Staging Rebellion in the Musical, Hair Sarah Elisabeth

Browne,2022-08-05 This volume provides a comprehensive survey of the musical Hair and will offer critical analysis which focuses on giving voice to those who are historically considered to be on the margins of musical theatre history Sarah Browne interrogates key scenes from the musical which will seek to identify the relationship between performance and the cultural moment Whilst it is widely acknowledged that Hair is a product of the sixties counter culture this study will place the analysis in its socio historical context to specifically reveal American values towards race gender and adolescence In arguing that Hair is a rebellion against the established normative values of both American society and the art form of the musical itself this book will suggest ways in which Hair can be considered utopian not only as a utopian text but in the practices and values it embodies and the emotions it generates in its audiences This book will be of great interest to scholars and students of music musical theatre popular music American studies film studies gender studies or African American studies **Hair**

Tells a Story Margo Maine,2023-01-16 The body is the canvas upon which women paint their secrets their hopes and dreams pain and disappointments Hair has long played a role in the struggles for power self determination and autonomy serving as a nonverbal language that represents women s lives However pain anxiety racism sexism and rigid beauty standards can too often underlie these stories Modern events like the Black Lives Matter movement and the COVID 19 pandemic have exposed societal barriers that prevent the free and equitable expression of hair Although countless books and articles address body image the personal psychology and the meaning of hair have been missing This work empowers women to understand complex hair head heart connections and pressures Above all the text emphasizes that hair is never just hair

Harvey,2019-01-22 Over 20 million women in the United States alone are suffering from some type of hair loss That s why it is so important for stories like mine to be heard Androgenetic alopecia AGA is the most common form of hair loss in women This type of hereditary hair loss can begin any time after puberty and usually occurs if at all before the age of forty For me it began when I was 28 In the book I share with you about how my hair loss began the emotional effects of hair loss ranging from anxiety and depression to frustration and poor self esteem I also feature the work of the stylists I have seen over the years the breakdown of thousands of dollars I have spent and recently deciding to have permanent cosmetics for my eyebrows I want to thank my family and friends for the support they have given me over the last eighteen years They have been major influencers in helping me throughout every stage of alopecia Writing this book was empowering and made me feel like everything I have been through was worth it Most importantly I hope that this book will help others living with alopecia **It's Not Only About The Look**

François Attadédji,2019-07-12 This study on hair styles more specifically why women decide to wear wigs extensions and weaves proves that hair is impacted by culture health the work place demographics social media and the fast paced world we are living in I found the study very fascinating revealing another layer of the pressures placed upon women to look a certain

way in order to be accepted into a specific culture society or even by men An excellent read C J Anaya USA Today Bestseller and Editor You may have believed that women wore different hair for fun beauty or fashion but women use different hair for a variety of reasons As a man I can assure you that wigs weaves extensions and braids bring not only women's beauty forward but they can essentially enhance women's happiness Hair can increase women's comfort and personality and even change attitudes I've seen this phenomenon take place in the lives of my wife and my daughters I can tell you how happy and polite my daughters are after getting their hair done I have also heard my wife saying Honey I can't go out with my hair looking like this Sorry we may go late but I need to fix it However the above aspects were not the defining factors of the reasons why women wear different hair In fact when I started talking to women about their hair I quickly discovered that beauty fun and fashion are just minor reasons why they wear different hair You will find out more while reading through this book Each chapter covers a reason or a set of reasons why women love hair I personally love to see women with different hair styles and was curious to know why so many changes were necessary and why so many women were in love with their hair MY ASSUMPTIONS Before I started interviewing one hundred women around the world women whose answers made up this book I thought I knew much about women's hair about women's love of hair But this book showed that I knew just little of why women liked to wear different hair pieces My assumptions were mostly wrong THE WOMEN Even though the women I interviewed did not represent all women around the world and may not have spoken for them they told their stories and gave their reasons why they wore wigs weaves extensions and braids
