Deception and Delay in Organized Conflict Rodrick Wallace, 2022-02-25 This book explores the role of deception delay and self deception in the dynamics of organized conflict taking a formal approach that hews closely to the asymptotic limit theorems of information and control theories The resulting probability models can with some effort and some confidence be converted to statistical tools for the analysis of real time observational and experimental data on institutionalized

confrontation across both traditional and emerging Clausewitz Landscapes **Cognitive Dynamics on Clausewitz**

Landscapes Rodrick Wallace, 2019-08-20 This book applies cutting edge methods from cognitive and evolutionary theories to develop models of conflict between hierarchically structured cognitive entities under circumstances of imprecision uncertainty and stress Characterized as friction and the fog of war by the Prussian military theorist Carl von Clausewitz such conditions impair institutional cognition in real time conflict and pose a real and continuing threat to organizations such as the US military In a linked collection of formal essays and a mathematical appendix the book explores different aspects of cognitive and evolutionary process as conducted under the direction of doctrine that acts as a kind of genome for retention of what is learned through Lamarckian evolutionary selection pressures armies and corporate entities learn from conflict and incorporate that learning into their ongoing procedures The book proposes models and policy solutions for strategic competence A central feature of the book is a formal description of the famous OODA loop of the US military theorist John Boyd in terms of the Data Rate Theorem that links control and information theories That description is expanded to cover more fully the impact of stochastic fog of war effects on tactical and operational scales of conflict Subsequent chapters examine in more detail the role of doctrine and the particular effect of embedding culture on cognitive and Lamarckian evolutionary processes associated with conflict on tactical operational and strategic scales and levels of organization A scientifically sophisticated exercise in applied mathematics history evolutionary theory and ecosystem theory this book will be appropriate for researchers and students interested in defense security and international relations as well as non academic career professionals in government and industry Decision Analytics Applications in Industry P. K.

part uses the asymptotic limit theorems of information and control theories to study strategy as an exchange of messages between adversaries in the context of underlying power relations The messages to be exchanged are constructed from an alphabet of tactics available to each contender in a large sense The second part of the book explores four case histories from this perspective ranging across agribusiness generated pandemics through tuberculosis and COVID 19 The final chapter attempts a strategic synthesis applicable more specifically to public health than to the remarkably and disturbingly close parallel of armed conflict Taking a unique approach to public health tactics and strategy this volume will be of interest to social epidemiologists public health economists public policy scientists as well as public health researchers and practitioners

Studies in Intelligence ,2018 **Deception and Democracy in Classical Athens** Jon Hesk,2000-11-23 This book first published in 2000 is a full length study of the representation of deceit and lies in classical Athens Dr Hesk traces the ways in which Athenian drama democratic oratory and elite prose writing construct and theorize a relationship between dishonesty and civic identity He focuses on the ideology of military trickery notions of the noble lie and the developing associations of rhetorical language with deceptive communication Deception and Democracy in Classical Athens combines close analysis of Athenian texts with lively critiques of modern theorists and classical scholars Athenian democratic culture was crucially informed by a nuanced anxious and dynamic discourse on the problems and opportunities which deception presented for its citizenry Mobilizing comparisons with twentieth century democracies the author argues that Athenian literature made deception a fundamental concern for democratic citizenship This ancient discourse on lying highlights the dangers of modern resignation and postmodern complacency concerning the politics and morality of deception **Military Review** ,1999 *New Principles of War* Marvin Pokrant,2021-04 Influenced in part by the writings of Sun Tzu Carl von Clausewitz Henri Jomini and other strategists most major militaries have adopted principles of war that are widely promulgated Marvin Pokrant argues that these commonly accepted principles fail to reflect the ideas that led to them Looking at the fundamental and enduring concepts behind the original principles of war Pokrant presents nine new principles of war To illustrate his points Pokrant uses numerous examples drawn from military history including land sea and air warfare from ancient times to the present By analyzing and reforming the principles of war Pokrant provides a modern relevant and useful way to guide decisions made in times of war Strategic Warning Intelligence John A. Gentry,Joseph S. Gordon,2019-03-01 John A Gentry and Joseph S Gordon update our understanding of strategic warning intelligence analysis for the twenty first century Strategic warning the process of long range analysis to alert senior leaders to trending threats and opportunities that require action is a critical intelligence function It also is frequently misunderstood and underappreciated Gentry and Gordon draw on both their practitioner and academic backgrounds to present a history of the strategic warning function in the US intelligence community In doing so they outline the capabilities of analytic methods explain why strategic warning analysis is so hard and discuss the special challenges strategic warning encounters from

senior decision makers They also compare how strategic warning functions in other countries evaluate why the United States has in recent years emphasized current intelligence instead of strategic warning and recommend warning related structural and procedural improvements in the US intelligence community The authors examine historical case studies including postmortems of warning failures to provide examples of the analytic points they make Strategic Warning Intelligence will interest scholars and practitioners and will be an ideal teaching text for intermediate and advanced students **Creativity**
