Robert C. Cottrell

Nice This Nonviolent Stuff'll Get Killed:

This Nonviolent Stuff'll Get You Killed Charles E Cobb Jr.,2014-06-03 Visiting Martin Luther King Jr at the peak of the Montgomery Alabama bus boycott journalist William Worthly almost sat on a loaded pistol Just for self defense King assured him It was not the only weapon King kept for such a purpose one of his advisors remembered the reverend s Montgomery Alabama home as an arsenal Like King many ostensibly nonviolent civil rights activists embraced their constitutional right to selfprotection yet this crucial dimension of the Afro American freedom struggle has been long ignored by history In *This Nonviolent Stuff'll Get You Killed* civil rights scholar Charles E Cobb Jr describes the vital role that armed self defense played in the survival and liberation of black communities in America during the Southern Freedom Movement of the 1960s In the Deep South blacks often safeguarded themselves and their loved ones from white supremacist violence by bearing and when necessary using firearms In much the same way Cobb shows nonviolent civil rights workers received critical support from black gun owners in the regions where they worked Whether patrolling their neighborhoods garrisoning their homes or firing back at attackers these courageous men and women and the weapons they carried were crucial to the movement s success Giving voice to the World War II veterans rural activists volunteer security guards and self defense groups who took up arms to defend their lives and liberties *This Nonviolent Stuff'll Get You Killed* lays bare the paradoxical relationship between the nonviolent civil rights struggle and the Second Amendment Drawing on his firsthand experiences in the civil rights movement and interviews with fellow participants Cobb provides a controversial examination of the crucial place of firearms in the fight for American freedom

[Waging a Good War](#) Thomas E. Ricks,2022-10-04 1 New York Times bestselling author and Pulitzer Prize winner Thomas E Ricks offers a new take on the Civil Rights Movement stressing its unexpected use of military strategy and its lessons for nonviolent resistance around the world Ricks does a tremendous job of putting the reader inside the hearts and souls of the young men and women who risked so much to change America Riveting Charles Kaiser The Guardian In *Waging a Good War* the bestselling author Thomas E Ricks offers a fresh perspective on America s greatest moral revolution the civil rights movement of the 1950s and 1960s and its legacy today While the Movement has become synonymous with Martin Luther King Jr s ethos of nonviolence Ricks a Pulitzer Prize winning war reporter draws on his deep knowledge of tactics and strategy to advance a surprising but revelatory idea the greatest victories for Black Americans of the past century were won not by idealism alone but by paying attention to recruiting training discipline and organization the hallmarks of any successful military campaign An engaging storyteller Ricks deftly narrates the Movement s triumphs and defeats He follows King and other key figures from Montgomery to Memphis demonstrating that Gandhian nonviolence was a philosophy of active not passive resistance involving the bold and sustained confrontation of the Movement s adversaries both on the ground and in the court of public opinion While bringing legends such as Fannie Lou Hamer and John Lewis into new focus Ricks also highlights lesser known figures who played critical roles

in fashioning nonviolence into an effective tool the activists James Lawson James Bevel Diane Nash and Septima Clark foremost among them He also offers a new understanding of the Movement's later difficulties as internal disputes and white backlash intensified Rich with fresh interpretations of familiar events and overlooked aspects of America's civil rights struggle *Waging a Good War* is an indispensable addition to the literature of racial justice and social change and one that offers vital lessons for our own time

Setting Sights, 2018-01-01 Decades ago Malcolm X eloquently stated that communities have the legitimate right to defend themselves by any means necessary with any tool or tactic including guns This wide ranging anthology uncovers the hidden histories and ideas of community armed self defense exploring how it has been used by marginalized and oppressed communities as well as anarchists and radicals within significant social movements of the twentieth and twenty first centuries Far from a call to arms or a how to manual for warfare this volume offers histories reflections and questions about the role of firearms in small collective defense efforts and its place in larger efforts toward the creation of autonomy and liberation Featuring diverse perspectives from movements across the globe *Setting Sights* includes vivid histories and personal reflections from both researchers and those who participated in community armed self defense Contributors include Dennis Banks Kathleen Cleaver Mabel Williams Subcomandante Marcos Kristian Williams George Ciccariello Maher Ashanti Alston and many more

