To the Lighthouse Virginia Woolf, 2006 I am making up To the Lighthouse the sea is to be heard all through it Inspired by the lost bliss of her childhood summers in Cornwall Virginia Woolf produced one of the masterworks of English literature in To the Lighthouse It concerns the Ramsay family and their summer guests on the Isle of Skye before and after the First World War As children play and adults paint talk muse and explore relationships shift and mutate A captivating fusion of elegy autobiography socio political critique and visionary thrust it is the most accomplished of all Woolf's novels On completing it she thought she had exorcised the ghosts of her imposing parents but she had also brought form to a book every bit as vivid and intense as the work of Lily Briscoe the indomitable artist at the centre of the novel *To the Lighthouse* Virginia Woolf, 2006-09-14 I am making up To the Lighthouse the sea is to be heard all through it Inspired by the lost bliss of her childhood summers in Cornwall Virginia Woolf produced one of the masterworks of English literature in To the Lighthouse It concerns the Ramsay family and their summer guests on the Isle of Skye before and after the First World War As children play and adults paint talk muse and explore relationships shift and mutate A captivating fusion of elegy autobiography socio political critique and visionary thrust it is the most accomplished of all Woolf's novels On completing it she thought she had exorcised the ghosts of her imposing parents but she had also brought form to a book every bit as vivid and intense as the work of Lily Briscoe the indomitable artist at the centre of the novel ABOUT THE SERIES For over 100 years Oxford World's Classics has made available the widest range of literature from around the globe Each affordable volume reflects Oxford's commitment to scholarship providing the most accurate text plus a wealth of other valuable features including expert introductions by leading authorities helpful notes to clarify the text up to date bibliographies for further study and much more *The Cambridge Companion to To The Lighthouse* Allison Pease, 2015 Written by leading international scholars of Woolf and modernism The Cambridge Companion to To The Lighthouse will be of interest to students and scholars alike *The Waves* Virginia Woolf, 2015 I who would wish to feel close over me the protective waves of the ordinary catch with the tail of my eye some far horizon Intensely visionary yet absorbed with the everyday experimental daring and challenging The Waves is regarded by many as Virginia Woolf's greatest achievement It follows a set of six friends from childhood to middle age as they experience the world around them and explore who they are and what it means to be alive As the contours of their lives are revealed a unique novel is slowly unveiled Enfolded within Woolf's lyrical and mysterious language the mundane takes on a startling new significance while distant pasts are no less in play than the clamorous sounds and kaleidoscopic sights of the modern city Yet precisely where the alluringly enigmatic pages of The Waves are leading and what deeper meanings are held within its undulant chapters and shimmering interludes are questions that have never ceased to enthral readers and critics alike In this new edition David Bradshaw considers the spellbinding oddness and originality of The Waves helping the reader to negotiate a way through this most poetic and haunting of novels

Joyce and Company David Pierce, 2006-03-23 Joyce and Company is a comparative study which encourages a way of thinking about Joyce not as an isolated figure but as someone who is best understood in the company of others whether from the past the present or indeed the imagined future Throughout Pierce places Joyce and his time in dialogue with other figures or different historical periods or languages other than English In this way Joyce is seen anew in relation to other writers and contexts The book is organised in four parts Joyce and History Joyce and Language Joyce and the City and Joyce and the Contemporary World Pierce emphasises Joyce's position as both an Irish and a European writer and shows Joyce's continuing relevance to the twenty first century not least in his commitment to language culture and a discourse on freedom

authors such as Pater Ruskin Proust Mark Rutherford George Gissing and A C Benson He goes on to look at writers experimenting further with autobiografiction as Impressionism turns into Modernism juxtaposing detailed and vivacious readings of key Modernist texts by Joyce Stein Pound and Woolf with explorations of the work of other authors including H G Wells Henry James Joseph Conrad Ford Madox Ford and Wyndham Lewis whose experiments with life writing forms are no less striking The book concludes with a consideration of the afterlife of these fascinating experiments in the postmodern literature of Nabokov Lessing and Byatt Self Impression sheds light on a number of significant but under theorized issues the meanings of autobiographical the generic implications of literary autobiography and the intriguing relation between autobiography and fiction in the period
