The Georgia of the North Hettie V. Williams, 2024-07-12 The Georgia of the North is a historical narrative about Black women and the long civil rights movement in New Jersey from the Great Migration to 1954 Specifically the critical role played by Black women in forging interracial cross class and cross gender alliances at the local and national level and their role in securing the passage of progressive civil rights legislation in the Garden State is at the core of this book This narrative is largely defined by a central question How and why did New Jersey s Black leaders community members and women in particular affect major civil rights legislation legal equality and integration a decade before the *Brown v Board of Education* Topeka Kansas decision In this analysis the history of the early Black freedom struggle in New Jersey is predicated on the argument that the Civil Rights Movement began in New Jersey and that Black women were central actors in this struggle

Activism in the Name of God Jami L. Carlacio, 2023-08-16 Contributions by Janet Allured Lisa Pertillar Brevard Jami L Carlacio Cheryl J Fish Angela Hornsby Gutting Jennifer McFarlane Harris Neely McLaughlin Darcy Metcalfe Phillip Luke Sinitiere P Jane Splawn Laura L Sullivan and Hettie V Williams *Activism in the Name of God* Religion and Black Feminist Public Intellectuals from the Nineteenth Century to the Present recognizes and celebrates twelve Black feminists who have made an indelible mark not just on Black women s intellectual history but on American intellectual history in general The volume includes essays on Jarena Lee Theresa Hoover Pauli Murray and Alexis Pauline Gumbs to name a few

These women's commitment to the social, political, and economic well-being of oppressed people in the United States shaped their work in the public sphere, which took the form of preaching, writing, singing, marching, presiding over religious institutions, teaching, assuming leadership roles in the civil rights movement, and creating politically subversive print and digital art. This anthology offers readers exemplars with whose minds and spirits we can engage, from whose ideas we can learn, and upon whose social justice work we can build. The volume joins a burgeoning chorus of texts that calls attention to the creativity of Black women who galvanized their readers, listeners, and fellow activists to seek justice for the oppressed, pushing back on centuries of institutionalized injustices that have relegated Black women to the sidelines. The work of these Black feminist public intellectuals reflects both Christian gospel ethics and non-Christian religious traditions that celebrate the wholeness of Black people.
