Online Book Europ Ische Staatlichkeit Zwischen Integration Souver Nit T:

The Politics of Welfare State Transformation in Germany Christof Schiller, 2016-04-20 How can we best analyse contemporary welfare state change And how can we explain and understand the politics of it This book contributes to these questions both empirically and theoretically by concentrating on one of the least likely cases for welfare state transformation in Europe It analyzes in detail how and why institutional change has taken Germany s welfare state from a conservative towards a new work first regime Christof Schiller introduces a novel analytical framework to make sense of the politics of welfare state transformation by providing the missing link the capacity of the core executive over time Examining the policy making process in labour market policy in the period between 1980 and 2010 he identifies three different policy making episodes and analyses their interaction with developments and changes in such policy areas as pension policy family policy labour law tax policy and social assistance The book advances existing efforts aimed at conceptualizing and measuring welfare state change by proposing a clear cut conceptualization of social policy regime change and introduces a comprehensive analysis of the transformation of the welfare work nexus between 1980 and 2010 in Germany This book will be of interest to students and scholars of social policy comparative welfare state reform welfare politics government governance public policy German politics European politics political economy sociology and history Principles of European Constitutional Law Armin von Bogdandy, Jürgen Bast, 2009-12-03 For the time being the political project of basing the European Union on a document entitled Constitution has failed The second revised and enlarged edition of this volume retains its title nonetheless Building on a scholarly rather than black letter law account it shows European constitutional law as it looks following the Treaty of Lisbon with the EU s foundational treaties mandating the exercise of public authority establishing a hierarchy of norms and legitimising legal acts providing for citizenship and granting fundamental rights In this way the treaties shape the relations between legal orders between public interest regulation and market economy and between law and politics The contributions demonstrate in detail how a constitutional approach furthers understanding of the core issues of EU law how it offers theoretical and doctrinal insights and how it adds critical perspective From Reviews of the First Edition should be mandatory reading for anyone who wants to get a holistic perspective of the academic debate on Europe s constitutional foundations It is impossible to present the richness of thought contained in the 833 pages of the book in a short review Common Market Law Review an enduring scholarly work which gives an English speaking audience important and overdue access to the long standing and forever vigorous traditions of European constitutional law unhesitatingly recommended European Law Journal real scholarship in the profound sense of the word K Lenaerts Professor of European Law Leuven **Europäisches Verfassungsrecht** Armin Bogdandy, Jürgen Bast, 2009-12-16 Der Band pr sentiert systematisch die theoretischen und dogmatischen Grundz ge des europ ischen Verfassungsrechts kl rt den Stand der Forschung verdeutlicht methodische Zug nge und bezeichnet Forschungsdesiderata Die vollst ndig aktualisierte und

erweiterte zweite Auflage reflektiert die rapide Weiterentwicklung des Gegenstands bis zum Reformvertrag von Lissabon. Sie umfasst nunmehr auch Beiträge zu den Verfassungsorganen, zur auswärtigen Gewalt, zum Rechtsschutz, zur Arbeitsverfassung sowie zum Raum der Freiheit, der Sicherheit und des Rechts.
