

## "The Namesake"

## Introduction

"The Namesake" was published in 2003 by Harper Collins. The novel deals with the relationship of Indian students in their own country and the experience of belonging and not belonging as a result of cultural influences. The novel covers the years 1968 to 2000 as two decades, and highlights the challenges and differences between the first generation migrant parents and children with their children. During the period, the world of the novel and India was experiencing great social, cultural and technological changes and it was obvious there would be change. However like many immigrants, the Bengali Indians represented by Gogol's parents were eager to hold onto their past and their traditional values as experienced in Bengal. Although life was changing in India, the Bengali Indian immigrants were not aware of such changes and any changes that were occurring in India were slow. Typically Bengali Indian life respects more Indian values including arranged Indian marriages, and many formal relationships between children and their parents. We see the different attitudes towards living in a new country throughout the novel. In particular, Ashima feels she does not belong in the United States and is hard for her to adapt to her new husband, and life in the USA. What we gain from the novel is a sense of understanding how a number of people experience immigration and its impact on their sense of identity and belonging to society and to themselves as well as other people.

## Characterisation

## "The Namesake"

Characterisation is the storytelling author of the story does collection Characterisation of Ashima. As Ashima is also the daughter of Bengali immigrants who moved to London in the 1950's and the US, it is clear the author has a great deal of authority on the subject of living as a dual national person. She has been to Calcutta many times in her childhood and later, she experienced the determination of her parents to maintain their Indian culture at home. The title of the novel "The Namesake" is actually part of a real tradition where a Bengali family provide given name as well as a formal name. Gogol kept the same name for his given name and his public name. But he is introduced at his primary school. Similarly, Ashima was also given just one name. Given to Ashima's background the novel is authentic and we can enter the struggle and the sense of displacement experienced by characters when living between two cultures.
