[PAIN: Why Do We Continue to Suffer?](#) Connie R. Faltynek, 2020-05-02 PAIN Why Do We Continue to Suffer explores the scientific reasons behind the ongoing problem of unrelieved pain But it s not just a medical problem Due to the complexity and subjective nature of pain various cultures and religions throughout history have taught that relief of pain is not important and in some cases should not even be attempted These views and biases continue to impact current attitudes about pain and pain relief Any discussion about pain today must include the topic of opioid abuse although when used appropriately opioids are often the most effective method to relieve severe pain One chapter attempts to provide a balanced assessment of the risks and benefits of prescription opioids in the context of other current medications and alternative methods for pain relief Later chapters discuss recent research toward discovering safer and more effective ways to relieve pain offering the reader hope that there will be less suffering in the future [Black Health Matters](#) Richard W. Walker, Jr., 2021-08-25 It s no secret that the Black community tops the list of groups afflicted by hypertension stroke diabetes heart disease kidney failure and cancer What the statistics do not show is the pain misery and despair that these conditions create not only for the individual but also for family and friends As an African American doctor Dr Richard Walker has studied these conditions among his patients for many years Now in Black Health Matters Dr Walker offers a number of commonsense ways to prevent manage and possibly eliminate these killers turning the tide of African American health In this unique book Dr Walker follows the health and healthcare journey of African captives into slavery and describes what they had to do to survive nutritionally and culturally ultimately resulting in the chronic ill health and early death now pervasive in Black communities Most important Dr Walker explains how African Americans can turn their health around by understanding and incorporating better nutrition nutritional supplements exercise and regular healthcare checkups into their lives Each chapter explains a different health problem common to the Black community including obesity diabetes heart disease cancer hypertension sickle cell disease and more and offers concrete ways in which that condition can be avoided or better managed often through simple changes that can be easily made by the individual Tips are included for locating and communicating with affordable healthcare

Thought Life Roger Ball, 2025-08-01 The deepest human longings never change for purpose transformation and transcendence Across every culture and era we've asked the same questions Why do we suffer What makes life meaningful Is there more than this Today's self help industry dresses these ancient yearnings in modern jargon like authentic living life hacks and self actualization but the hunger beneath remains We don't just want better habits we want genuine transformation Not just productivity but meaning and purpose Not superficial self improvement but true deliverance Mindshifts reveals how humanity's greatest insights point beyond themselves to the God who designed us for more Consider how Nietzsche's call to become who you are echoes the divine call to become who we were made to be Ephesians 2:10 The Phoenix's cyclical rebirth whispers of Christ's resurrection Orwell's warning about the happiness trap reflects Jesus teaching that life does not consist in an abundance of possessions Luke 12:15 These patterns are not accidental they are fragments of the truth that God has woven into history not as rivals to His revelation but as signposts pointing back to Him And they all find their fulfillment in the One who declared I AM the truth you've been chasing John 14:6
