Historic Streets and Squares Melanie Backe-Hansen, 2013-11-01 In this picturesque exploration of Britain's constructed landscape an array of medieval lanes Georgian crescents and Victorian squares make an appearance together with the people famous infamous and unfamiliar who designed built and lived in them From Bedford Square and Portobello Road in London through to Grey Street in Newcastle and Charlotte Square in Edinburgh Historic Streets and Squares takes you over the doorstep of some of the country's most familiar addresses Melanie Backe Hansen takes us beyond the facades delving into the evolution of ancient streets the aspirations of builders and architects and the extraordinary lives of past residents She also reveals the fascinating stories of how some of our oldest and most valued crescents lanes and avenues have survived into the twenty first century and the twists and turns of their journey along the way Taken together these fifty examples tell us much about Britain's urban development over the centuries while also highlighting more recent attempts to preserve our architectural heritage The history of our streets avenues lanes and squares reveals more than just changes to architectural style but offers a doorway into the heritage of our nation

The Rational Believer Masooda Bano, 2012-03-15 Islamic schools or madrasas have been accused of radicalizing Muslims and participating either actively or passively in terrorist networks since the events of 9 11 In Pakistan the 2007 siege by government forces of Islamabad's Red Mosque and its madrasa complex whose imam and students staged an armed resistance against the state for its support of the war on terror reinforced concerns about madrasas role in regional and global jihad By 2006 madrasas registered with Pakistan's five regulatory boards for religious schools enrolled over one million male and 200 000 female students In *The Rational Believer* Masooda Bano draws on rich interview ethnographic and survey data as well as fieldwork conducted in madrasas throughout the country to explore the network of Pakistani madrasas She maps the choices and decisions confronted by students teachers parents and clerics and explains why available choices make participation in jihad appear at times a viable course of action Bano's work shows that beliefs are rational and that religious believers look to maximize utility in ways not captured by classical rational choice She applies analytical tools from the New Institutional Economics to explain apparent contradictions in the madrasa system for example how thousands of young Pakistani women now demand the national adoption of traditional sharia law despite its highly restrictive limits on female agency and do so from their location in Islamic schools for girls that were founded only a generation ago

War and Colonization in the Early American Northeast Christoph Strobel, 2023-04-25 This book takes a new approach by synthesizing the work of scholars of military and Indigenous history to provide the first chronologically ordered region wide and long term narrative history of conflict in the Early American Northeast War and Colonization in the Early American Northeast focuses on war and society European colonization and Indigenous peoples in New England from the pre Columbian era to the mid eighteenth century It examines how the New English used warfare against Native Americans as a way to implement a colonial order These conflicts shaped New English attitudes toward Native Americans which further aided in the marginalization and the violent targeting of these communities At the same time this volume pays attention to the experiences of Indigenous peoples It explores pre Columbian Native American conflict and studies how colonization altered the ways of warfare of Indigenous people Native Americans contested New English efforts at

colonization and used violent warfare strategies and raids to target their enemies often quite successfully However in the long run depending on time and geographic location conflict and colonization led to dramatic and violent changes for Native Americans This volume is an essential resource for academics students academic libraries and general readers interested in the history of New England military Native American or U S history **UNESCO General History of Africa, Vol. III, Abridged Edition** Unesco. International Scientific Committee for the Drafting of a General History of Africa,1992-11-03 The book first places Africa in the context of world history at the opening of the seventh century before examining the general impact of Islamic penetration the continuing expansion of the Bantu speaking peoples and the growth of civilizations in the Sudanic zones of West Africa Back cover *The Victoria History of the County of Cambridgeshire and the Isle of Ely* Louis Francis Salzman,1938 *Interpreting Food at Museums and Historic Sites* Michelle Moon,2015-11-19 Food is such a friendly topic that it s often thought of as a hook for engaging visitors a familiar way into other topics or a sensory element to round out a living history interpretation But it s more than just a hook it s a topic all its own with its own history and its own uncertain future deserving of a central place in historic interpretation With audiences more interested in food than ever before and new research in food studies bringing interdisciplinary approaches to this complicated but compelling subject museums and historic sites have an opportunity to draw new audiences and infuse new meaning into their food presentations You ll find A comprehensive thematic framework of key concepts that will help you contextualize food history interpretations A concise evaluative review of the historiography of food interpretation Case studies featuring the expression of these themes in the real world of museum interpretation and Best practices for interpreting food Interpreting Food at Museums and Historic Sites offers a framework for understanding the big ideas in food history suggesting best practices for linking objects exhibits and demonstrations with the larger story of change in food production and consumption over the past two centuries a story in which your visitors can see themselves and explore their own relationships to food This book can help you develop food interpretation with depth and significance making relevant connections to contemporary issues and visitor interests

Breakaway Americas Thomas Richards Jr.,2020-04-21 A reinterpretation of a key moment in the political history of the United States and of the Americans who sought to decouple American ideals from US territory Published in Cooperation with the William P Clements Center for Southwest Studies Southern Methodist University Most Americans know that the state of Texas was once the Republic of Texas an independent sovereign state that existed from 1836 until its annexation by the United States in 1846 But few are aware that thousands of Americans inspired by Texas tried to establish additional sovereign states outside the borders of the early American republic In Breakaway Americas Thomas Richards Jr examines six such attempts and the groups that supported them patriots who attempted to overthrow British rule in Canada post removal Cherokees in Indian Territory Mormons first in Illinois and then the Salt Lake Valley Anglo American overland immigrants in both Mexican California and Oregon and of course Anglo Americans in Texas Though their goals and methods varied

Richards argues that these groups had a common mindset they were not expansionists Instead they hoped to form new independent republics based on the American values that they felt were no longer recognized in the United States land ownership a strict racial hierarchy and masculinity Exposing nineteenth century Americans lack of allegiance to their country which at the time was plagued with economic depression social disorder and increasing sectional tension Richards points us toward a new understanding of American identity and Americans as a people untethered from the United States as a country Through its wide focus on a diverse array of American political practices and ideologies Breakaway Americas will appeal to anyone interested in the Jacksonian United States US politics American identity and the unpredictable nature of history

Transatlantic Speculations Hannah Catherine Davies,2018-11-20 The year 1873 was one of financial crisis A boom in railway construction had spurred a bull market but when the boom turned to bust transatlantic panic quickly became a worldwide economic downturn In Transatlantic Speculations Hannah Catherine Davies offers a new lens on the panics of 1873 and nineteenth century globalization by exploring the ways in which contemporaries experienced a tumultuous period that profoundly challenged notions of economic and moral order Considering the financial crises of 1873 from the vantage points of Berlin New York and Vienna Davies maps what she calls the dual transatlantic speculations of the 1870s the financial speculation that led to these panics as well as the interpretative speculations that sprouted in their wake Drawing on a wide variety of sources including investment manuals credit reports business correspondence newspapers and legal treatises she analyzes how investors were prompted to put their money into faraway enterprises how journalists and bankers created and spread financial information and disinformation how her subjects made and experienced financial flows and how responses ranged from policy reform to anti Semitic conspiracy theories when these flows suddenly were interrupted Davies goes beyond national frames of analysis to explore international economic entanglement using the panics interconnectedness to shed light on contemporary notions of the world economy Blending cultural intellectual and legal history Transatlantic Speculations gives vital transnational and comparative perspective on a crucial moment for financial markets globalization and capitalism
