Psychoanalytic Reflections on a Gender-free Case Ellen L. K. Toronto, Gemma Ainslie, Molly Donovan, Maurine Kelly, Christine C. Kieffer, Nancy McWilliams, 2013-01-11 The past two decades of psychoanalytic discourse have witnessed a marked transformation in the way we think about women and gender The assignment of gender carries with it a host of assumptions yet without it we can feel lost in a void unmoored from the world of rationality stability and meaning The feminist analytic thinkers whose work is collected here confront the meaning established by the assignment of gender and the uncertainty created by its absence The contributions brought together in *Psychoanalytic Reflections on a Gender free Case* address a cross section of significant issues that have both chronicled and facilitated the changes in feminist psychoanalysis since the mid 1980s Difficult issues which have previously been ignored such as the pregnancy of the therapist or sexual abuse regarded as more than a fantasy are considered first The book goes on to address family perspectives as they interact and shape the child's experience of growing up male or female Other topics covered are the authority of personal agency as influenced by the language and theory of patriarchy male centred concepts that consistently define women as inferior and the concept of gender as being co constructed within a relationship The gender free case presented here will fascinate all psychoanalysts interested in exploring ways of grappling with the elusive nature of gender as well as those studying gender studies The Poetics of Enclosure Lesley Wheeler, 2002 The Poetics of Enclosure

provocatively explores interconnections between Dickinson Moore H D Brooks Bishop and Dove in the dual context of their manipulations of the traditional lyric and use of shared images of enclosure With frequent reference to male as well as female influences and to poets marginalized by sexuality or race Wheeler usefully refines what she argues is particular to these poets shared lyric practices and concerns and links those concerns to other poetic traditions Christianne Miller **The Persephone Myth in Young Adult Fiction** Cristina Salcedo González,2024-12-12 Investigating the widespread but understudied presence of the Persephone myth within 21st century young adult literature Cristina Salcedo Gonz lez analyses six young adult novels which incorporate a reworking of this ancient Greek myth Through the identification of mythic themes mythemes and patterns within these novels Gonz lez shows that these works evoke the female life cycle and develop current perceptions of the female maturational experience As a result Salcedo Gonz lez makes an important contribution in establishing the cultural significance of young adult literature in the world of classical reception These novels all written by women also inflect or interpret the myth in ways influenced by their contemporary contexts specifically the impact of the novels target readership on the aspects of the myth that are either emphasised e g Persephone s descent into the underworld her existence there and her re ascent or de emphasised e g the mourning and wanderings of Demeter This book makes original methodological contributions through its innovative dual perspective of myth criticism and classical reception to our understanding of the academically neglected genre of young adult literature and the reception of the myth of Persephone As a result Salcedo Gonz lez significantly contributes to establishing the cultural significance of young adult literature within the realm of classical reception **August Wilson and Black Aesthetics** S. calling attention to the contribution women poets have made to this important genre of poetic writing and re thinking ekphrastic poetry s motives and purposes From Marianne Moore and Elizabeth Bishop to Mary Jo Salter C D Wright and Susan Wheeler many of our best women poets have done important work in this genre and when they describe confront or speak for an image that is itself wordless their motives are not only formal but aesthetic Their poems also raise important questions from a perspective that is often but not always gender inflected about how art is made and displayed experienced and valued celebrated and commodified Jane Hedley is K Laurence Stapleton Professor of English at Bryn Mawr College Willard Spiegelman is the Hughes Professor of English at Southern Methodist University and editor in chief of the Southwest Review Nick Halpem is an associate professor in the English Department at North Carolina State University *A Broken Heart Still Beats* Anne McCracken, Mary Semel, 2000-09-01 *A Broken Heart Still Beats* Softcover **Scenes of Attention** D. Graham Burnett, Justin E. H. Smith, 2023-11-14 Are we paying enough attention At least since the nineteenth century critics have alleged a widespread and profound failure of attentiveness to others to ourselves to the world around us to what is truly worthy of focus Why is there such great anxiety over attention What is at stake in understanding attention and the challenges it faces This book investigates attention from a range of disciplinary perspectives including philosophy history anthropology art history and comparative literature Each chapter begins with a concrete scene whose protagonists are trying and often failing to attend Authors examine key moments in the history of the study of attention pose attention as a philosophical problem explore the links between attention culture and technology and consider the significance of attention for conceptualizations of human subjectivity Readers encounter nineteenth century experiments in boredom ornithologists conveying sound through field notations wearable attention enhancing prosthetics students using online learning platforms and inquiries into attention as a cognitive state and moral virtue Amid mounting concern about digital mediation of experience the rise of surveillance capitalism and the commodification of attention *Scenes of Attention* deepens the thinking that is needed to protect the freedom of attention and the forms of life that make it possible The May Queen Andrea N.
