Naturalists at Sea Glyn Williams, 2013-10-22 DIV On the great Pacific discovery expeditions of the long eighteenth century naturalists for the first time were commonly found aboard ships sailing forth from European ports Lured by intoxicating opportunities to discover exotic and perhaps lucrative flora and fauna unknown at home these men set out eagerly to collect and catalogue study and document an uncharted natural world div DIV div DIV This enthralling book is the first to describe the adventures and misadventures discoveries and dangers of this devoted and sometimes eccentric band of explorer scholars Their individual experiences are uniquely their own but together their stories offer a new perspective on the extraordinary era of Pacific exploration and the achievements of an audacious generation of naturalists Historian Glyn Williams illuminates the naturalist s lot aboard ship where danger alternated with boredom and quarrels with the ship s commander were the norm Nor did the naturalist s difficulties end upon returning home where recognition for years of work often proved elusive Peopled with wonderful characters and major figures of Enlightenment science among them Louis Antoine de Bouganville Joseph Banks John Reinhold Forster Captain Cook and Charles Darwin this book is a gripping account of a small group of scientific travelers whose voyages of discovery were to change perceptions of the natural world div

Ferdon, 2014-12-15 Ethnographic observations and experiences on the Tongan islands up to 1810 just prior to intensive Christian missionary activities provide an early historic baseline of culture for those interested in alter culture change in Tonga the only Polynesian island group that has never been ruled by outsiders Ferdon has drawn on a variety of records to provide an account of major aspects of Tongan life at the time when European influences were only beginning to modify traditional island patterns Back cover **Catalogue of Thurnam's Circulating Library, Carlisle** Thurnam's Circulating Library, 1856 *The Captain and "the Cannibal"* James Fairhead, 2015-01-01 Sailing the uncharted waters of the Pacific in 1830 Captain Benjamin Morrell of Connecticut became the first outsider to encounter the inhabitants of a small island off New Guinea The contact quickly turned violent fatal cannons were fired and Morrell abducted young Dako a hostage so shocked by the white complexions of his kidnappers that he believed he had been captured by the dead This gripping book unveils for the first time the strange odyssey the two men shared in ensuing years The account is uniquely told as much from the captive's perspective as from the American's Upon returning to New York Morrell exhibited Dako as a cannibal in wildly popular shows performed on Broadway and along the east coast The proceeds helped fund a return voyage to the South Pacific the captain hoping to establish trade with Dako's assistance and Dako seizing his only chance to return home to his unmapped island Supported by rich newly found archives this wide ranging volume traces the voyage to its extraordinary ends and en route decrypts Morrell's ambiguous character the mythic qualities of Dako's life and the two men's infusion into American literature Dako inspired Melville's Queequeg for example The encounters confound indigenous peoples and Americans alike as both puzzle over what it is to be truly human and alive *Bookseller's catalogues* Thomas Arthur (bookseller.), 1871 *Bernice P. Davies,2017-12-07 He writes history like nobody else He thinks like nobody else He sees the world as a whole with its limitless fund of stories Bryan Appleyard Sunday Times Where have the people in any particular place actually come from What are the historical complexities in any particular place This evocative historical journey around the world shows us Human history is a tale not just of constant change but equally of perpetual locomotion writes Norman Davies Throughout the ages men and women have endlessly sought the greener side of the hill Their migrations collisions conquests and interactions have given rise to the spectacular profusion of cultures races languages and polities that now proliferates on every continent This incessant restlessness inspired Davies s own After decades of writing about European history and like Tennyson s ageing Ulysses longing for one last adventure he embarked upon an extended journey that took him right round the world to a score of hitherto unfamiliar countries His aims were to test his powers of observation and to revel in the exotic but equally to encounter history in a new way Beneath Another Sky is partly a historian s travelogue partly a highly engaging exploration of events and personalities that have fashioned today s world and entirely sui generis Davies s circumnavigation takes him to Baku the Emirates India Malaysia Mauritius Tasmania Tahiti Texas Madeira and many places in between At every stop he not only describes the current scene but also excavates the layers of accumulated experience that underpin the present He tramps round ancient temples and weird museums summarises the complexity of Indian castes Austronesian languages and Pacific explorations delves into the fate of indigenous peoples and of a missing Malaysian airliner reflects on cultural conflict in Cornwall uncovers the Nazi origins of Frankfurt airport and lectures on imperialism in a desert oasis Everything has its history he writes including the history of finding one s way or of getting lost The personality of the author comes across strongly wry romantic occasionally grumpy but with an endless curiosity and appetite for knowledge As always Norman Davies watches the historical horizon as well as what is close at hand and brilliantly complicates our view of the past

Outcasts of the Gods? Hazel Petrie,2015-09-25 Us Maoris used to practice slavery just like them poor Negroes had to endure in America says Beth Heke in Once Were Warriors Oh those evil colonials who destroyed Maori culture by ending slavery and cannibalism while increasing the life expectancy wrote one sarcastic blogger So was Maori slavery just like the experience of Africans in the Americas and were British missionaries or colonial administrators responsible for ending the practice What was the nature of freedom and unfreedom in Maori society and how did that intersect with the perceptions of British colonists and the anti slavery movement A meticulously researched book Outcasts of the Gods looks closely at a huge variety of evidence to answer these questions analyzing bondage and freedom in traditional Maori society the role of economics and mana in shaping captivity and how the arrival of colonists and new trade opportunities transformed Maori society and the place of captives within it **Racial Crossings** Damon Ieremia Salesa,2011-05-19 The Victorians were fascinated with intersections between different races Whether in sexual or domestic partnerships in interracial children racially diverse communities or societies these racial crossings were a lasting Victorian concern But in an era of imperial

expansion when slavery was abolished colonial wars were fought and Britain itself was reformed these concerns were more than academic In both the British empire and imperial Britain racial crossings shaped what people thought about race the future the past and the conduct and possibilities of empire Victorian fears of miscegenation and degeneration are well known this study turns to apparently opposite ideas where racial crossing was seen as a means of improvement a way of creating new societies or a mode for furthering the rule of law and the kingdom of Heaven Salesa explores how and why the preoccupation with racial crossings came to be so important so varied and so widely shared through the writings and experiences of a raft of participants from Victorian politicians and writers to philanthropists and scientists to those at the razor s edge of empire from soldiers missionaries and settlers to natives half castes and other colonized people Anchored in the striking history of colonial New Zealand where the colonial policy of racial amalgamation sought to incorporate and intermarry settlers and New Zealand Maori *Racial Crossings* examines colonial encounters working closely with indigenous ideas and experiences to put Victorian racial practice and thought into sharp critical relief When America First Met China: An Exotic History of Tea, Drugs, and Money in the Age of Sail Eric Jay Dolin, 2012-09-10 Traces the history of the relationship between America and China back to its earliest days when the United States traded with China for furs opium and rare sea cucumbers but left an ecological and human rights disaster that still reverberates today *A Catalogue of the Books Belonging to the Library Company of Philadelphia* Library Company of Philadelphia, 1835 A Catalogue of the Books Belonging to the Library Company of Philadelphia: Jurisprudence Library Company of Philadelphia, 1835
