Robert R. Redfield

Next American Nation The New Nationalism And The:

Next American Nation Michael Lind, 2010-06-15 Are we now or have we ever been a nation As this century comes to a close debates over immigration policy racial preferences and multiculturalism challenge the consensus that formerly grounded our national culture The question of our national identity is as urgent as it has ever been in our history Is our society disintegrating into a collection of separate ethnic enclaves or is there a way that we can forge a coherent unified identity as we enter the 21st century In this marvelously written wide ranging and thought provoking book Michael Lind provides a comprehensive revisionist view of the American past and offers a concrete proposal for nation building reforms to strengthen the American future He shows that the forces of nationalism and the ideal of a trans racial melting pot need not be in conflict with each other and he provides a practical agenda for a liberal nationalist revolution that would combine a new color blind liberalism in civil rights with practical measures for reducing class based barriers to racial integration A stimulating critique of every kind of orthodox opinion as well as a vision of a new Trans American majority *The Next American Nation* may forever change the way we think and talk about American identity New York Newsday

The Next American Nation Michael Lind, 1996 *Latinos Facing Racism* Joe R. Feagin, Jose A. Cobas, 2015-11-17 Feagin and Cobas provide the first in depth examination of the everyday racism faced by middle class Latinos Based on a national survey we learn how a diverse group of talented Latinos Mexican Americans Puerto Rican Americans Cuban Americans and others respond to and cope with the commonplace white racial framing and discriminatory practices Drawing on extensive interviewing the authors address the recurring discrimination of ordinary whites directed against Spanish speakers and individuals with presumed Latino phenotypes These incidents occur in everyday encounters such as when male and female Latinos travel or shop The book also chronicles the mistreatment that Latinos face from immigration officials when they cross US borders and from the police when they are racially profiled outside Latino areas Critical and conforming Latino responses to recurring white discrimination are also extensively examined as well as the diverse Latino reactions to remedial programs like affirmative action and to the ideal of assimilation into the proverbial US melting pot

The Postnational Self Ulf Hedetoft, Mette Hjort, 2002 What happens to a sense of belonging when national and regional governments religious organizations community groups political parties and corporations become unstable and incoherent as they have in these nationalist and postnationalist times From a richly interdisciplinary perspective the authors examine notions of citizenship and cultural hybridization migration and other forms of mobility displacements and ethnic cleansing and the nature of national belonging in a world turning ever more fluid aided by transnational flows of capital information people and ideas

Democracy in Dark Times Jeffrey C. Isaac, 1998 Viewing contemporary democratic practice through the lens of Hannah Arendt's political theory and thoroughly exploring the difficulties of democratic citizenship and civil society that concerned Arendt Jeffrey Isaac deals with issues of pressing contemporary relevance He looks at the Eastern and Central European

revolutions of 1989 the future of democracy in America and the ethical significance of Bosnian genocide *The Neglected Voter* David Paul Kuhn,2024-09-04 In the 1960s the Republican Party began to win over a crucial demographic white male voters Presidential politics was transformed for a generation David Paul Kuhn explains this fundamental fact behind the rise of the Republicans and the decline of the Democrats and reminds the political left that midterm victories 1986 2006 do not always equal sustainable success In revealing lucid prose Kuhn explains how America s conservative party came to win a majority of workingmen and the White House Grounded in practical politics *The Neglected Voter* presciently reconfigures the American political landscape Equipped with unprecedented research data reporting and exclusive interviews with such figures as Jimmy Carter Norman Mailer Mark Warner and Pat Robertson Kuhn examines the role of gender and racial identity in presidential politics through the social changes that have defined the last half century *The United States in the Long Twentieth Century* Michael Heale,2014-11-20 *The United States in the Long Twentieth Century* explores the nature of American politics and society in the period from 1900 to the present day illuminating both the changes and the continuities This was a period largely characterized by exceptional growth and international power though one also assailed by the crises and divisions that Michael Heale carefully examines A strength of the book is its integration of political with social history and it thus explores a range of social demographic and economic phenomena that have been central to American history in the long twentieth century such as immigration and ethnicity the labour civil rights and environmental movements and the role and achievements of women This new and fully revised edition of the seminal student textbook *Twentieth Century America* has been updated throughout to take recent scholarship in the field into account and also includes a number of important new features including a brand new chapter on the years from 2000 onwards covering 9 11 the financial crisis and the rise of Barack Obama substantial revisions to Part III covering 1969 to the present day and in particular to the material on Reagan Clinton African Americans immigrants the growth of the financial sector and de regulation and global warming one theme is the limits of conservatism and the resilience of liberalism greater emphasis on the United States in a transnational world and within the context of the rise of globalization *The United States in the Long Twentieth Century* is a detailed guide to American political and social history since 1900 and an essential text for all students interested in the modern history of the United States of America *After 9/11* Richard Crockatt,2007-08-07 This is a readable and incisive analysis of American foreign policy and international politics since the end of the Cold War It is organized around two key themes the role of culture in international politics and the changing nature of American power Richard Crockatt addresses such key issues as the relationship between US power and the post Cold War international system US relations with Europe and Islam the intensity of anti American feeling after September 11th the rebirth of American nationalism the war in Iraq and its aftermath *After 9 11* is a much needed balanced account of the most significant political questions of the twenty first century *The Rise and Fall of Anglo-America* Eric P. KAUFMANN,Eric P Kaufmann,2009-06-30 As the 2000 census

