Kahler**

Night Games A Journey To The Dark Side Of Sport:

Night Games Anna Krien, 2014-09-04 Winner of the William Hill Sports Book of the Year Award 2014 The Pies beat the Saints and the city of Melbourne was still cloaked in black and white crepe paper when the rumour of a pack rape by celebrating footballers began to surface By morning the head of the sexual crimes squad confirmed to journalists that they were preparing to question two players And so as police were confiscating bed sheets from a townhouse in South Melbourne the trial by media began What does a young footballer do to cut loose At night some play what they think of as pranks or games Night games with women Sometimes these involve consensual sex but sometimes they don't and sometimes they fall into a grey area In *Night Games* Anna Krien follows the trial of a young footballer Fearlessly and without prejudice she shines a light into the darkest recesses of sports culture

A Cultural History of Sport in the Modern Age Steven A. Riess, 2022-08-31 A Cultural History of Sport in the Modern Age covers the period 1920 to today Over this time world wide participation in sport has been shaped by economic developments communication and transportation innovations declining racism diplomacy political ideologies feminization democratization as well as increasing professionalization and commercialization Sport has now become both a global cultural force and one of the deepest ways in which individual nations express their myths beliefs values traditions and realities The 6 volume set of the Cultural History of Sport presents the first comprehensive history from classical antiquity to today covering all forms and aspects of sport and its ever changing social cultural political and economic context and impact The themes covered in each volume are the purpose of sport sporting time and sporting space products training and technology rules and order conflict and accommodation inclusion exclusion and segregation minds bodies and identities representation Steven A Riess is Professor Emeritus at Northeastern Illinois University USA Volume 6 in the Cultural History of Sport set General Editors Wray Vamplew Mark Dyreson and John McClelland

The Game Tadhg Coakley, 2022-05-31 This book is a multifaceted reflection on sport It is part memoir outlining Tadhg Coakley's time as a player and fan of sport and how it has shaped his life It is also a book of essays critiquing several aspects of sport both good and bad and showing its influence in the wider world It is also a work of auto fiction wherein Coakley uses his novelistic abilities to chart narratives personal and public It is finally a work of scholarship brilliantly interweaving the author's view of a life spent inside and outside the white lines with the cultural discourse of previous writers and thinkers on the many themes explored The book is an exploration and explanation of what sport means why it is the world's largest single consumer product and such a dominant pervasive presence in Irish culture Why for example were the terms European Championships and Premier League the top Google searches in Ireland for 2021 Why was Christian Eriksen the most searched person In this book Tadhg Coakley interacts with sport in the way that Olivia Laing interacts with isolation The Lonely City Sin ad Gleeson and Emilie Pine interact with the female body and female experiences Constellations and Notes to Self Doireann N Ghr ofa interacts with being haunted by an eighteen century poet A Ghost in the

Throat and Fintan O Toole interacts with Irish history We Don t Know Ourselves This is a book that needed to be written We are consuming sport in ever greater gulps often blindly The coverage of sport is vast newspapers magazines books a whole raft of TV channels in many languages websites podcasts blogs radio stations hourly sports bulletins with every news cycle Why is that and what does it mean The book does not romanticise or idealise sport Sport has a dark side and is rife with greed corruption sexism homophobia nationalism and a raft of toxic masculine behaviour and the author interrogates his own behaviour and attitudes in respect of some of these On the other hand in sport as in art people can forge their own identities in grace imagination and the possibility of what may be This contradictory duality and the cognitive dissonance it carries with it is one of the most fascinating aspects of sport Sport like story is mostly about loss Ultimately sport like story is about what happens to the fans outside the white lines and for the readers off the page **Obscene Pedagogies** Carissa M.

Harris,2018-12-15 In **Obscene Pedagogies** Carissa M Harris investigates the relationship between obscenity gender and pedagogy in Middle English and Middle Scots literary texts from 1300 to 1580 to show how sexually explicit and defiantly vulgar speech taught readers and listeners about sexual behavior and consent Through innovative close readings of literary texts including erotic lyrics single woman s songs debate poems between men and women Scottish insult poetry battles and The Canterbury Tales Harris demonstrates how through its transgressive charge and galvanizing shock value obscenity taught audiences about gender sex pleasure and power in ways both positive and harmful Harris s own voice proudly witty and sharply polemical inspires the reader to address these medieval texts with an eye on contemporary issues of gender violence and misogyny **Night Games** Anna Krien,2013 Culture **Beijing's Games** Susan Brownell,2008-01-28 Why is hosting the Olympic Games so important to China What is the significance of a quintessential symbol of Western civilization taking place in the heart of the Far East Will the Olympics change China or will China change the Olympics Susan Brownell sets the historical and cultural contexts for the 2008 Beijing Olympics Games by placing it within the context of China s hundred year engagement with the Olympic movement to illuminate what the Games mean to China and what the Beijing Olympic Games will mean for China s relationship with the outside world Brownell s deeply informed analysis ranges from nineteenth century orientalism to Cold War politics and post Cold War China bashing Drawing on her more than two decades of engagement in Chinese sports the author presents evocative stories and first person accounts to paint a human picture of the passion that many Chinese people feel for the Olympic Games It will also be essential reading for journalists and sports enthusiasts who want to understand the fascinating story behind the Beijing Olympics New York Magazine ,1989-05-01 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *New York*
