Pagans In The Promised Land Decoding The Doctrine Of Christian Discovery:

Pagans in the Promised Land Steven T. Newcomb, 2008 An analysis of how religious bias shaped U S federal Indian law
Pagans in the Promised Land Steven T. Newcomb, 2010-05-07 Pagans in the Promised Land provides a unique well researched challenge to U S federal Indian law and policy It attacks the presumption that American Indian nations are legitimately subject to the plenary power of the United States Steve Newcomb puts forth a startling theory that U S federal Indian law and policy are premised on Old Testament narratives of the chosen people and the promised land as exemplified in the 1823 Supreme Court ruling Johnson v McIntosh that the first Christian people to discover lands inhabited by natives who were heathens have an ultimate title to and dominion over these lands and peoples This important addition to legal scholarship asserts there is no separation of church and state in the United States so long as U S federal Indian law and policy are premised on the ancient religious distinctions between Christians and heathens [Pagans in the Promised Land](#)

The Hidden Roots of White Supremacy Robert P. Jones, 2024-09-10 The story of three locations in the United States in Mississippi Minnesota and Oklahoma where the Indigenous people were driven out by European colonists where vicious racial killings took place in the last century and how these places are coming to terms with the past creating new organizations dedicated to racial repair and reconciliation as they aspire to a more inclusive more promising future [In Sheep's Clothing](#) George Yancy, Bill Bywater, 2023-11-20 From Megyn Kelly's claim that Jesus is white to former President Trump's claim that he is the chosen one or the King of Israel there is serious trouble in paradise Contemporary manifestations of white Christian nationalism are deeply entangled in political issues from women's political rights over their own bodies to the rejection of Critical Race Theory CRT Carrying Christian signs and crosses protestors at the Capitol insurrection on January 6th were not only fighting with a sense of white nationalist duty but fighting with a religious zeal making this a pressing moment in the current time to which this volume speaks This edited collection invites scholars share frustration anger interrogation and conceptual clarity with readers regarding this toxic form of Christianity that fights not in the name of love but in the name of political domination and out of deep fear and hatred Attention is also brought to Christianity's counter voice one predicated upon love and its effectiveness to resist not just deep political pro white forces at work but also its capacity to focus emphasis upon Christian love The text is designed to speak to the contemporary moment with respect to the explicit and implicit ways in which white nationalism and white Christianity continue to be entangled and reinforce one another Contributors are asked to articulate what is behind this racially politically ideologically psychically charged whiteness of Christianity in the US and to articulate what is beyond the whiteness of Christianity for both Christians and non Christians alike concerned with the rise of white Christian nationalism

Arnold,2023-09-15 In this book Philip Arnold utilizes a collaborative method derived from the Two Row Wampum 1613 and his 40 year relationship with the Haudenosaunee in exploring the urgent need to understand Indigenous values support Indigenous Peoples and to offer a way toward humanity s survival in the face of ecological and environmental catastrophe Indigenous values connect human beings with the living natural world through ceremonial exchange practices with non human beings who co inhabit the homelands Arnold outlines Indigenous traditions of habitation and ceremonial gift economies and contrasts those with settler colonial values of commodification where the land and all aspects of material life belongs to human beings and are reduced to

monetary use value Through an examination of the Doctrine of Christian Discovery a series of fifteenth century documents that used religious decrees to justify the subjugation and annihilation of Indigenous Peoples Arnold shows how issues such as environmental devastation social justice concerns land theft and forced conversion practices have their origins in settler colonial relationships with the sacred that persists today Designed to initiate a conversation in the classroom in the academy and in various communities about what is essential to the category of Indigeneity this book offers a way of understanding value systems of Indigenous peoples By pairing the concepts of Indigeneity and religion around competing values systems Arnold transforms our understanding of both categories **The Colonial Compromise** Miguel A. De La Torre,2020-12-04

This book explores the different types of compromises Indian people were forced to make and must continue to do so in order to be included in the colonizer s religion and culture The contributors in this collection are in conversation with the contributions made by Tink Tinker an American Indian scholar who is known for his work on Native American liberation theology The contributors engage with the following questions in this book How much of one s identity must be sacrificed in order to belong in the world of the colonizer How much of one s culture requires silencing And more importantly how can the colonized survive when constantly asked and forced to compromise Specifically what is uniquely Indian and gets completely lost in this interaction Scholars of religious studies American studies American Indian studies theology sociology and anthropology will find this book particularly useful **A Burning House** Brandon Washington,2023-05-16 Despite the civil rights progress he fought for and saw on the horizon in the 1950s and 60s Martin Luther King Jr increasingly concerned by America s moral vision admitted I ve come to believe that we are integrating into a burning house In A Burning House Brandon Washington contends that American Evangelicalism is a house ablaze burning in the destructive fires of discrimination and injustice The stain of segregation remains prevalent not only in our national institutions but also in our churches and this has long tarnished the witness of Christianity and hampered our progress toward a Christ like vision of Shalom peace justice and wholeness in the world Common doctrine may unite black and white evangelicals but rifts such as social ethics and cultural influences still separate us Throughout this challenging but reconciliatory book Washington gives a historical and theological appraisal of American evangelicalism to understand how we came to be where we are and what our response should be Instead of calling the movement to become something new he challenges it to live into what it has always been in Christ and strive for deliberate and sacrificial integration the unity of believers of all ethnicities A Burning House is a rallying call to a waning movement whose most public leaders have often turned a blind eye to or even justified the sin of racism a movement whose theology is sometimes compromised by a secular anthropology This is a call to both white and black evangelicals to better understand our past so that we can better embrace the unifying and comprehensive message of the gospel we preach [The Routledge Companion to Global Indigenous History](#) Ann McGrath,Lynette Russell,2021-09-30

