Nathaniel Hawthorne Tales And Sketches Library Of America:

Nathaniel Hawthorne: Tales and Sketches (LOA #2) Nathaniel Hawthorne, 1982-05-06 This Library of America volume offers what no reader has ever been able to find an authoritative edition of all the tales and sketches of Nathaniel Hawthorne in a single comprehensive volume Everything is included from his three books of stories *Twice told Tales* 1837 revised 1851 *Mosses from an Old Manse* 1846 1854 and *The Snow Image and Other Twice told Tales* 1851 and from his two books of stories for children based on classical myths *A Wonder Book for Girls and Boys* 1852 and *Tanglewood Tales* 1853 along with sixteen stories not found in any of these volumes The stories are arranged as they never have been in any other edition in the order of their periodical publication Readers of Hawthorne will thereby get a unique sense of how he became one of the most powerful and experimental writers of American fiction Here are many familiar but always surprising works like *Young Goodman Brown* *Wakefield* *The Birth mark* *The Artist of the Beautiful* *Rappaccini's Daughter* and *Ethan Brand* And here too are many others that deserve to be better known like *Roger Malvin's Burial* a suspenseful story of guilt and parricide *The May Pole of Merry Mount* where the chances for human love are perilously suspended between the silken license of the revelers and the iron rectitude of the Puritans the masterly tale *My Kinsman Major Molineux* full of the pains and terrors of national and familial separations the severing of the ties of blood and culture that united the colonies to England and the exquisite little story *The Wives of the Dead* about the ambiguities of love and loss in which as so often in Hawthorne the reader at the end is left in a kind of awe at the multiple possibilities of meaning To read these stories is to understand anew why Hawthorne is a great artist and an astonishingly contemporary one LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing and keeping permanently in print America's best and most significant writing The Library of America series includes more than 300 volumes to date authoritative editions that average 1 000 pages in length feature cloth covers sewn bindings and ribbon markers and are printed on premium acid free paper that will last for centuries **Tales and Sketches** Nathaniel Hawthorne, 1904

Oratorical Culture in Nineteenth-century America Gregory Clark, S. Michael Halloran, 1993 Gregory Clark and S. Michael Halloran bring together nine essays that explore change in both the theory and the practice of rhetoric in the nineteenth century United States In their introductory essay Clark and Halloran argue that at the beginning of the nineteenth century rhetoric encompassed a neoclassical oratorical culture in which speakers articulated common values to establish consensual moral authority that directed community thought and action As the century progressed however moral authority shifted from the civic realm to the professional thus expanding participation in the community as it fragmented the community itself Clark and Halloran argue that this shift was a transformation in which rhetoric was reconceived to meet changing cultural needs Part I examines the theories and practices of rhetoric that dominated at the beginning of the century The essays in this section include *Edward Everett and Neoclassical Oratory in Genteel America* by Ronald F. Reid The

Oratorical Poetic of Timothy Dwight by Gregory Clark The Sermon as Public Discourse Austin Phelps and the Conservative Homiletic Tradition in Nineteenth Century America by Russel Hirst and A Rhetoric of Citizenship in Nineteenth Century America by P Joy Rouse Part 2 examines rhetorical changes in the culture that developed during that century The essays include The Popularization of Nineteenth Century Rhetoric Elocution and the Private Learner by Nan Johnson Rhetorical Power in the Victorian Parlor Godey s Lady s Book and the Gendering of Nineteenth Century Rhetoric by Nicole Tonkovich Jane Addams and the Social Rhetoric of Democracy by Catherine Peaden The Divergence of Purpose and Practice on the Chataqua Keith Vawter s Self Defense by Frederick J Antczak and Edith Siemers and The Rhetoric of Picturesque Scenery A Nineteenth Century Epideictic by S Michael Halloran

