Secret History Simon Ball, 2020-04-16 As John le Carr's fictional intelligence men admit it was the case histories

constructed narratives serving shifting agendas that shaped the British intelligence machine rather than their personal experience of secret operations Secret History demonstrates that a critical scrutiny of internal after action assessments of intelligence prepared by British officials provides an invaluable and original perspective on the emergence of British intelligence culture over a period stretching from the First World War to the early Cold War The historical record reflects personal value judgments about what qualified as effective techniques and organization and even who could rightfully be called an intelligence officer The history of intelligence thus became a powerful form of self reinforcing cultural capital Shining an intense light on the history of Britain s intelligence organizations Secret History excavates how contemporary myths misperceptions and misunderstandings were captured and how they affected the development of British intelligence and the state

Misdefending the Realm Antony Percy,2017 This is the story of how the Soviet Union successfully infiltrated the UK government in the years leading up to WW2 and specifically when the USSR was an ally of Nazi Germany August 1939 June 1941 Historians have previously argued that this success was due to the existence of a Communist super mole within MI5 and that in the fight against Fascism multiple indulgences towards communists were an unavoidable strategy The reality was very different When a key Soviet defector warned of the deep insertion of agents

within the corridors of power the Comintern were obliged by the Hitler Stalin pact to launch an aggressive counteroffensive in 1940 Britain's Security Service was persuaded that the threat from communist subversion was minimal When this most damaging espionage was detected MI5's officers engaged in an extensive cover up to conceal their deficiencies Exploiting recently declassified material and a broad range of historical and biographical sources Antony Percy here reveals how the Soviet Union caught up so swiftly with Western expertise and weaponry and so removed a key Western advantage over its Communist adversary as the Cold War ensued

White Malice Susan Williams, 2021-08-10 A revelatory history of how postcolonial African Independence movements were systematically undermined by one nation above all the US In 1958 in Accra Ghana the Hands Off Africa conference brought together the leading figures of African independence in a public show of political strength and purpose The charismatic Kwame Nkrumah who had just won Ghana s independence led a determined appeal for Pan Africanism Young idealistic leaders across the continent as well as African Americans seeking civil rights at home heeded his call Yet a moment that signified a new era of African freedom simultaneously marked a new era of foreign intervention and control In White Malice Susan Williams unearths the CIA s covert operations from Ghana to the Congo to the UN which frustrated the attempts of Africa s new generation of nationalist leaders to establish democratic governance These

revelations dramatically upend the conventional wisdom that African nations failed to establish effective democratic states on their own accord As the old European powers moved out the US moved in Drawing on original research and recently declassified documents Williams introduces readers to idealistic African leaders and to the secret agents ambassadors and even presidents who deliberately worked against them forever altering the future of a continent The Golden Thread Ravi Somaiya,2020-07-07 LONGLISTED FOR THE ALCS GOLD DAGGER AWARD FOR NON FICTION CRIME WRITING Uncover the story behind the death of renowned diplomat and UN Secretary General Dag Hammarskjöld in this true story of spies and intrigue surrounding one of the most enduring unsolved mysteries of the twentieth century On September 17 1961 Dag Hammarskjöld boarded a Douglas DC6 propeller plane on the sweltering tarmac of the airport in Leopoldville the capital of the Congo Hours later he would be found dead in an African jungle with an ace of spades playing card placed on his body Hammarskjöld had been the head of the United Nations for nine years He was legendary for his dedication to peace on earth But dark forces circled him Powerful and connected groups from an array of nations and organizations including the CIA the KGB underground militant groups business tycoons and others were determined to see Hammarskjöld fail A riveting work of investigative journalism based on never before seen evidence recently revealed firsthand accounts and groundbreaking new interviews The Golden Thread reveals the truth behind one of the great murder mysteries of the Cold War *The Real Special Relationship* Michael Smith,2023-07-18 Gripping deeply researched and authoritative the history of one of the closest intelligence and security relationships in the world The Special Relationship between the United States and Britain is touted by politicians when it suits their purpose and as frequently dismissed as myth not least by the media Yet the truth is that the two countries are bound together more closely than either is to any other ally In *The Real Special Relationship* Michael Smith reveals how it all began eighty years ago when a top secret visit by four American codebreakers to Bletchley Park in February 1941 ten months before the US entered World War II marked the start of a close collaboration between the intelligence services of the two nations When that war ended and the Cold War began both sides recognized that the way they worked together to decode German and Japanese ciphers could be used to counter the Soviet threat They laid the foundation for the behind the scenes intelligence sharing that has continued despite rivalries among the services and occasional political conflict and public disputes between the two nations through the collapse of the Soviet Union 9 11 the wars in Afghanistan and Iraq and to the threats of the present moment Smith who served in British military intelligence brings together a fascinating range of characters from Winston Churchill and Ian Fleming to John F Kennedy Ronald Reagan Margaret Thatcher and Edward Snowden Supported by in depth interviews and a broad range of personal contacts in the intelligence community he takes the reader into the workings of MI6 the CIA the NSA and all those who strive to keep us safe Sir John Scarlett former chief of MI6 has written the introduction and Michael Hayden former director of the CIA and the NSA has provided the foreword Shattered Illusions Donald G.
