Christian Theology for a Secular Society Mark G. McKim, 2008-01-01 It's hard to be the only one That single sentence from a teenage congregant sums up the conviction that motivated *Christian Theology for a Secular Society* In these dying days of Christendom the reality that most Western Christians face is living out their faith as a minority in the midst of a culture that is at every level personal institutional and societal secular in nature While most living in Western societies still affirm belief in God and often other vaguely recognizable Christian beliefs these affirmations frequently have little to do with how daily life is lived The idea that the God best known to us in Jesus Christ is actually in charge of life is foreign For most Christianity simply does not form an overarching system of meaning that shapes life Instead life is lived largely without reference to God And to live any other way is often hard In this volume Mark McKim sets out to do theology in this context How does one explain the core historic Christian doctrines in a way that makes sense in a secular culture and in a way that will gain a hearing What does it mean to be the church in this new situation Throughout McKim asks the question so what as he relates Christian teachings to a secular society and to what is actually happening in the local church McKim's goal is to enable the singing of the Lord's song in the new and strange land of a secular society *Emil Brunner* Mark G. McKim, 1996 After an essay sketching Brunner's life and major theological contributions the bibliography is divided into parts on works written by Brunner edited by Brunner written by Brunner jointly with others prefaces and forewords and book reviews by
