Effective Risk Communication Timothy L. Sellnow,Robert R. Ulmer,Matthew W. Seeger,Robert Littlefield,2008-12-05 Coordination of risk assessments and risk communication strategies requires information sharing and establishing networks of working relationships between groups and agencies Establishing these relationships necessitates overcoming institutional cultural and political boundaries Significant barriers exist between regulatory agencies and industry groups Traditionally these groups have mistrusted one another and cooperation and collaboration including sharing information correspondingly has been limited The adoption of radio frequency identification technology for tracking livestock for example has been met with significant resistance due in part to mistrust between regulatory agencies and producers Veil 2006 In the food industry the need for coordination has been enhanced by industry integration and globalization of both markets and production In the case of GM foods discussed earlier disagreements between U S European Union and Canadian regulatory agencies fueled the debate over the safety of GM crops Overcoming institutional and cultural barriers and mistrust is necessary to create consistency in risk messages Open communication and information sharing can help clarify where risk perceptions diverge and identify points of convergence The outcome may not be universal agreement about risks but convergence around the general parameters of risk Summary These best practice strategies of risk communication are not designed to function as distinct steps or isolated approaches Rather than being mutually exclusive they serve to complement one another and create a coherent approach to confronting risk communication problems

Timothy Coombs,Sherry J. Holladay,2012-01-10 Written as a tool for both researchers and communication managers the Handbook of Crisis Communication is a comprehensive examination of the latest research methods and critical issues in crisis communication Includes in depth analyses of well known case studies in crisis communication from terrorist attacks to Hurricane Katrina Explores the key emerging areas of new technology and global crisis communication Provides a starting point for developing crisis communication as a distinctive field research rather than as a sub discipline of public relations or corporate communication **The Power of Crisis Communication** Janina Klingelhöfer,2023-12-28 Janina Klingelhöfer deconstructs the development of the scientific field of crisis communication through the lens of the sociology of knowledge To integrate both the social and intellectual dimensions of this scientific field she unites the theoretical considerations of Bourdieu’s field analysis with the concepts of habitus and capital with a Foucauldian discourse analysis to conduct a comprehensive qualitative historiography The study reflects on the beginnings of the field and its past developments to answer the main research question How did the scientific field of crisis communication become what it is today **Crisis Management in a Complex World** Dawn R. Gilpin,Priscilla J. Murphy,2008-07-31 Today’s managers business owners and public relations practitioners grapple daily with

a fundamental question about contemporary crisis management to what extent is it possible to control events and stakeholder responses to them in order to contain escalating crises or safeguard an organization's reputation. The authors meet the question head on departing from other crisis management texts and arguing that a complexity based approach is superior to the standard simplification model of organizational learning.

Strategic Communications in Russia Katerina Tsetsura, Dean Kruckeberg, 2020-09-07 This book serves as a reader exploring the scholarly inquiry professional education and practice of Russian public relations and advertising in multiple contexts. It examines significant parts of what can be encompassed under the umbrella of strategic communications including public relations and advertising rather than investigating all areas of communication in Russia. Within the context of Russia's history culture and ideology the book begins by tracing the development of communication as a field as a discipline and as a social institution in Russia. It then samples current studies in Russian strategic communications examining this professional specialization's current state and likely future directions. The book's authors are mostly Russians who are experts in their specializations. Chapters are predicated upon the premise that this is an exciting time of great opportunity for Russian strategic communications. However in Russia exploiting such opportunities for strategic communications scholarship education and professional practice presents challenges within the context of that nation's cultural historical and ideological heritage that presently may be unique. The book concludes with a prognosis of the future of Russian strategic communications. The book is recommended reading for a worldwide audience of strategic communications scholars educators students and practitioners. Such readers will find the book of interest and of unique value as the book will help them to better understand appreciate and respect Russian strategic communications its genesis and present state.
