**Theology From the Spring** Jacob A. Taggart, 2018-06-01 We live in a world of duality where the clashing of co existent beauty and chaos robs humanity of its innate purpose Perhaps as a coping mechanism we also live in a world dictated by technological advance that despite its manifold conveniences yields unintended consequences such as alienation detached purpose and synthetic happiness What if the way to recover our sense of meaning and ultimate transcendent truth was found organically in the most pure and ethereal settings of the natural world Theology from the Spring leads readers through a reformation of nature that rediscovers the beauty of creation ultimately pointing to the majesty and revelation of its creator Theology from the Spring uses beautiful vistas gleaned from freshwater springs and fly fishing motifs that converge with rich theological applications Fly fishing and freshwater springs are a tonic

for the soul each flowing forth with primal truths Theology from the Spring takes its readers on a voyage that upon closer examination awakens us to the living discourses of nature Through vignettes of fresh water springs and fly fishing analogies Theology from the Spring provides the reader with something we've lost eyes for seeing latent divine truths that make sense of the beauty and chaos we see within the created order *The Galaxii Series Omnibus 1: Into The Abyss* Christina Engela,

**Battleship Commander** Paul L Stillwell,2021-10-15 This is the first ever biography of Vice Admiral Willis A Lee Jr who served a key role during World War II in the Pacific Recognizing the achievements and legacy of one of the war's top combat admirals has been long overdue until now *Battleship Commander* explores Lee's life from boyhood in Kentucky through his eventual service as commander of the fast battleships from 1942 to 1945 Paul Stillwell draws on more than 150 first person accounts from those who knew and served with Lee from boyhood until the time of his death Said to be down to earth modest forgiving friendly and with a wry sense of humor Lee eschewed the media and to the extent possible left administrative details to others Stillwell relates the sequential building of a successful career illustrating Admiral Lee's focus on operational tactical and strategic concerns During his service in the Navy Department from 1939 to 1942 Lee prepared the U S Navy for war at sea and was involved in inspecting designs for battleships cruisers aircraft carriers and destroyers He sent observers to Britain to report on Royal Navy operations during the war against Germany and made plans to send an action team to mainland China to observe conditions for possible later Allied landings there Putting his focus on the need to equip U S

warships with radar and anti-aircraft guns Lee was one of the few flag officers of his generation who understood the tactical advantage of radar especially during night battles In 1942 Willis Lee became commander of the first division of fast battleships to operate in the Pacific During that service he commanded Task Force 64 which achieved a tide turning victory in a night battle near Guadalcanal in November 1942 Lee missed two major opportunities for surface actions against the Japanese In June 1944 in the Marianas campaign he declined to engage because his ships were not trained adequately to operate together in surface battles In October 1944 Admiral William Halsey's bungled decisions denied Lee's ships an opportunity for combat Continuing his career of service near the end of the war Lee in the summer of 1945 directed anti-kamikaze research efforts in Casco Bay Maine While Lee's wartime successes and failures make for compelling reading what is here in this biography is a balanced look at the man and officer **Latitude and Longitude--Grid and Bear It!**