Building Peace in America Emily Sample, Douglas Irvin-Erickson, 2020-07-22 America may not be at war but it is not at peace Recent public and political rhetoric have revealed the escalation of a pervasive and dangerous us versus them ideology in the United States This powerful book is motivated by the contributors recognition of continuing structural violence and injustice which are linked to long standing systems of racism social marginalization xenophobia poverty and inequality in all forms Calls to restore America's greatness are just the most recent iteration of dehumanizing language against minority communities The violation of the civil and human rights of vulnerable groups presents a serious threat to American democracy These deeply rooted and systemic inequities have no easy solutions and the destructive nature of today's conflicts in America threaten to impede efforts to build peace promote justice and inspire constructive social change Acknowledging the complexity of building peace in the United States this volume represents the first step in envisioning a more just peaceful country from the grassroots to the highest levels of leadership The editors have brought together a diverse group of scholars conflict resolution practitioners civil society leaders community peacebuilders and faith leaders who are committed to pro social change Collectively they examine how best to understand the current issues deescalate destructive public rhetoric undermine the us versus them polarity and support those currently working for positive change Together the contributors share experiences and perspectives on the past present and future of peacebuilding develop a vision for how we can collectively respond in our communities campuses and congregations and catalyze action during this pivotal moment in America

Wicked Problems Austin Choi-Fitzpatrick, Douglas Irvin-Erickson, Ernesto Verdeja, 2022 The ethics of changemaking and peacebuilding may appear

straightforward advance dignity promote well being minimize suffering Sounds simple right Actually acting ethically when it really matters is rarely straightforward If someone engaged in change oriented work sets out to do good how should we prioritize and evaluate whose good counts And how ought we act once we have decided whose good counts Practitioners frequently confront dilemmas where dire situations may demand some form of response but each of the options may have undesirable consequences of one form or another Dilemmas are not merely ordinary problems they are wicked problems that is to say they are defined by circumstances that only allow for suboptimal outcomes and are based on profound and sometimes troubling trade offs Wicked Problems argues that the field of peacebuilding and conflict transformation needs a stronger and more practical sense of its ethical obligations For example it argues against posing false binaries between domestic and international issues and against viewing violence and conflict as equivalents It holds strategic nonviolence up to critical scrutiny and shows that do no harm approaches may in fact do harm The contributors include scholars scholar practitioners in the field and activists on the streets and the chapters cover the role of violence in conflict conflict and violence prevention and resolution humanitarianism community organizing and racial justice social movements human rights advocacy transitional justice political reconciliation and peace education and pedagogy among other topics Drawing on the lived experiences and expertise of activists educators and researchers Wicked Problems equips readers to ask and answer difficult questions about social change work

How Blacks Built America Joe R. Feagin, 2015-07-30 How Blacks Built America examines the many positive and dramatic contributions made by African Americans to this country over its long history Almost all public and scholarly discussion of African Americans accenting their distinctive societal position especially discussion outside black communities has emphasized either stereotypically negative features or the negative socioeconomic conditions that they have long faced because of systemic racism In contrast Feagin reveals that African Americans have long been an extraordinarily important asset for this country Without their essential contributions indeed there probably would not have been a United States This is an ideal addition to courses race and ethnicity courses

Crash Course H. Bruce Franklin, 2018-09-03 In this gripping memoir renowned historian former Air Force navigator and intelligence officer H Bruce Franklin offers a unique firsthand look at the American Century s darkest hours Crash Course is essential reading for anyone who wonders how America ended up with a deeply divided and disillusioned populace led by a dysfunctional government and mired in unwinnable wars

Martin Luther King Paul Harvey, 2021-11-01 Sh ould take a prominent place on the shelf of literature about the man who changed 20th century America Publishers Weekly Starred Review In this new biography distinguished historian Paul Harvey examines Martin Luther King s life through his complex emerging religious lives Harvey introduces many readers perhaps for the first or only time to the King of diverse religious and intellectual influences of an increasingly radical cast of thought and of a m lange of intellectual influences that he aligned in becoming the spokesperson for the most important social movement of twentieth century American history Not only does Harvey chronicle King s

