The Role of the Public Bureaucracy in Policy Implementation in Five ASEAN Countries Jon S. T. Quah,2016-02-12 This pioneering book addresses an important gap in the literature by comparing the role of the public bureaucracies in policy implementation in Indonesia Malaysia the Philippines Singapore and Vietnam It highlights the importance of the policy context especially the commitment of the government in allocating the necessary resources and the support of the implementers as well as the public bureaucracy s effectiveness as the critical factors responsible for effective policy implementation The comparative analysis shows that the public bureaucracies in Singapore and Malaysia are more effective in policy implementation than their counterparts in Indonesia the Philippines and Vietnam because of their favourable policy contexts and higher level of organizational effectiveness The focus on policy context and the public bureaucracy s role in the policy making process and its implementation of two ASEAN policies will be of interest to policymakers civil servants scholars and students concerned with enhancing policy implementation in the ASEAN countries

Cybersecurity and EU Law Theodoros Karathanasis,2024-11-22 Cybersecurity is set to be one of the dominant themes in EU governance in the coming years and EU law has begun to adapt to the challenges presented by security with the

adoption of the Network and Information Security NIS Directive This book explores the binding effects of the legal instruments and analyzes the impact of the constraining factors originating from NIS related domestic policies across Finland France Greece Ireland Luxembourg and Poland upon the transposition of the NIS Directive Combining insights from law and political science the book offers a comparative empirical analysis of national policies and regulations regarding network and information security as well as the national legal framework deriving from the NIS Directive s transposition The book argues that the more the Directives offer a regulatory leeway to EU Member States for the transposition of their content the more the preservation of national interests by EU Member States affects the uniform application of directives across the EU Highlighting the need to go beyond the study of the legal compliance of European directives the volume offers a new perspective on the interests of Member States and European law bridging the gap between the politics and law of European integration It will be of interest to students academics and practitioners with an interest in EU Law and cybersecurity
