers now grossing over half a billion dollars in sales His whimsical illustrations and silly simple rhymes are

timeless favorites because quite simply he makes us laugh Theodor Geisel however led a life that goes much deeper than the prolific and beloved children's book author In fact the allure and fascination of Dr Seuss begins with this second more radical side He had a successful career as a political cartoonist and his political leanings can be felt throughout his books remember the environmentalist of The Lorax Geisel was a complicated man who introduced generations to the wonders of reading while teaching young people about empathy and how to treat others well *The Jeffrey Chronicles: The Span of an Online Romance* Karin Castle, 2010-06-24

Experience the thrill excitement unique romance and the few poignant truths in online dating through The Jeffrey Chronicles The Span of an Online Romance This true story takes place between Jeff a Cleveland Ohio lawyer and Karin a Cleveland business woman In this exciting book author Karin Castle shares her experience of an online romance After years of being single she found the man who made a difference in her life In August of 2009 through the internet Jeff found Karin Together they embarked on an exciting online romantic adventure They talked about wild romantic possibilities exchanged emotions they met and developed special feelings for each other yes she loved him But what truth would she uncover that would change their relationship forever Children's and YA Books in the College Classroom Emily Dial-Driver, Jim Ford, Sara N. Beam, 2015-03-23

Using children's and young adult literature is a great way to enhance a variety of college classes in fields as varied as biology computer game development political science and history This collection of new essays by educators from a number of disciplines describes how to use such works as Where the Wild Things Are The Tale of Peter Rabbit Swamp Thing Percy Jackson and Harry Potter to introduce complex concepts and spark interest in difficult subjects The contributors describe innovative teaching strategies using dystopian fiction graphic narratives fairy tales and mythology Often overlooked or dismissed by teachers children's literature can support student learning by raising levels of academic rigor creativity and critical thinking Musical Theater in Schools Rekha S. Rajan, 2019-01-03

Musical Theater in Schools Purpose Process and Performance is a comprehensive resource for general classroom teachers music and drama educators The book is the first of its kind to provide strategies for including musical theater across the K 12 curriculum inviting teachers and arts specialists to utilize musical theater as an interdisciplinary art form within their own classrooms or as collaborative projects throughout the school community Typically relegated to after school activities musical theater can have a strong place both as an avenue for performance creativity and self expression or as a pathway for student learning about academic subjects Drawing upon musical theater terminology the book is organized into three distinct acts The first section gives an overview of how this popular art form developed and how its stories reflect our culture and community with descriptions of musical theater as a profession for adults and for children This section also discusses musical theater's compromised position within the arts often relegated to theater departments even though repertoire and songs are available to music teachers and argues for musicals as a form of interdisciplinary education The second section outlines ways of integrating musical theater into the curriculum with considerations for the National Core

Arts Standards The third section provides suggestions for auditions casting rehearsing and presenting a complete production with a specific focus on student centered performances Based on the author s own experiences as a professional musical theater performer coupled with teaching and research in classroom settings the book reasons that you do not have to be a Broadway star to teach or perform musical theater This unique and innovative book supports educators through the process of bringing musical theater into the biggest and most important performance space the classroom stage **The Common**

Core in Action Deborah J. Jesseman, 2015-06-19 This book addresses Common Core State Standard curriculum resources to assist the school librarian in collaborating with classroom teachers Librarians are being asked to understand the Common Core State Standards CCSS and their implications to programming and instruction as well as to collection development planning Using lesson plans originally published in School Library Monthly this title builds upon them adding many additional plans that address CCSS issues The plans will help you implement the standards and can also be used as stepping stones to facilitate planning conversations and collaboration with teachers to co teach lessons correlated with the standards The book begins with an overview of the CCSS what they are how are they different from the content standards and what the implications are for schools where the state has adopted them including what the CCSS mean for collection development It then goes on to explore the opportunities the CCSS present for the school librarian looking at how you can become a leader in employing the process The majority of the book is devoted to reproducible lesson plans organized by curricular area or topic and grade level for ease of use *Library and Information Science Research in Asia-Oceania: Theory and Practice* Du,

Jia Tina, Zhu, Qinghua, Koronios, Andy, 2014-02-28 Historically the major Library and Information Science LIS research producing centers of the world have largely been the universities and information institutions of North America the United Kingdom and Europe This is changing with the growth of Asian economies universities and information industries Library and Information Science Research in Asia Oceania Theory and Practice presents evolving and emerging research and development in the field of library and information science LIS in diverse countries in Asia Oceania as the region continues to develop This book is intended as a useful resource for LIS researchers scholars students professionals and practitioners and is an appropriate text for courses in LIS In addition anyone interested in understanding the LIS field in the region will find this book a fascinating and enlightening read **Proceedings of the 4th International Scientific and Practical**

Conference «Science: Development and Factors its Influence», 2024-08-08 This issue of Scientific Collection InterConf contains the materials of the International Scientific and Practical Conference The conference provides an interdisciplinary forum for researchers practitioners and scholars to present and discuss the most recent innovations and developments in modern science The aim of conference is to enable academics researchers practitioners and college students to publish their research findings ideas developments and innovations 3 Children – 3 „Genglishes“: A Linguistic Case Study with Bilingual

Children Katharina Hirmer, 2014-02-01 Statements like Ich kann doch nicht shufflen or other language mixings belong to the

everyday life of bilingual children This book deals exactly with this topic and contains a case study about English German bilinguals having lived in Great Britain and the U S and now growing up in Germany Thereby the study is based on the current theory of bilingualism The study was conducted with a family living in Germany whereby the children were 8 10 and 12 years old They were studied for 2 weeks in their everyday lives and the results should be of interest for all kinds of readers who are interested in languages and their acquisition or who are personally involved in bilingualism In chapter 1 the term bilingualism is described briefly the reasons for the chosen topic are portrayed and the family of the case study and their special situation is introduced In the next chapter a general overview about the theoretical background of bilingualism is given Important sub items of this chapter are the current status of research the ways in which bilinguals can be categorized the one person one language principle and interferences and code mixing as important components of bilingualism In chapter 3 the case study itself is presented Here the aims methodology and materials of the study are described Subsequently the results of the case study are brought into relation with the underlying linguistic theory At the end of the book the findings of the study are summarized and further the consequences for the three children s language acquisition processes are drawn