metamorphosis and its impact on American and African American life but he seeks to explain his afterlives how in American culture King became transformed into a mainstream civil saint shorn of his radical religious critique of how power functioned in America Harvey s concise biography will allow readers to see King anew in the context of his time and today [The Armed Jew](#) Adam L. Fuller,2025-06-30 In the face of rising anti Semitic violence and hate crimes The Armed Jew explores the essential role of gun ownership in the Jewish experience both historically and in contemporary society With rising threats to Jewish communities worldwide this book argues that the right to bear arms is not just a matter of self defense but an integral part of Jewish history and survival Despite the increasingly manifest threats to American Jews in particular they remain among one of the demographic groups that are least likely to own firearms which leaves them defenseless and further invites aggression Adam L Fuller argues that guns have been vital tools in protecting Jewish communities for centuries From the medieval self defense of Jewish settlements to Jewish gangsters vigilantes soldiers law officers and resistance efforts during the Holocaust guns have been crucial in the preservation of life and dignity Drawing on a careful study of Jewish sociocultural and religious traditions in dialogue with Jewish historical experience as well as conversations with Jewish gun owners Fuller makes a compelling argument for why Jews should embrace their right to own and carry firearms as part of their broader struggle for safety and autonomy The Armed Jew challenges assumptions empowers Jewish communities and provides a thought provoking perspective on the intersection of faith identity and self defense in the modern world

Organizing America Erik Loomis,2025-08-12 From the acclaimed author of A History of America in Ten Strikes a sweeping account of the impact of organizers on United States history We are living through a time when real social change seems to be in the rearview mirror But this rousing new book offers a beacon of hope the stories of organizers who have shown America the way forward in the darkest of times Author of the celebrated A History of America in Ten Strikes a Kirkus Reviews best book of 2018 Erik Loomis uncovers a rich and revealing history of social change activism with immediate relevance to our present In twenty short biographies Organizing America tells the story of America through its most important organizers A chronological story with a vast sweep Organizing America considers a cross section of social justice activists across time race gender and movement examining lives as varied as Benjamin Lay Ida B Wells Eugene V Debs Elizabeth Gurley Flynn Bob Moses Yuri Kochiyama Daniel Berrigan Dolores Huerta Barbara Gittings and many more With an introduction that explains what organizing is and how collective action works and how we should think about the power of organizing in 2025 and beyond Loomis sets a tone that is both practical and historical providing context and inspiration for anyone seeking to step into the work of changing America for the better [Rethinking the Black Freedom Movement](#) Yohuru Williams,2015-11-06 The African American struggle for civil rights in the twentieth century is one of the most important stories in American history With all the information available however it is easy for even the most enthusiastic reader to be overwhelmed In Rethinking the Black Freedom Movement Yohuru Williams has synthesized the complex history

of this period into a clear and compelling narrative Considering both the Civil Rights and Black Power movements as distinct but overlapping elements of the Black Freedom struggle Williams looks at the impact of the struggle for Black civil rights on housing transportation education labor voting rights culture and more and places the activism of the 1950s and 60s within the context of a much longer tradition reaching from Reconstruction to the present day Exploring the different strands within the movement key figures and leaders and its ongoing legacy Rethinking the Black Freedom Movement is the perfect introduction for anyone seeking to understand the struggle for Black civil rights in America

The Five Blessings of Ifá

Gabrielle Felder, 2025-10-28 A fierce and inspirational guide to Black resistance resilience and healing using the principles of Afro Indigenous spiritual practices Understanding where you came from is crucial to understand where you are going The Five Blessings of If explores how Black communities across the diaspora draw strength from ancestral wisdom family community care and mutual aid using the principles of If a West African spiritual tradition as a guiding framework Gabrielle Felder provides a blueprint for living a more fulfilled and abundant life through the blessings of Aiku longevity Aje wealth Aya and Oko relationships Omo children and Isegun victory over negative forces providing practical examples of how Black folks have built resilience and learned to thrive in the face of oppression Longevity exists in ancestral traditions that we cultivate over generations which Felder explores through practices of traditional herbalism as well as contemporary sustainability and food sovereignty movements Wealth in Felder's interpretation has to do with the richness created by community including cultural traditions of food dance and music that connect seemingly disparate African diasporic cultures Partnership traditionally understood in If as husband and wife is reconsidered by Felder to include a wide variety of relationship structures including familial bonds and queer families To explore the blessing of children Felder dives into the important history of doulas and midwives in Black communities and their crucial role in combatting the high maternal mortality rate among Black women in the US Finally Felder draws out the meanings of the blessing of victory through a wide range of examples of Black autonomy slave rebellions the rejection of Euro centric beauty standards mutual aid practices among Black revolutionary groups and the contemporary Black witch movement As a collective Black folks have managed to usher in the five blessings of If into our lives despite all odds This book is a love letter to those who have come before us and a guide to the possibilities that lie in our collective future

