Nochimson, 2016-01-26 With 25 essays that embrace a wide spectrum of topics and perspectives including intertextuality transnationality gender representation repetition the use of music color and sound depiction of time and space in human affairs and Wong's highly original portrayal of violence *A Companion to Wong Kar Wai* is a singular examination of the prestigious filmmaker known around the world for the innovation beauty and passion he brings to filmmaking Brings together the most cutting edge in depth and interesting scholarship on arguably the greatest living Asian filmmaker from a multinational group of established and rising film scholars and critics Covers a huge breadth of topics such as the tradition of the jianghu in Wong's films queering Wong's films not in terms of gender but through the artist's liminality the phenomenological Wong Wong's intertextuality America through Wong's eyes the optics of intensities thresholds and transfers of energy in Wong's cinema and the diasporic presence of some ladies from Shanghai in Wong's Hong Kong Examines the political historical and sociological influence of Wong and his work and discusses his work from a variety of perspectives including modern post modern postcolonial and queer theory Includes two appendices which examine Wong's work in Hong Kong television and commercials

Angels and Demons Serge-Thomas Bonino, 2016 Angels occupy a significant space in contemporary popular spirituality Yet today more than ever the belief in the existence of intermediary spirits between the human and divine realms needs to be evangelized and Christianized *Angels and Demons* offers a detailed synthesis of the givens of the Christian tradition concerning the angels and demons as systematized in its essential principles by St Thomas Aquinas Certainly the doctrine of angels and demons is not at the heart of Christian faith but its place is far from negligible On the one hand as part of faith seeking understanding angelology has been and can continue to be a source of enrichment for philosophy Thus reflection on the ontological constitution of the angel on the modes of angelic knowledge and on the nature of the sin of Satan can engage and shed light on the most fundamental areas of metaphysics epistemology and ethics On the other hand angelology insofar as it is inseparable from the ensemble of the Christian mystery from the doctrine of creation to the Christian understanding of the spiritual life can be envisioned from an original and fruitful perspective

Angels Stuart A. Kallen, 2008-08 Every year thousands of people say angels helped them in emergencies healed their bodies and offered prophetic visions This book explores the supernatural world of heavenly angels fallen angels and angelic encounters with eyewitness reports

Chasing Immortality in World Religions Deborah M. Coulter-Harris, 2016-08-12 Humans have been chasing immortality since the beginning of history seeking answers to sickness and aging death and the afterlife and questioning the human condition Analyzing ideas from ancient Sumer Egypt Greece and India as well as the Abrahamic religions of Judaism Christianity and Islam this study explores how early religious models influenced later beliefs about immortality the afterlife the human soul resurrection and reward and punishment The author

highlights shared teachings among the most influential religions and philosophies concluding that humankind has not substantially changed its conceptions of immortality in 6 000 years This continuity of belief may be due to chromosomal memory and cultural inheritance or may represent a fundamental way of conceptualizing the afterlife to cope with mortality

Gateway of the Gods Craig Hines,2007-01-09 This ground breaking and provocative book presents new and astonishing interpretations of ancient history mythology and world religions that will call many established beliefs into question In Gateway of the Gods author Craig Hines invites readers to reconsider preconceived notions concerning Biblical theology in light of recent scientific discoveries and inquiries concerning the nature of the universe This fascinating exploration reveals a number of ideas that have been suppressed and obscured behind layers of symbolism and misguided propaganda for thousands of years until now Why is it that so many world cultures share details of an event when fallen angels descended upon the earth and fathered hybrid offspring called the Nephilim Is it possible that these beings used gateway technology housed within pyramids and holy temples to travel between the heavenly and earthly realms Do the latest advances in theoretical physics lend credibility to the idea that otherworldly beings might reside in dimensions parallel to our own Do the recorded voices of the dead known as Electronic Voice Phenomena EVP indicate that we may be able to communicate with these other realms Was a secret message embedded within ancient texts that could only be revealed after we have attained the knowledge and technology necessary to understand it Does this message offer a solution to the approaching environmental disaster that scientists warn will be more devastating to human civilization than any others in recorded history Drawing from a variety of historical sources and years of meticulous research the author weaves together a compelling argument involving a range of seemingly disparate topics that when considered together formulate a radically new narrative concerning the history and destiny of the human race
