Retro Camera Buying Guide: Getting Serious About Photography On the Cheap! Expanded and Revised Shawn M. Tomlinson, 2018-04-17 A lot has changed since I wrote and published this first volume of what became this guide series One thing hasn't I still have the same enthusiasm and joy in photography I had way back at the beginning of the series I have a lot more knowledge and experience now and occasionally even get close to taking good photographs That's the thing see I didn't know a lot when I originally wrote this guide I had been working in photography since 1982 professionally Everything I knew pretty much was self taught In general that's still true There's no need for you to do it all by yourself too though This book and this series are meant to help you get going with the basics fast Yes OK I tend to relate my own experiences but that too is meant to help you avoid some basic mistakes I made And perhaps I write in a tad too friendly manner but think of it as sitting down with me to have a friendly talk about a passion we share

Photography A Photo Curmudgeon's Tale Shawn M. Tomlinson, 2015-06-17 Long time columnist and lifelong photographer Shawn M Tomlinson writes about the art and technique of photography with wit and humor He focuses in his Photo Curmudgeon columns on getting started in as well as moving into advanced photography Instead of concentrating upon the newest shiniest photographic equipment Tomlinson works with all levels of older equipment makes recommendations and recounts his own Voyages of Photography He helps the novice get started with higher end older cameras and lenses and helps with photo editing suggestions and techniques

Tomlinson,2018-12-22 There s something odd about twin lens reflex TLR film cameras but very appealing I can t really explain it TLR cameras are bulky awkward to use and well kind of weird Still I love picking one up and taking it out to shoot Mamiya TLRs comprise a rare line of TLR cameras in that they were the only pro TLR cameras that had interchangeable lenses other than Contaflex That fact alone made me long for one a long time When I bought my Yashica Mat EM there were Mamiya TLR cameras available but usually at two to three times the cost Like the other medium format MF cameras Hasselblad Bronica Pentax etc the Mamiyas were far out of reach That is until around 2003 when photographers were ditching their film cameras and selling them cheap They may not be as cheap now but they re still worth the prices As I said shooting with a TLR is an odd experience but one definitely worth experiencing **Photography: Going Pro III: Revisiting the Canon EOS 1DS & 1DS Mark II** Shawn M.

Tomlinson,2018-02-20 When Canon entered the digital professional photography market the Powers That Be decided they would compromise between the smaller sensor that Nikon used and the full frame sensor Kodak was using for its short lived pro DSLR line The Canon EOS 1D definitely was a success and still is sought after The designers at Canon though couldn t seem to let go of the full frame sensor idea Scarcely a year after the 1D the company released the Canon EOS 1DS in late 2002 And it was is a fantastic pro camera Around two years later the Canon EOS 1DS Mark II hit the shelves and it was just that much better Both cameras still are viable options at low cost for using a pro DSLR camera They re a lot of fun too **Bird Photography** Laurie S. Excell,2013-10-09

Please note that this material was also published as Bird Photography From Snapshots to Great Shots Peachpit Press 978 0 13 308592 1 In Bird Photography author and wildlife photographer Laurie Excell teaches you key techniques for capturing images of birds whether you spot them in your own backyard or in a faraway exotic location Laurie starts by discussing various camera setups and basic settings and why she uses them as well as the fundamentals of exposure and how it relates to real world bird photography She then covers practicing at home and at nearby parks and lakes selecting the best locations and times to shoot and planning for a more extensive trip Finally she explains how to interpret behavior to determine how to approach your subject and maximize your time on your next photography adventure Now available as a full color PDF and filled with dozens of stunning images this ebook shows you how to get the bird photo you want every time you pick up your camera Follow along with your friendly and knowledgeable guide photographer and author Laurie Excell and you will Learn what equipment you need and the camera settings to use to gain full control over the look and feel of your images Master the basics of composition focus and depth of field whether you re in your own backyard in a local park or at a distant bird

friendly locale Get tips on the best seasons and locations for photographing all sorts of birds Develop an understanding of bird behavior so you can get closer to your subjects anticipate next steps and be ready for action **Vol. 04: Photography: The Black & White Book** Shawn M. Tomlinson, 2018-03-20 Photographer and writer Shawn M Tomlinson author of the Photo Curmudgeon column and books makes creating black and white and toned photos simple with this how to guide In a world dominated by colorful images black and white and toned photographs can stand out as something different something somehow more beautiful Tomlinson writes To really work in the 21st century a black and white or toned image must be special It must express something not there in color There must be a reason to change the reality of the image by turning it grayscale not just that you can All that said there is absolutely nothing like a truly great black and white image The author covers the basics of B W and toned photos including processing techniques printing presentation in eBooks and much more This is an expanded and revised edition of the original eBook and trade paperback editions **Robert W. Chambers: In Search of the Unknown Author of The King in Yellow** Shawn M. Tomlinson, 2015-06-13 This is the second volume of writings by Shawn M Tomlinson about Robert W Chambers author of The King in Yellow The first Robert W Chambers Maker of Moons Author of The King in Yellow Unmasked contains the biography of Chambers along with extensive bibliographic details and other related material This second volume collects the original articles and columns Tomlinson wrote about Chambers during his quest to complete the biography over a period of many years Also included are more photographs of Chambers estate Broadalbin House as well as two of Tomlinson s photography columns Photo Curmudgeon focused upon Chambers *Robert W. Chambers: Master of The King in Yellow* Shawn M. Tomlinson, 2015-11-08 It has taken me 37 years to write this biography of author Robert W Chambers Along the way I wrote and published many articles about him but did not complete the biography until 2014 I got the idea of writing it when I was 15 and the reason I got the idea is the same reason it has taken so long to write the book There simply is not that much information about Chambers out there Despite his fame and thorough integration in New York high society very little was written about him during his lifetime This volume contains the Expanded Edition of the biography Robert W Chambers Maker of Moons as well as the collection of articles originally titled Robert W Chambers In Search of the Unknown Author of The King in Yellow *Moose Peterson's Guide to Wildlife Photography* Bruce Peterson, 2003 With more than 20 years experience in wildlife photography Moose Peterson is America s most accomplished documenter of endangered species He reveals his professional secrets and techniques in his most comprehensive and spectacularly photographed guide to date Peterson explains exactly how to make the most of your equipment and how to use animals habits to optimize your results Find the right tools for the job including every type of lens learn techniques such as panning shooting from blinds and remote triggering of the flash and take expert advice on how to make the subject really come to life in your images Understand how to use animals habits to optimize your results see how to frame the animal within a background for that perfect shot and explore techniques for modifying the natural light to really

highlight your subject Of course Peterson has fascinating stories to tell about his own experiences and his fabulous photos provide real enjoyment even as they teach valuable lessons
