Tapping into Divinity Susan Stebila,2018-01-25 If you are curious about learning how to communicate with animals a subject that science is currently revealing as a new frontier Tapping into Divinity is one you will want Early on in my life I experienced a massive spiritual download described in my story in the beginning and the promise I feel that this experience is reflected in my art poetry spiritual adventures and animal communications I hope you will feel some of the magic that lies between the lines and brushstrokes in this my first book Tapping into Divinity      **The Shadow of the Succubus / the Eternal Thirst** John Condenzio,2004-03 The first collection of short stories released by Thomas Porky McDonald Paradise Oval spans the worlds of baseball mass transit and a number of other venues that the otherwise rambling poet has drifted through Brought to life in three distinct sections the characters that roam through the pages of McDonald s sometimes longing narratives seem connected only in their divergent quests for faith and loyalties In A Subtle Reunion a young man faces up pensively with his whispering past while tales like Always Identities Equidistant and Paradise Oval each trek the terrain of where one might have been and how that might shape where we choose to go in the future In addition the caustic sportscaster Chauncey McGee and the genuine observer Riley O Reilly are memorable characters that McDonald summonses to give you pause for thought while also bringing a grin to the face or a sigh to the heart On each occasion different aspects

of baseball and or the ballpark are cited to stress a point A half dozen tales explore some of the intricacies of a large metropolitan transit system drawn from almost two decades of experience in that most public sector Internal stories such as When We Musketeered Tales of Odie and Three Months in a Blender are nonetheless balanced with the roads that we all might encounter beyond the workplace A Moment in Malverne set in the smallest of towns questions the meanings of life and death and the fact based Two Words of Christmas gives a positive spin on relations among all men and women A collage of life tales closes the volume with such diverse characters as the mysterious former high school buddy Mo Oh and the sly and calculating thief Frankie Jingo leading the way Along the way A Stop Far Away and A Seat of Honor recall McDonald s childhood vibrantly The manic Beyond the Forbidden Zone offers up a most amusing take on the world just around the one that defined the writer s New York City upbringing Throughout Paradise Oval takes the reader to places they may not have been but may well choose to return to again and again     *The Truth Seeker* ,1919     **Religion and Its Monsters** Timothy Beal,2022-11-24 Religious encounters with mystery can be fascinating but also terrifying So too when it comes to encounters with the monsters that haunt Jewish and Christian traditions Religion has a lot to do with horror and horror has a lot to do with religion Religion has its monsters and monsters have their religion In this unusual and provocative book Timothy Beal explores how religion horror and the monstrous are deeply intertwined This new edition has been thoughtfully updated reflecting on developments in the field over the past two decades and highlighting its contributions to emerging conversations It also features a new chapter Gods Monsters and Machines which engages cultural fascinations and anxieties about technologies of artificial intelligence and machine learning as they relate to religion and the monstrous at the dawn of the Anthropocene Religion and Its Monsters is essential reading for students and scholars of religion and popular culture as well as for any readers with an interest in horror theory or monster theory     **UPON THIS ROCK** John Hibbert,2010-11-19 This thrilling account of the life of Simon Peter takes the reader on a journey from the beautiful tranquil setting of Lake Galilee to the debauchery and violence of ancient Rome It traces the life of the one Jesus called The Rock from his escape from a condemned cell through his years of service for Christ to his bloody execution by Emperor Nero John Hibbert has succeeded in exposing the heart and character of a man who betrayed his friend through cowardice yet recovered to make amends and become a fearless and powerful foundation for the building of the universal church You will experience the power of faith as he walks with his Lord on the stormy waves of the Galilee and weep with him in the back streets of Jerusalem You will sink with him beneath the cold waters of suicidal despair but feel the warmth of the subsequent forgiveness that he received from his Lord Read this book and you will fall in love with a man who had a flawed character like the rest of us but who rose above his weaknesses and failings to become a passionate fisher of the souls of men and the most influential name in church history     Wolfsden J. B.,1856     *The New Republic* ,1924     **An Impressionistic History of the South Asian Subcontinent - Vol 1** VED from VICTORIA INSTITUTIONS, This is a writing that goes into the very depth

of feudal language social systems The writing commenced as a regular broadcast through Whatsapp and still continues The language of the original writing was a vernacular language of the southern parts of the South Asian Subcontinent As of now 24th Dec 2018 the broadcast has gone beyond 400 chapters In this book only the first 100 and odd posts are given This is so because the translation of only that many chapters has been completed The translated version of this book is primarily aimed at the attention of the native English populations of native English nations They have no idea as to what it is that is entering their nations when feudal language speakers enter their nations and slowly bring in diabolic transformations in everything in the native English social systems Feudal languages have terrible carnivorous codes along with an overpowering outwardly affable friendliness The combination is a very deadly one in that there is no shield or barrier that can effectively stop the infection of feudal languages The only way to ward off the terrible social disasters in the offing is to understand what a feudal language is Feudal languages can literally splinter up all native English social systems at every nook and corner of the social system be it family professional locations roadways work efficiency ethical codes and almost all else The appealing goodness of this book is that it has originally been written for people of feudal language nations to make them understand what it is that is evil in their native social communication systems Once they understand it they can think of overcoming and overpowering the evil that possess them and lead their own social systems and nation to greater quality standards As of now they do not understand what the evil is that is daunting them at every location in their social system They see only one way to escape the terrific negativity that infects them that is to escape to native English nations However once they enter native English nations they become the beachhead for spreading their native land feudal language infection into the quaint and placid native English social systems When accosted by a feudal language verbal or non verbal signal native Englishmen and women if defined in the meaner codes in the signals will or can go berserk

**The Forsaken Sons: Eclipse of the Primordials (Book 9 of 13)** Anis Meah, 2025-05-25  
Memory is the first casualty of war Identity is the second But brotherhood That may be eternal Kiran awakens in a crystalline prison with no memory of his name his past or the brother he once searched for across war torn lands His captors have systematically stripped away everything that made him human leaving only a perfect vessel for their dark purpose eliminate the cosmic guardians who keep an ancient evil imprisoned Armed with weapons forged from nightmare and flesh Kiran becomes the ultimate assassin moving through realms where reality bends hunting beings of unimaginable power Each kill weakens the barriers between worlds Each death brings something ancient and hungry closer to freedom But memories are stubborn things As fragments of his true self surface during his deadly missions Kiran begins to question the masters who remade him Hidden within the darkness they've forced into his soul traces of who he was and who he's searching for refuse to die Now he must walk the razor's edge between playing the perfect weapon and secretly working against forces that could unmake existence itself Because somewhere in the growing chaos his brother still lives And their reunion may be the key to either salvation or the end of everything The Forsaken Sons Eclipse of the Primordials Where brotherhood transcends memory love survives corruption and the greatest rebellion is remembering who you used to be
