Mothers And Sons Stories:

Mothers and Sons Colm Tóibín, 2006 Colm Tóibín's new and challenging collection of stories paint rich and textured portraits of individuals at different pivotal moments in their lives. In each case Tóibín shows how their relationship with either a mother or a son or their relationship to their own role as mother or son reveals something unique and important about them. The stories feature Ireland or Irish narrators but they are also truly universal. In *Famous Blue Raincoat* unwelcome memories are stirred when a mother once a singer in an Irish folk rock band of some popular renown in the 60s finds that her son has been listening to their old records songs she hoped never to hear again. In *Water* a son buries his mother and goes out to a drug fuelled rave on a remote beach outside Dublin. In the course of this one night his grief and desire for raw feeling combine with exquisite and devastating intensity. At once beautifully playful psychologically intricate emotionally incisive finely wrought and fearless these stories tease out the delicate and difficult strands which are woven between mothers and sons. Sometimes shocking and always powerful this masterful new collection confirms Tóibín as great prose stylist of our time. Praise for *The Master* An audacious profound and wonderfully intelligent book. Hermione Lee Guardian. *The Master* is not short of a masterpiece. enmeshed in unhealthy energy sucking and emasculating relationships with their mothers Even though these men are grown and living away from Mom her influence has left them unable to fully commit or to fully love and they are plagued with anger issues indecisiveness depression or toxic stress In *Breaking the Mother Son Dynamic* John Lee takes an eye opening look at how a mother's love or lack thereof impacts a son's life choices and life partner or lovers Perhaps you are one of these men or maybe you recognize these behaviors in the man you love Do you hold back swallow or bottle up things you wish you could say to your mother for fear it would upset or kill her Did you grow up hearing negative things about men masculinity being a male and how you shouldn't be like the rest of them Does your mother or did she fail to respect your boundaries as a child adolescent or adult Does your mother keep referring to you as her baby or her little boy even after you became an adult If you answered yes to any of these questions you may be caught in an unhealthy mother son dynamic that is negatively affecting key areas of your life Several years ago John Lee wrote what came to be the most authoritative book on why men run from relationships *The Flying Boy Healing the Wounded Man* Here he visits the mother son relationship and gently but assertively shows men how to separate from the mother energy that has a massive pull on their hearts and souls no matter how young or old they may be In a work that is a combination of memoir self help psychology recovery and personal growth he discovers why a relationship of 50/50 responsibility doesn't work and what does work how men can stop sonning mothers lovers and wives why one must learn his or her own rhythm of closeness how to be really present to those we love and to life itself and much much more Using case studies personal stories and assessments the book helps men release any anger and grief toward their mothers and teaches them how to take responsibility for their adult selves most importantly Lee provides an understanding of what healthy adults should and shouldn't expect from each other Lee shows wives and girlfriends how to stop being their man's surrogate mother and shows well meaning mothers how certain behaviors may perpetuate an unhealthy cycle and how to better relate to their sons in healthier ways By helping mothers and sons identify this dynamic and providing them with the tools to dismantle it this book will change lives For anyone who is ready to make a clean clear and guilt free separation from the kind of s mothering and sonning that just hasn't worked John Lee will show them the way

The Secret Love of Sons Nicholas Weinstock, 1997 With humor and intelligence and with the help of hundreds of confidential interviews Weinstock has discovered the startling place that mothers hold in the heads and hearts of growing men By offering his own memories and reflections as well as the personal disclosures of other sons he not only explains the mindsets that drive boys from the nest and keep them insistently independent from their moms but also illuminates the many ways in which mothers have deeply and continuously affected their sons lives What emerges in this profound book is a love letter to mothers and a smart and surprising blueprint to the emotions of sons of all ages and backgrounds Men vividly recall their maternally crafted childhoods and reflect gratefully on the solid support and high expectations of these women who knew them even before they knew themselves But sooner or later every growing boy gets the message that he is obligated to
