Knowles,2012-08-24 When Moses asked God to show him his glory the Lord passed before him and proclaimed his name And from that name cascaded a promise of grace and love compassion and faithfulness forgiveness and slowness to anger The story is told in Exodus 34 5 7 but the resonant name reverberates through the corridors of Scripture Michael Knowles teases out the rich dimensions and implications of this name by listening carefully to Exodus 34 and its biblical echoes He particularly tunes his ear to the spiritual meditations of later sages In tracing the unfolding mystery of the divine name throughout the span of Israel s story he finds it startlingly resolved in the God of Sinai becoming present in our midst The manifold name of God has long captivated those who trace their spiritual ancestry to Abraham whether they are Jewish Christian or Muslim This book brings this spiritual quest into dialogue with Scripture and tradition and invites us to experience this God of the eternal name **The nine billion names of God** ,1993 Symbolic Exchange and Death Jean

Baudrillard,2016-12-15 Jean Baudrillard is one of the most celebrated and most controversial of contemporary social theorists This major work occupies a central place in the rethinking of the humanities and social sciences around the idea of postmodernism It leads the reader on an exhilarating tour encompassing the end of Marxism the enchantment of fashion symbolism about sex and the body and the relations between economic exchange and death Most significantly the book represents Baudrillard s fullest elaboration of the concept of the three orders of the simulacra defining the historical passage from production to reproduction to simulation A classic in its field Symbolic Exchange and Death is a key source for the redefinition of contemporary social thought Baudrillard s critical gaze appraises social theories as diverse as cybernetics ethnography psychoanalysis feminism Marxism communications theory and semiotics This English translation begins with a new introductory essay The Folly of Preaching Michael P. Knowles,2007-08-28 The Folly of Preaching contains a wealth

of theoretical and practical insights into preaching from some of today's best known preachers scholars and homiletics teachers Many of these contributions derive their inspiration from Paul's letters to the church at Corinth in which the apostle vigorously defends both the message of the gospel and his own manner of proclaiming it Several of the twelve exemplary sermons rounding out *The Folly of Preaching* continue reflecting on the key theme of grace amid weakness and need expounding passages from Paul's Corinthian correspondence Of all the current preaching books available few come close to the compilation here of eminent figures in contemporary preaching Contributors Elizabeth R Achtemeier Charles G Adams Donna E Allen John L Bell David G Buttrick Tony Campolo Stephen C Farris John N Gladstone Edwina Hunter Michael P Knowles Cleophus J LaRue Thomas G Long Martin E Marty Haddon W Robinson John R W Stott Diane McLellan Walker

All the Names of the Lord Valentina Izmirlieva, 2008-09-15 Christians face a conundrum when it comes to naming God for if God is unnamable as theologians maintain he can also be called by every name His proper name is thus an open ended all encompassing list a mystery the Church embraces in its rhetoric but which many Christians have found difficult to accept To explore this conflict Valentina Izmirlieva examines two lists of God's names one from *The Divine Names* the classic treatise by Pseudo Dionysius and the other from *The 72 Names of the Lord* an amulet whose history binds together Kabbalah and Christianity Jews and Slavs Palestine Provence and the Balkans This unexpected juxtaposition of a theological treatise and a magical amulet allows Izmirlieva to reveal lists rhetorical potential to create order and to function as both tools of knowledge and of power Despite the two different visions of order represented by each list Izmirlieva finds that their uses in Christian practice point to a complementary relationship between the existential need for God's protection and the metaphysical desire to submit to his infinite majesty a compelling claim sure to provoke discussion among scholars in many fields *Short Story*
