Happiness in Premodern Judaism Hava Tirosh-Samuelson, 2003-12-31 It is not common to think that Jews were interested in happiness or that Judaism has anything to say about happiness On the contrary the concept of happiness was a central concern of Jewish thinkers Hava Tirosh Samuelson shows that rabbinic Judaism regarded itself primarily as a prescription for the attainment of happiness and that the discourse on happiness captures the evolution of Jewish intellectual history from

antiquity to the seventeenth century These claims make sense if one understands happiness as human flourishing on the basis of Aristotle s thought in the Nichomachean Ethics Linking virtue knowledge and well being Aristotle s analysis of happiness can be traced in Jewish understanding of human flourishing as early as the Greco Roman world but the fusion of Greek and Judaic perspectives on happiness reached its zenith in in the Middle Ages in the thought of Moses Maimonides and his followers Even the controversies about Maimonides ideas could be viewed as discussions about the meaning of happiness and the way to attain it within Judaism Much of this book then concerns the reception of Aristotle s Ethics in medieval Jewish philosophy This book shows how a certain notion of happiness reflects the intellectual culture of a given period including cultural exchanges among Judaism Islam and Christianity Demonstrating the discourse on happiness as a dramatic interplay between Wisdom and Torah between philosophy and religion between reason and faith Hava Tirosh Samuelson presents to specialists and non specialists alike a fascinating tour of Jewish intellectual history