resoundingly demonstrated the Anglo Protestant ethnic core of the United States has all but dissolved In a country founded and settled by their ancestors British Protestants now make up less than a fifth of the population This demographic shift has spawned a culture war within white America While liberals seek to diversify society toward a cosmopolitan endpoint some conservatives strive to maintain an American ethno national identity Eric Kaufmann traces the roots of this culture war from the rise of WASP America after the Revolution to its fall in the 1960s when social institutions finally began to reflect the nation s ethnic composition Kaufmann begins his account shortly after independence when white Protestants with an Anglo Saxon myth of descent established themselves as the dominant American ethnic group But from the late 1890s to the 1930s liberal and cosmopolitan ideological currents within white Anglo Saxon Protestant America mounted a powerful challenge to WASP hegemony This struggle against ethnic dominance was mounted not by subaltern immigrant groups but by Anglo Saxon reformers notably Jane Addams and John Dewey It gathered social force by the 1920s struggling against WASP dominance and achieving institutional breakthrough in the late 1960s when America truly began to integrate ethnic minorities into mainstream culture

State and Citizen Peter Thompson, Peter S. Onuf, 2013 Pointing the way to a new history of the transformation of British subjects into American citizens *State and Citizen* challenges the presumption that the early American state was weak by exploring the changing legal and political meaning of citizenship The volume s distinguished contributors cast new light on the shift from subjecthood to citizenship during the American Revolution by showing that the federal state played a much greater part than is commonly supposed Going beyond master narratives celebratory or revisionist that center on founding principles the contributors argue that geopolitical realities and the federal state were at the center of early American political development The volume s editors Peter Thompson and Peter S Onuf bring together political science and historical methodologies to demonstrate that citizenship was a political as well as a legal concept The American state this collection argues was formed and evolved in a more dialectical relationship between citizens and government authority than is generally acknowledged Suggesting points of comparison between an American narrative of state development previously thought to be exceptional and those of Europe and Latin America the contributors break fresh ground by investigating citizenship in its historical context rather than by reference only to its capacity to confer privileges

Travelling Concepts Christian Lammert, Katja Sarkowsky, 2009-12-03 Bhikhu Parekh As creative and reflective agents human beings seek meaning in their lives and develop more or less coherent views of the world or cultures in terms of which to organize their personal and collective lives When different groups of individuals within the same society subscribe to different ways of thought they face the crucial question of how to deal with their cultural diversity and sustain a shared common life Premodern societies took a relatively relaxed view of diversity and generally opted for a looser union Modernity brought with it a very different approach to the subject This is reflected in among other things the institution of the modern state especially the liberal democracy which represents one way of constituting it Liberal democracy has

exercised a decisive influence on our political and moral imagination for the past three centuries Unlike premodern societies which took the community as their starting point and defined the individual in terms of it it takes the individual as the ultimate and irreducible unit of and thus conc tually and ontologically prior to society The latter is taken to consist of in viduals and refers to the totality of its members and their formal and informal relationships Individual are the sole and equal sources of moral claims and social and political institutions are judged in terms of their ability to safeguard and promote individual interests

