Adamski,1996 *Desire and De-Scriptio* Zsófia Bán,2023-12-28 This volume without negating Williams strong ties with modernism intends to dislodge this deeply ingrained critical positioning by presenting him

Untying the Mother Tongue Antonio Castore, Federico Dal Bo, 2023-09-04 Untying the Mother Tongue explores what it might mean today to speak of someone s attachment to a particular primary language Traditional conceptions of mother tongue are often seen as an expression of the ideology of a European nation state Yet current celebrations of multilingualism reflect the recent demands of global capitalism raising other challenges The contributions from international scholars on literature philosophy and culture analyze and problematize the concept of mother tongue rethinking affective and cognitive attachments to language while deconstructing its metaphysical capitalist and colonialist presuppositions

Multimodality John Bateman, Janina Wildfeuer, Tuomo Hiippala, 2017-04-10 This textbook provides the first foundational introduction to the practice of analysing multimodality covering the full breadth of media and situations in which multimodality needs to be a concern Readers learn via use cases how to approach any multimodal situation and to derive their own specifically tailored sets of methods for conducting and evaluating analyses Extensive references and critical discussion of existing approaches from many disciplines and in each of the multimodal domains addressed are provided The authors adopt a problem oriented perspective throughout showing how an appropriate foundation for understanding multimodality as a phenomenon can be used to derive strong methodological guidance for analysis as well as supporting the adoption and combination of appropriate theoretical tools Theoretical positions found in the literature are consequently always related back to the purposes of analysis rather than being promoted as valuable in their own right By these means the book establishes the necessary theoretical foundations to engage productively with today s increasingly complex combinations of multimodal artefacts and performances of all kinds
