**Making of an African Giant** Dan Mou, 2015-10-16 The performance of Nigeria has recently been vehemently criticized as not commensurate with her human and material potentialities The hope that Nigeria is by destiny the African Giant appears to be fading Some analysts seeing this have blamed it on the character defects of the leadership in Nigeria They argue that because the leaders are predatory and corrupt they have preoccupied themselves with their interests which are primitive accumulation and luxurious lifestyles Meanwhile the rest of the citizens are suffering This book argues that such character defects may indeed exist in some of Nigerian leaders However these are not the main reasons for their dismal performance regarding the welfare of the citizens The main problem is that Nigerian leaders seem to have largely lost control over the state and its policies which appear to have been captured by the dominant classes and groups local and international Nigeria's main problem is therefore a structural one Nonetheless the book concludes as the security economic political and social crises intensify Nigerian leaders even if it is simply for self preservation will be forced by the objective conditions to move against the interests of these dominant classes and groups It is only then that Nigeria can realistically be restored to the possibility of becoming an African Giant

National Security, Good Governance & Democracy in Africa Dr. Dan Mou, 2016-01-29 This book demonstrates that national security and good governance are opposite sides of the same coin As good governance improves national security also improves in that challenges to national security become lesser and lesser in such a society It concludes that for most of Africa this is not happening fast enough Thus creating fertile grounds for their citizens especially the youths to resort to self help measures some of which include violence and militancy These have further complicated the issues of national security good governance

and democracy in Africa Praise for the Book This book is a must read Dr Dan Mou a world class trained political scientist who has served at various ministries and parastatals in Nigeria before retirement has made stunning revelations Lead Times Africa Magazine Dr Dan Mou a varsity don and seasoned civil servant who spent over two decades working in Nigerias Presidency provides deep insights in this book into the intractable security situation in Nigeria and Africa He also x rays economic policies among other issues Daily Trust Having successfully designed and masterminded many workable national schemes in the past in Nigeria like the memoranda that led to the establishment of the Economic and Financial Crimes Commission EFCC Ministry of Niger Delta Affairs Amnesty Programme for the Niger Delta Region to mention just a few Dr Dan Mou in this book has proposed permanent solutions it is no fallacy to say that no one else could have done it better Dr O W Bashorun Provost College of Education Lagos Nigeria