Aftershock

John Feffer, 2017-11-15 In this unique panoramic account of faded dreams journalist John Feffer returns to Eastern Europe a quarter of a century after the fall of communism to track down hundreds of people he spoke to in the initial atmosphere of optimism as the Iron Curtain fell from politicians and scholars to trade unionists and grass roots activists What he discovers makes for fascinating if sometimes disturbing reading From the Polish scholar who left academia to become head of personnel at Ikea to the Hungarian politician who turned his back on liberal politics to join the far right Jobbik party Feffer meets a remarkable cast of characters He finds that years of free market reforms have failed to deliver prosperity corruption and organized crime are rampant while optimism

has given way to bitterness and a newly invigorated nationalism Even so through talking to the region s many extraordinary activists Feffer shows that against stiff odds hope remains for the region s future

Stand Your Ground Caroline Light,2017-02-14 A history of America s Stand Your Ground gun laws from Reconstruction to Trayvon Martin After a young white gunman killed twenty six people at Sandy Hook Elementary School in Newtown Connecticut in December 2012 conservative legislators lamented that the tragedy could have been avoided if the schoolteachers had been armed and the classrooms equipped with guns Similar claims were repeated in the aftermath of other recent shootings after nine were killed in a church in Charleston South Carolina and in the aftermath of the massacre in the Pulse nightclub in Orlando Florida Despite inevitable questions about gun control there is a sharp increase in firearm sales in the wake of every mass shooting Yet this kind of DIY security activism predates the contemporary gun rights movement and even the stand your ground self defense laws adopted in thirty three states or the thirteen million civilians currently licensed to carry concealed firearms As scholar Caroline Light proves support for good guys with guns relies on the entrenched belief that certain bad guys with guns threaten us all Stand Your Ground explores the development of the American right to self defense and reveals how the original duty to retreat from threat was transformed into a selective right to kill In her rigorous genealogy Light traces white America s attachment to racialized lethal self defense by unearthing its complex legal and social histories from the original castle laws of the 1600s which gave white men the right to protect their homes to the brutal lynching of criminal Black bodies during the Jim Crow era and the radicalization of the NRA as it transitioned from a sporting organization to one of our country s most powerful lobbying forces In this convincing treatise on the United States unprecedented ascension as the world s foremost stand your ground nation Light exposes a history hidden in plain sight showing how violent self defense has been legalized for the most privileged and used as a weapon against the most vulnerable

Political Violence Panu-Matti Pöykkö,Pamela Slotte Russo,Viljami Salo,2024-11-18 This volume brings together scholars from intellectual history social sciences philosophy and theology to evaluate central questions concerning political violence and aggression This multidisciplinary collection of essays critically investigates forms and modes of justification of political violence from historical and contemporary perspectives especially within the context of the development of the idea of Europe and modern European identity What is meant by political violence and aggression When and under which conditions is it justified Who has the right to exercise it and against whom Answers differ depending on various factors such as pre established ends available resources and possibilities of action historical and socio economic context the ideological political and religious theological background of the actors The volume pays special attention to a how the above questions have been addressed and answered political philosophical and theological thought and b what kind of ideological currents and historical events lay at the background of such considerations

Long Journeys Home Michael D. Gambone,2017-10-16 In the modern history of American veterans it is sometimes difficult to separate myth from fact The men and women who served in World War II are

routinely praised as heroes the Greatest Generation after all triumphed over fascism and successfully reentered postwar society Veterans of the Vietnam War on the other hand occupy a different thread in the postwar narrative sometimes as a threat to society but usually as victims of it these vets returned home to a combination of disdain fear and prolonged suffering And until very recently both the public and historians have largely overlooked veterans of the Korean War altogether the hit television show M A S H was set in Korea but was more about Vietnam Long Journeys Home explores the veteran experience of World War II Korea and Vietnam It examines and dissects the various myths that have grown up around each of these wars Author Michael D Gambone compares and contrasts the basic elements of each narrative including the factors that influenced the decision to enlist the impact of combat on life after the war the struggles of postwar economic adjustment and participation in or withdrawal from social and political activism Gambone does not treat these veterans monolithically but instead puts each era s veterans in historical context He also explores the nuances of race gender and class Despite many differences some obvious and some not Gambone nonetheless finds a great deal of continuity and ultimately concludes that Korean and Vietnam veterans have much more in common with the Greatest Generation than was previously understood

