The Minneapolis Reckoning Michelle S. Phelps, 2024-05-07 Challenges to racialized policing from early reform efforts to BLM protests and the aftermath of George Floyd's murder The eruption of Black Lives Matter protests against police violence in 2014 spurred a wave of police reform One of the places to embrace this reform was Minneapolis Minnesota a city long known for its liberal politics Yet in May 2020 four of its officers murdered George Floyd Fiery protests followed making the city a national emblem for the failures of police reform In response members of the Minneapolis City Council pledged to end the Minneapolis Police Department In *The Minneapolis Reckoning* Michelle Phelps describes how Minneapolis arrived at the brink of police abolition Phelps explains that the council's pledge did not come out of a single moment of rage but decades of organizing efforts Yet the politics of transforming policing were more complex than they first appeared Despite public outrage over police brutality the council's initiatives faced stiff opposition including by Black community leaders who called for more police protection against crime as well as police reform In 2021 voters ultimately rejected the ballot measure to end the department Yet change continued on the ground as state and federal investigations pushed police reform and city leaders and residents began to develop alternative models of safety *The Minneapolis Reckoning* shows how the dualized meaning of the police as both the promise of state protection and the threat of state violence creates the complex politics of policing that thwart change Phelps's account of the city's struggles over what constitutes real accountability justice and safety offers a vivid picture of the possibilities and limits of challenging police power today **Moody's Bank and Finance**
