**Time for Me** Ruth Fishel, 2016-01-05 How often have you read a book that was life changing You know that if you practice what it suggests your life will be better yet somehow you forget You forget to meditate in the morning You forget that three breaths calm you down You forget all the lessons you learned Time for Me is different because it contains wisdom that really works We have the ability to rewire and create new neural circuits in our brains and the more we practice something new the more we can form new neural pathways with each repetition In time these new pathways become deeper than the ones made by our old habits and they become automatic That means if we were to practice all this week thoughts such as I am happy or I am calm we would be more apt to return to them when we feel otherwise The seeds of all human characteristics are within us good and bad the ones that grow are the ones we nurture and that is why the wisdom in Time for Me is designed to be practiced every day

Going Within To Get Out Anonymous Girl, 2013-12 the minute I picked this book up I was on an emotional rollercoaster It was the most amazing journey to find myself crying one minute and laughing the next with the author s infectious wit and undeniable honesty The diary entries are so raw and vulnerable and have been written in a way that I have never experienced before I identified with many things throughout the book and found myself recalling significant events from my own adolescent years that I believed I had blocked or forgotten about At times it felt like there was nowhere to hide the words I was reading were so confronting it felt as though they were written just for me Taking this journey with the author allowed me to deal with what was coming up for me personally and move past those feelings to a place that felt good for me With every page that I read I couldn t believe how I was not only totally enthralled in the authors personal life story but that I was actually also uncovering so much about who I am as a person at my very core It allowed me to discover the parts of myself that I didn t like or accept yet and also how to recognise this in my day to day life I have now learned to accurately identify my feelings in each moment of my day and with some conscious effort also remember to be much more kind and loving towards myself I thank the writer of this book for allowing me a glimpse into her own life through courageously sharing and exposing her soul What I have gained from reading it is without a doubt the best gift anyone could ever give
