Emergency Management for Law

Enforcement James F. Prescott, Jr.,2023-12-06 With renewed interest in both emergency management and homeland security disproportionate attention and resources have been focused on terrorist threats However natural hazards pose a far greater risk of death injury and property damage to the typical American jurisdiction Hurricanes floods and tornadoes cause billions of dollars in damage and substantial numbers of deaths and injuries each year The aim of this book is to focus on these natural hazards and the linkage between law enforcement and emergency management It draws from criminal justice psychology public administration emergency management public health meteorology leadership and management in an effort to synthesize a wealth of knowledge to better prepare police officers to respond to the complete range of emergencies and disasters they encounter on the job Emergency Management for Law Enforcement Strategies Operations and Tactics will help to better integrate law enforcement officers with other first responder agencies as they work together to resolve critical incidents It pulls together important information obtained from empirical research and disaster experience This knowledge is designed to help law enforcement officers deal with disasters and emergencies more effectively as important players in emergency management Learning these evidence based practical applications will assist police officers in making better decisions in order to take more effective actions at critical incident scenes

Management in the Fire Service
