Night Visions The Hellbound Heart:

Night Visions George R. R. Martin, 1988 A collection of eleven tales of terror by three noted authors *Night Vision* George R. R. Martin, **Night Visions** Clive Barker, 1988-08 On the cutting edge of modern terror this innovative collection features new exciting works by three of today's master storytellers Dean R Koontz Robert McCammon and Edward Bryant They demonstrate their talents in nerve shattering tales of the macabre **The Modern Weird Tale** S.T. Joshi, 2015-11-16 This is a critical study of many of the leading writers of horror and supernatural fiction since World War II The primary purpose is to establish a canon of weird literature and to distinguish the genuinely meritorious writers of the past fifty years from those who have obtained merely transient popular renown Accordingly the author regards the complex subtle work of Shirley Jackson Ramsey Campbell Robert Aickman T E D Klein and Thomas Ligotti as considerably superior to the best sellers of Stephen King Clive Barker Peter Straub and Anne Rice Other writers such as William Peter Blatty Thomas Tryon Robert Bloch and Thomas Harris are also discussed Taken as a whole the volume represents a pioneering attempt to chart the development of weird fiction over the past half century The Hellraiser Films and Their Legacy Paul Kane, 2015-05-07 Best selling horror novelist Clive Barker's 1987 film Hellraiser has become an undisputed horror classic spawning a movie franchise that to date includes eight films Exploring not only the cinematic interpretations of the Hellraiser mythos but also its intrusion into other artistic and cultural forms this volume begins by identifying the unconventional sources of Barker's inspiration and following Barker from his pre Hellraiser cinematic experience through the filming of the horror classic It examines various themes such as the undermining of the traditional family unit and the malleability of the flesh found throughout the film series and the ways in which the representation of these themes changes from film to film The religious aspects of the films are also discussed Characters central to the franchise and the mythos are examined in detail

Domesticity Under Siege Mark Taylor, Georgina Downey, Terry Meade, 2022-12-15 Theories of the domestic stemming from the 19th century have focused on the home as a refuge and place of repose for the family a nurturing environment for

children and a safe place for visitors Under this conception domestic space is positioned as nurturing and private a refuge and place of retreat which gave rise to theories of home as haven While arguably some social conditions might suggest this is the case Domesticity Under Siege exposes a different world one in which the boundaries of nurturing domesticity collide with both outside and inside agents Whether these agents are external military forces psychological trauma or familial violence they re position meta narratives of domesticity not through identity politics or specialized subgroup experience but relative to the actions of the world around an inhabited domain That is when home is constituted as a private realm a place where individuals or groups can reside in safety and comfort it is argued as a place in which the individual exercises control or power However there are many occasions when forces act upon the home and threaten aspects of safety and comfort often through such things as ruination violence mortality and infestation Organised around four thematic sections Microbes Animals and Insects Human Agents Wars and Disasters as Agents and Hauntings Eeriness and the Uncanny chapters provide a range of approaches to the home which challenge notions of haven and reflect major causes that have played an important role in undermining the modern home Examples and case studies explore the domestic screen hoarding hauntings violence and imprisonment in the home wartime interior art the Hanover Merzbau and Wolfgang Staudte s 1946 film *Die Mörder sind unter uns* The Murderers are Among Us Clive Barker Sorcha Ní Fhlainn,2017-10-03 Clive Barker Dark imager explores the diverse literary film and visionary creations of the polymathic and influential British artist Clive Barker In this necessary and timely collection innovative essays by leading scholars in the fields of literature film and popular culture explore Barker s contribution to gothic fantasy and horror studies interrogating his creative legacy The volume consists of an extensive introduction and twelve groundbreaking essays that critically reevaluate Barker s oeuvre These include in depth analyses of his celebrated and lesser known novels short stories theme park designs screen and comic book adaptations film direction and production sketches and book illustrations as well as responses to his material from critics and fan communities Clive Barker Dark imager reveals the breadth and depth of Barker s distinctive dark vision which continues to fascinate and flourish *Horror on the Stage* Amnon Kabatchnik,2023-06-28 There are numerous publications about the horror genre in film and television but none that provide information about horror on a legitimate stage until now This book highlights the most terrifying moments in theater history from classical plays like Aeschylus Prometheus Bound and Euripides Medea to the violence of the Grand Guignol company productions in 18th century France and present day productions like Stephen Sondheim s musical Sweeney Todd Stephen King s Carrie and dark 21st century plays by Clive Barker and Conor McPherson The book compiles the history and behind the scenes tales surrounding stage productions about monsters hauntings and horrors both historical and imagined Included are the nightmarish adaptations of popular writings from Edgar Allan Poe Oscar Wilde H G Wells Henry James Arthur Conan Doyle and others as well as plays starring popular characters like Frankenstein Dr Jekyll and Mr Hyde the Invisible Man the Phantom of the Opera and the Woman in Black More than 500

The Naked And The Undead Cynthia Freeland, 2018-03-05 Horror is often dismissed as mass art or lowbrow entertainment that produces only short term thrills Horror films can be bloody gory and disturbing so some people argue that they have bad moral effects inciting viewers to imitate cinematic violence or desensitizing them to atrocities In *The Naked and the Undead* Evil and the Appeal of Horror Cynthia A Freeland seeks to counter both aesthetic disdain and moral condemnation by focusing on a select body of important and revealing films demonstrating how the genre is capable of deep philosophical reflection about the existence and nature of evil both human and cosmic In exploring these films the author argues against a purely psychoanalytic approach and opts for both feminist and philosophical understandings She looks at what it is in these movies that serves to elicit specific reactions in viewers and why such responses as fear and disgust are ultimately pleasurable The author is particularly interested in showing how gender figures into screen presentations of evil The book is divided into three sections Mad Scientists and Monstrous Mothers which looks into the implications of male rationalistic scientific technology gone awry The Vampire s Seduction which explores the attraction of evil and the human ability or inability to distinguish active from passive subject from object and virtue from vice and Sublime Spectacles of

Disaster which examines the human fascination with horror spectacle This section concludes with a chapter on graphic horror films like The Texas Chainsaw Massacre Written for both students and film enthusiasts the book examines a wide array of films including The Silence of the Lambs Repulsion Frankenstein The Fly Dead Ringers Alien Bram Stoker's Dracula Interview with the Vampire Frenzy The Shining Eraserhead Hellraiser and many others

Clive Barker's Short Stories Gary Hoppenstand, 1994 Unlike other horror fiction and fantasy writers Clive Barker is true to the literary heritage of the genre Though aware of the importance of entertainment in his writing he embraces the traditional formulas of horror fiction and builds upon them all the while alluding to the works of Dante Poe Mary Shelley and others The complexity of Barker's writing is best evidenced in the six volume Books of Blood Many of these short stories are entertaining hair raisers yet they do not revel in gratuitous violence instead relying on style and a masterful sense of language to entertain This detailed study analyzes the significant themes in Barker's writing placing him in the British Gothic tradition of Marlowe Saki and others
