David Copperfield Charles Dickens, 2008-05-08 I have in my heart of hearts a favourite child And his name is DAVID COPPERFIELD wrote Dickens of what is the most personal certainly one of the most popular of all his novels Dickens wrote the book after the completion of a fragment of autobiography recalling his employment as a child in a London warehouse and in the first person narrative a new departure for him realized marvellously the workings of memory The embodiment of his boyhood experience in the novel involved a complicated interweaving of truth and fiction at its most subtle in the portrait of his father as Mr Micawber one of Dickens's greatest comic creations Enjoying a humour that never becomes caricature the reader shares David's affection for the eccentric Betsey Trotwood and her protégé Mr Dick and smiles with the narrator at the trials he endures in his love for the delightfully silly Dora Settings East Anglia the London of the 1820s people and events are unified by their relationship to the story of Steerforth's treachery which reaches its powerful climax in the storm scene This edition which has the accurate Clarendon text includes Dickens's trial titles and working notes and eight of the original illustrations by Phiz ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more

Lynn Cain, 2017-05-15 Drawing on a wide range of Dickens's writings including all of his novels and a selection of his letters
journalism and shorter fiction Dickens Family Authorship provides a provocative account of the evolution of an author from
whose psychological honesty and imaginative generosity emerged precocious fictional portents of Freudian and post
Freudian theory The decade 1843 1853 was pivotal in Dickens's career A phase of feverish activity on both personal and
professional fronts it included the irrevocable souring of his relations with his parents the peripatetic residence in
continental Europe and a massive proliferation of writing and editing activities including the aborted autobiography It was a
period of astounding creativity which consolidated Dickens's authorial and financial stature It was also one tainted by loss
the deaths of his father sister and daughter and the alarming desertion of his early facility for composition Lynn Cain's
substantial study of the four novels produced during this turbulent decade Martin Chuzzlewit Dombey and Son David
Copperfield and Bleak House traces the evolution of Dickens's creative imagination to discover in the modulating fictional
representation of family relationships a paradigm for his authorial development Closely argued readings demonstrate a
reorientation from a patriarchal to a maternal dynamic which signals a radical shift in Dickens's creative technique
Interweaving critical analysis of the four novels with biography and the linguistic and psychoanalytic writings of modern
theorists especially Kristeva and Lacan Lynn Cain explores the connection between Dickens's susceptibility to depression
during this period and his increasingly self-conscious exploitation of his own mental states in his fiction Reading Dickens

The Dog in the Dickensian Imagination Beryl Gray,2016-03-23 Fascinated by them unable to ignore them and imaginatively stimulated by them Charles Dickens was an acute and unsentimental reporter on the dogs he kept and encountered during a time when they were a burgeoning part of the nineteenth century urban and domestic scene As dogs inhabited Dickens s city so too did they populate his fiction journalism and letters In the first book length work of criticism on Dickens s relationship to canines Beryl Gray shows that dogs real and invented were intrinsic to Dickens s vision and experience of London and to his representations of its life Gray draws on an array of reminiscences by Dickens s friends family and fellow writers and also situates her book within the context of nineteenth century attitudes towards dogs as revealed in the periodical press newspapers and institutional archives Integral to her study is her analysis of Dickens s texts in relationship to their illustrations by George Cruikshank and Hablot Knight Browne and to portraiture by late eighteenth and nineteenth century artists like Thomas Gainsborough and Edwin Landseer The Dog in the Dickensian Imagination will not only enlighten readers and critics of Dickens and those interested in his life but will serve as an important resource for scholars interested in the Victorian city the treatment of animals in literature and art and attitudes towards animals in nineteenth century Britain

Oulton,2002-12-13 This book places Dickens and Wilkie Collins against such important figures as John Henry Newman and George Eliot in seeking to recover their response to the religious controversies of mid nineteenth century England While much recent criticism has tended to overlook or dismiss their religious pronouncements this book foregrounds the religious

aspect of their writing and relocates their most important work in the context of contemporary debate The response of both writers is seen to be complex and fraught with tension **Eighteenth-century Women Dramatists** Melinda C.

Finberg,2001 These four plays written by women dramatists during the Restoration are now available in a single edition This volume includes Mary Pix's *The Innocent Mistress* Susanna Centlivre's *The Busy Body* Elizabeth Griffith's *The Times* and Hannah Cowley's *The Belle's Stratagem* thereby introducing readers to some of the earliest published women dramatists The text is freshly edited using modern spelling The critical introduction wide ranging annotation and informative bibliography illuminate the plays cultural context and theatrical potential for reader and performer alike **The Figaro Trilogy**

Pierre-Augustin Caron de Beaumarchais,2003-10-09 *The Barber of Seville* *The Marriage of Figaro* *The Guilty Mother* Eighteenth century France produced only one truly international theatre star Beaumarchais and only one name Figaro to put with Don Quixote or D Artagnan in the ranks of popular myth But who was Figaro Not the impertinent valet of the operas of Mozart or Rossini but both the spirit of resistance to oppression and a bourgeois individualist like his creator The three plays in which he plots and schemes chronicle the slide of the ancien régime into revolution but also chart the growth of Beaumarchais humanitarianism They are also exuberant theatrical entertainments masterpieces of skill invention and social satire which helped shape the direction of French theatre for a hundred years This lively new translation catches all the zest and energy of the most famous valet in French literature ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more **Romantic Friendship in Victorian Literature** Carolyn W. de la L. Oulton,2016-04-08 Carolyn Oulton recovers the

strategies nineteenth century authors used to justify the ideal of same sex romantic friendship and the anxieties these strategies reveal Informed by recent insights into the erotic potential of such relationships but focused on romantic friendship as an independent and fully formulated ideal Oulton departs from other critics who view romantic friendship as either nebulous and culturally naive or an invocation of homoerotic responsiveness By considering both male and female friendships Oulton uncovers surprising parallels between them in novels and poetry by authors such as Dickens Tennyson Disraeli Charlotte Brontë and Braddon Oulton also examines conduct manuals periodicals and religious treatises tracing developments from mid century to the fin de siècle when romantic friendship first came under serious attack Her book is a persuasive challenge to those who view mid Victorian England existing in a state of blissful pre Freudian innocence as unproblematically accommodating of passionate same sex relationships **Circular** ,1927 **Fictions of Home** Martin

Mühlheim,2018-04-23 This study aims to counter right wing discourses of belonging It discusses key theoretical concepts for the study of home focusing in particular on Marxist feminist postcolonial and psychoanalytic contributions The book also

maintains that postmodern celebrations of nomadism and exile tend to be incapable of providing an alternative to conservative xenophobic appropriations of home In detailed readings of one film and six novels a view is developed according to which home as a spatio temporal imaginary is rooted in our species being and as such constitutes the inevitable starting point for any progressive politics