Grassroots Activism of Ancient China Hung-yok Ip,2022-02-24 This book examines Mohism as a movement in early China focusing on the Mohists pursuit of power Fashioning themselves as grassroots activists the Mohists hoped to impact the elite by gaining entry in its community and influencing it from within To create a less violent world they deployed strategies of persuasion and negotiation but did not discard counterviolence in their dealings with the ruling class In executing their activism the Mohists produced knowledge that allowed them to hone their nonviolent strategies as well as to mount armed resistance to aggression In addition the Mohists paid significant attention to the issue of personhood constructing a self cultivation tradition unsparing in its demands for overcoming human conditions that would impede their performance as activists This book situates Mohism in the history of nonviolent activism and in that of negotiation and conflict resolution

The Activist 1960s Robert C. Cottrell,2023-05-11 Throughout the Long Sixties which spanned much of the seemingly quiescent 1950s and continued into the 1970s progressive activists sought to change American policy both foreign and domestic Beginning with a civil rights crusade that later expanded to a campaign against the Vietnam War the movement eventually splintered into a series of focuses racial ethnic demographic political cultural gender based and environmental This work details activists efforts to ensure basic rights through fostering civic engagement Chapters demonstrate how the various campaigns within the movement were all successful to some extent but none brought about the results that many desired Nonetheless they contributed to a more open egalitarian participatory and emancipated nation that is still being shaped today

SNCC's Stories Sharon Monteith,2020-10-15 Formed in 1960 in Raleigh North Carolina the Student Non violent Coordinating Committee SNCC was a high profile civil rights collective led by young people For Howard Zinn in 1964 SNCC members were new abolitionists but SNCC pursued radical initiatives and Black Power

politics in addition to reform It was committed to grassroots organizing in towns and rural communities facilitating voter registration and direct action through projects embedded in Freedom Houses especially in the South the setting for most of SNCC s stories Over time it changed from a tight cadre into a disparate group of many constellations but stood out among civil rights organizations for its participatory democracy and emphasis on local people deciding the terms of their battle for social change Organizers debated their role and grappled with SNCC s responsibility to communities to the walking wounded damaged by racial terrorism and to individuals who died pursuing racial justice SNCC s Stories examines the organization s print and publishing culture uncovering how fundamental self and group narration is for the undersung heroes of social movements The organizer may be SNCC s dramatis persona but its writers have been overlooked In the 1960s it was assumed established literary figures would write about civil rights and until now critical attention has centered on the Black Arts Movement neglecting what SNCC s writers contributed Sharon Monteith gathers hard to find literature where the freedom movement in the civil rights South is analyzed as subjective history and explored imaginatively SNCC s print culture consists of field reports pamphlets newsletters fiction essays poetry and plays which serve as intimate and illuminative sources for understanding political action SNCC s literary history contributes to the organization s legacy

Private Property and the Goddess Paul Richards PhD, 2023-06-19 Private Property and the Goddess explores how patriarchal private property arose in ancient times when men seized the land from woman centered cultures that grew up around the universal circle of women who nurtured humanity s children giving rise to language and culture Seizing the land required men to destroy the mother right basic to all Goddess cultures in which the land descended through the female line The only way to end the mother right was through patriarchal monogamy that ended freedom for women and inaugurated the current era of misogyny oppression and slavery The story unfolds through the author s response to American Indian Movement leader Russell Means assertion that Europeans including Marxists had proved themselves unable to respect nature and the earth Richards chronicles his own journey growing up as a red diaper baby in Oakland California and a radical student in the 1960s From there he traveled through a decades long struggle which led to his discovery of the Goddess With his growing awareness of the creative female source of life he explores the hidden story of her suppression inside the ancient origin myths of patriarchy inside Greek mythology and the one God Bible Along the way he examines Where Marx and Engels Went Wrong Was there a time when our white ancestors lived in harmony with nature How far back would we have to go to find such a time if it ever existed at all How did we lose respect for the natural world and for women The answers to these questions opens the door to finding a way to change the course of history
