Nichols Pocket Bible Encyclopedia:

Nichol's Pocket Bible Encyclopedia Charles Ready Nichol, Glenn Owen, 1984-01-01 *The Churches of Christ* Richard T. Hughes, 2001-05-30 This volume tells the story of the Churches of Christ one of three major denominations that emerged in the United States from a religious movement led by Alexander Campbell and Barton W Stone in the early 19th century Beginning as an effort to provide a basis on which all Christians in America could unite the leaders of the movement relied on the faith and practice of the primitive church Ironically this unity movement eventually divided precisely along the lines of its original agenda as the Churches of Christ rallied around the restorationist banner while the Disciples of Christ gathered around the ecumenical cause Yet having begun as a countercultural sect the Churches of Christ emerged in the 20th century as a culture affirming denomination This brief history together with biographical sketches of major leaders provides a complete overview of the denomination in America The book begins with a concise yet detailed history of the denomination s beginnings in the early 19th century Tracing the influence of such leaders as Stone and Campbell the authors chronicle the triumphs and conflicts of the denomination through the 19th century and its reemergence and renewal in the 20th century The biographical dictionary of leaders in the Churches of Christ rounds out the second half of the book and a chronology of important events in the history of the denomination offers a quick reference guide A detailed bibliographic essay concludes the book and points readers to further readings about the Churches of Christ *The United States Catalog* Mary Burnham, Carol Hurd, 1928 *Catalog of Copyright Entries.