Racial Formation in the United States Michael Omi,Howard Winant,2014-06-20 Twenty years since the publication of the Second Edition and more than thirty years since the publication of the original book Racial Formation in the United States now arrives with each chapter radically revised and rewritten by authors Michael Omi and Howard Winant but the overall purpose and vision of this classic remains the same Omi and Winant provide an account of how concepts of race are created and transformed how they become the focus of political conflict and how they come to shape and permeate both identities and institutions The steady journey of the U S toward a majority nonwhite population the ongoing evisceration of the political legacy of the early post World War II civil rights movement the initiation of the war on terror with its attendant Islamophobia the rise of a mass immigrants rights movement the formulation of race class gender intersectionality theories and the election and reelection of a black President of the United States are some of the many new racial conditions Racial Formation now covers

Krakowskie Studia Międzynarodowe 2008/1 Andrzej Bryk,2008-01-16

The Browning of America and the Evasion of Social Justice Ronald R. Sundstrom,2008-10-09
Considers the effects of the browning of America on philosophical debates over race racism and social justice

Social Work in the 21st Century Michael Reisch,Eileen Gambrill,1997-02-05 I am enthusiastic about this publication it is an excellent manuscript well conceived well written and the contributors all appear to be very well qualified Philip Popple Western Michigan University This book will be helpful to you in teaching policy practice or introductory social work courses at the BSW or MSW level if you want to Generate stimulating discussion and debate among your students on how social work s roles are changing now and may change further in the future Expose your students to the thoughts and opinions of many of today s leaders in social work education in essays specially written for this volume

Politics of Fear Manuel G. Gonzales,Richard Delgado,2015-12-03 Lucidly written widely informed and uncompromisingly honest a valuable expose Michael Parenti Documents the stunning success of a network of wealthy donors and corporations in creating and sustaining a set of think tanks legal action groups and media strategies Gary Orfield Harvard University What explains the electoral success of Republicans particularly of the ascendant neoconservatives who now dominate the Party Based on a thorough and up to date examination of the New Right over twenty five years The Politics of Fear proposes some provocative answers including globalization new technologies and a far reaching network of right wing think tanks and foundations As the authors show all have opened the doors to a new politics of fear successfully waged by the neoconservatives By manipulating

insecurity the New Right has created an extraordinarily successful populist conservative movement Utilizing extensive documentation the authors argue convincingly that the fear of immigrants and racial minorities has served as the most effective tactic in the GOP arsenal while their approach also implicates gays feminists and terrorists The book explains why Americans have willingly supported a party that promises them security just as it delivers greater economic and political insecurity The authors argue that despite their striking political successes neoconservatives have delivered to voters a set of policies harmful to working Americans in the way of regressive tax measures military exploits tort reform deregulation and environmental destruction

The Post-War Anglo-American Far Right P. Jackson,A. Shekhovtsov,2014-10-17 Since 1945 neo Nazi and far right extremists on both sides of the Atlantic have developed rich cultures which regularly exchange ideas Leading activists such as Colin Jordan and George Lincoln Rockwell have helped to establish what has become a complex web of marginalised extremism This book examines the history of this milieu to the present day

Enduring Liberalism Robert Booth Fowler,1999 Enduring Liberalism pursues two objectives One it explores the political thought of public intellectuals and the general public since the 1960s Two it assesses contemporary and classic interpretations of American political thought in light of the study s findings

BOOK JACKET

Encyclopedia of Constitutional Amendments, Proposed Amendments, and Amending Issues, 1789-2023 John R. Vile,2023-10-19 Written by a leading scholar of the constitutional amending process this two volume encyclopedia now in its fifth edition is an indispensable resource for students legal historians and high school and college librarians This authoritative reference resource provides a history and analysis of all 27 ratified amendments to the Constitution as well as insights and information on thousands of other amendments that have been proposed but never ratified from America s birth until the present day The set also includes a rich bibliography of informative books articles and other media related to constitutional amendments and the amending process

American Credo Michael Foley,2007-09-13 If America has a claim to exceptionalism American Credo locates it in a little understood ability to engage in deep conflicts over political ideas while at the same time reducing adversarial positions to legitimate derivatives of American history and development

The Top Books of the Year Next American Nation The New Nationalism And The The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the captivating narratives that have captivated audiences this year. Next American Nation The New Nationalism And The : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can succeed. Next American Nation The New Nationalism And The : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Next American Nation The New Nationalism And The : Delia Owens' "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you wondering until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
