**Nurse's Survival Guide to Drugs in Practice E-Book** Ann Richards, Sharon L. Edwards, 2020-08-14 Following the success

of the previous edition A Nurse's Survival Guide to Drugs in Practice has been completely updated with revised content written by expert practitioners and educators in the field of drug administration and pharmacology It continues to follow the popular systems approach and is now revised with new sections on the immune system added The book provides the underpinning current knowledge required for professional judgement and safer medication management This will be an invaluable resource for those studying prescribing courses as well as being useful for paramedics student nurses and all qualified staff A more detailed account of medication management including drug errors and strategies to mitigate against them occurring is included The multidisciplinary nature of drug administration from the naming of drugs through drug preparation administration and outcome are taken into account **The First Time Dad's Survival Guide** David

West, 2025-04-15 **The First Time Dad's Survival Guide** If you're a first time dad you're probably feeling a mix of excitement nervousness and maybe even a little bit of panic Don't worry you're not alone The First Time Dad's Survival Guide is here to help you navigate the rollercoaster of fatherhood with practical tips real world advice and a good dose of humor Inside you'll find everything you need to prepare for the arrival of your little one and everything you didn't know you'd need like how to survive sleepless nights support your partner through labor and keep your relationship strong through it all From diapering disasters to toddler tantrums this guide will help you handle the chaos with a steady hand and a smile Packed with Real world advice for each stage of the journey from pregnancy to the first few years of parenthood Practical tips and hacks for surviving sleepless nights managing stress and keeping your cool Humorous honest insights that show you're not alone in feeling overwhelmed and that it's okay to laugh through the chaos Fatherhood isn't easy but it's worth every minute This book will prepare you for the unexpected help you grow into the best dad you can be and remind you that you've got this one day at a time Sick and Tired Emily K. Abel, 2021-03-19

Medicine finally has discovered fatigue Recent articles about various diseases conclude that fatigue has been underrecognized underdiagnosed and undertreated Scholars in the social sciences and humanities have also ignored the phenomenon As a result we know little about what it means to live with this condition especially given its diverse symptoms and causes Emily K Abel offers the first history of fatigue one that is scrupulously researched but also informed by her own experiences as a cancer survivor Abel reveals how the limits of medicine and the American cultural emphasis on productivity intersect to stigmatize those with fatigue Without an agreed upon approach to confirm the problem through medical diagnosis it is difficult to convince others that it is real When fatigue limits our ability to work our society sees us as burdens or worse With her engaging and informative style Abel gives us a synthetic history of fatigue and elucidates how it has been ignored or misunderstood not only by medical professionals but also by American society as a whole The Junior Medical Officer's Guide to the Hospital Universe John Shi, 2022-12-22

something special out of the ordinary I wish I had had a manual like this one at that stage of my career I would have found the multitude of templates and lists a godsend an accessible entertaining work about life in medicine Professor David Bennett

AO Adolescent Health Physician Developmental Paediatrics Sydney Australia As a doctor who has recently completed her internship on reflection there are so many things I wish I knew before starting The author has done an exceptional job in providing a great summary of advice to assist JMOs survive their first years in the hospital which is very relevant to their day to day work The writing style is relatable and makes for an easy to read book which is also comical at times Dr Mitsi Blazos Basic Physician Trainee The Alfred Hospital Melbourne Australia The JMO Years Insane Hours Endless patients Mountains of paperwork Inexorable pressure Interminable years of training No life outside work How will you get the job done well How will you survive Look no further This is the essential guide to the real life of and in the hospital Providing invaluable guidance throughout with this book as your companion you will be able to clear those discharges get those consults survive after hours get your work life balance in order and ultimately be the doctor you really want to be Addressing every facet of the JMO s true role the book enables and supports junior doctors and medical students to thrive in their new position within the hospital system aiding the streamlined completion of administration maximising efficiency with no compromise in accuracy all with the final objective of ensuring the best possible outcome for patients while maintaining the health function and happiness of the health care provider