Civic Myths Brook Thomas,2012-09-01 As questions of citizenship generate new debates for this generation of Americans Brook Thomas argues for revitalizing the role of literature in civic education Thomas defines civic myths as compelling stories about national origin membership and values

that are generated by conflicts within the concept of citizenship itself Selected works of literature he claims work on these myths by challenging their terms at the same time that they work with them by relying on the power of narrative to produce compelling new stories Civic Myths consists of four case studies Nathaniel Hawthorne's *The Scarlet Letter* and the good citizen Edward Everett Hale's *The Man without a Country* and the patriotic citizen Mark Twain's *Adventures of Huckleberry Finn* and the independent citizen and Maxine Hong Kingston's *China Men* and the immigrant citizen Thomas also provides analysis of the civic mythology surrounding Abraham Lincoln and the case of *Ex parte Milligan* Engaging current debates about civil society civil liberties civil rights and immigration Thomas draws on the complexities of law and literature to probe the complexities of U S citizenship

The Poetics of National and Racial Identity in Nineteenth-Century American Literature John D. Kerker, 2003-12-11 John D. Kerker's study examines the literary history of racial and national identity in nineteenth century America Kerker argues that writers such as DuBois Lanier Simms and Scott used poetic effects to assert the distinctiveness of certain groups in a diffuse social landscape Kerker explores poetry's formal properties its sound effects as they intersect with the issues of race and nation He shows how formal effects ranging from meter and rhythm to alliteration and melody provide these writers with evidence of a collective identity whether national or racial Through this shared reliance on formal literary effects national and racial identities Kerker shows are related elements of a single literary history This is the story of how poetic effects helped to define national identities in Anglo America as a step toward helping to define racial identities within the United States This highly original study will command a wide audience of Americanists

Doctrine and Difference Michael J. Colacurcio, 2021-07-29 *Doctrine and Difference* Readings in Classic American Literature aims to expand and deepen the inquiry begun in the volume from 2007 Beginning with an essay on the avowedly Puritan poetry of Anne Bradstreet and ending with two not quite secular novels from late in the 19th century this volume seeks to uncover the religious and philosophical meanings deeply embedded in so much of 19th century American literature and then importantly to identify and analyze the techniques by which the doctrines are differentiated into imaginative literature Poe Emerson Thoreau Hawthorne Melville and yes even Howells and James are driven by powerful thematic intentions But they do not preach they dramatize And as they talk their way through their existential issues they often talk to one another yes no maybe ok but not so fast Stressing the idea of a shared poet Puritan inheritance the new *Doctrine and Difference* means to re-confirm the vitality of literary history and in particular the importance of reading the classic texts of American literature in context and in relation

Hollywood's Imperial Wars Armando José Prats, 2024-04-16 When the Vietnam War punctured the myth of American military invincibility Hollywood needed a new kind of war movie The

familiar triumphal narrative was relegated to history and with it the heroic legacy that had passed from one generation to the next for more than two hundred years How Hollywood helped create and instill the American myth of heroic continuity and how films revised that myth after the Vietnam War is what Armando Jos Prats explores in Hollywood's Imperial Wars The book offers a new way of understanding the cultural and historical significance of Vietnam in relation to Hollywood's earlier representations of Americans at war from the mythic heroism of a film like Sands of Iwo Jima to the rupture of that myth in films such as The Deer Hunter Apocalypse Now and Platoon As early as the mid 1940s Prats suggests fears aroused by the Cold War were stirring anxieties about sustaining the heroic myth anxieties reflected in the insistent aggressive patriotism in films of the period In this context Prats considers the immeasurable cultural importance of John Wayne the cinematic apotheosis of wartime valor and righteousness whose patriotism was nonetheless deeply compromised by his not having served in World War II Prats reveals how historical and cultural anxieties emerge in well known Vietnam movies in which characters inspired by the heroes of the Second World War are denied the heroic legacy of their fathers American war movies in Prats's analysis were forever altered by the loss in Vietnam Even movies like American Sniper that exalt war heroes are marked as much by the failure of the heroic tropes of old Hollywood war movies as by the tragic turn of actual historical events Tracing what Prats calls the anxiety of legacy through the films of the World War II and post Vietnam War periods this book offers a new way of looking at both the Hollywood war movie and the profound cultural shifts it reflects and refracts
