given to Clarisse and Damon She didn't know Berta very well but had been excited to find that her marriage came with a female cousin her own age Clarisse looked forward to getting to know her better When he realized that he couldn't stay home alone while terminally ill Bryn wanted Clarisse with him and told her so the evening that she arrived However he warned her that Berta and her older half sister were very jealous of the fact that she was there with him Berta resented Clarisse in many ways and gradually revealed her true self a bully Read on to find out how an articulate and meticulous Aspie dealt with all of these problems and situations and how she viewed it all People with Asperger's are not broken their brain patterns merely differ from those of the majority of the population Aspies have produced great novels scientific discoveries and the foundations of the best legal system on the planet namely The Declaration of Independence Asserting oneself knowing that no good deed will be judged with appreciation by a bully is an act of courage and defiance but also a necessary one There is nothing wrong with those who are different The problem is those who won't accept or respect them The memoir includes photographs of points of interest in Manhattan and of other items of interest **I Am Utterly Unique** Elaine M.