Speaking of

Indigenous Politics J. Kehaulani Kauanui, 2018-06-10 A lesson in how to practice recognizing the fundamental truth that every inch of the Americas is Indigenous territory Robert Warrior from the Foreword Many people learn about Indigenous politics only through the most controversial and confrontational news the Standing Rock Sioux Tribe s efforts to block the Dakota Access Pipeline for instance or the battle to protect Bears Ears National Monument in Utah a site sacred to Native peoples But most Indigenous activism remains unseen in the mainstream and so of course does its significance J K haulani Kauanui set out to change that with her radio program Indigenous Politics Issue by issue she interviewed people who talked

candidly and in an engaging way about how settler colonialism depends on erasing Native peoples and about how Native peoples can and do resist. Collected here these conversations speak with clear and compelling voices about a range of Indigenous politics that shape everyday life. Land desecration, treaty rights, political status, cultural revitalization—these are among the themes taken up by a broad cross section of interviewees from across the United States and from Canada, Mexico, Chile, Bolivia, Peru, Australia, and New Zealand. Some speak from the thick of political action; some from a historical perspective; others from the reaches of Indigenous culture, near and far. Writers like Comanche Paul Chaat Smith, author of *Everything You Know about Indians Is Wrong*, expand on their work about gaming and sovereignty, for example, or protecting Native graves, the reclamation of land, or the erasure of Indian identity. These conversations both inform and engage at a moment when their messages could not be more urgent.

Strangers in This World Hussam S. Timani, Allen G. Jorgenson, Alexander Y. Hwang, 2015-08-03. *Strangers in This World* brings together a consortium of scholars to reflect on the religious, political, anthropological, and social realities of immigration through the prism of the historical and theological resources, insights, and practices across an array of religious traditions. The volume, reflecting the diversity of religious cultures, is nevertheless unified in arguing that immigration is an important aspect of the major religions at their core and connects to vital points of theological reflection and practice in Hinduism, Buddhism, Judaism, Christianity, Islam, and Native American religious traditions.

Christian Imaginations of the Religious Other Marianne Moyaert, 2024-01-31. Explores how Christians created, used, and adapted religionized categories of non-Christians through the centuries. *Christian Imaginations of the Religious Other* traces the genealogy of religionization, the various ways Christians throughout history have created a sense of religious normativity while simultaneously producing various categories of non-Christian otherness. Covering a broad expanse of processes, practices, and socio-political contexts, this innovative volume analyzes the complex intersections of patterns of religionization in different eras while investigating their entanglements with racialization, sexualization, and ethnicization. With a readable and accessible style, Marianne Moyaert offers a nuanced and well-balanced critical analysis of how and why Christianity's others were named, categorized, essentialized, and governed by those exemplifying Christian normativity in Western European society. The author takes a *longue durée* approach, a long

term perspective on history that extends past human memory and the archaeological record that integrates different case studies and a variety of ecclesial theological and literary documents Throughout the text Moyaert demonstrates how religionization shaped the ways Christians classified people organized Christian societies interacted with different Christian and non Christian groups and more Surveys the relationship between shifts in Christian normativity and the way non Christians are imagined Helps readers connect the lasting effects of patterns of religionization with their everyday experiences Discusses the role of Christian expansion in the differential and unequal treatment of Christianity's others Examines legal regulations and disciplinary practices that were established to define the boundaries between Christians and non Christians Incorporates a wide range of scholarly resources cutting edge research and the most recent insights and issues in the field Includes textboxes with helpful summaries illustrations and commentary in each chapter Christian Imaginations of the Religious Other A History of Religionization is an excellent textbook for undergraduate and graduate courses in interreligious studies comparative theology theological approaches to religious diversity Christian Jewish Muslim relations race and religion and theorizing religion Professor Moyaert is one of the world's best scholars of comparative theology In this magisterial new work she helps scholars of religion to better learn how religious images whether drawn with pictures or words are crucial to how we understand ourselves and each other Amir Hussain President American Academy of Religion Breathtaking in scope and detail Moyaert offers an original history of the ways Christians have projected distorted images of their religious others with devastating material consequences Her illuminating story of the past is a searchlight for our present Jeannine Hill Fletcher Professor of Theology Fordham University Christian Imaginations is a superb study of the role that Western political programs play in the historical construction of identity boundaries Analytically erudite and socially committed Moyaert's book powerfully interrogates what counts as religion making this text a must read for anyone interested in interreligious studies Santiago Slabodsky Florence and Robert Kaufman Professor in Jewish Studies Hofstra University Raising the historical formation of religious identities to the level of contemporary treatments of gender and racialization Christian Imaginations of the Religious Other is essential reading for students of religion Michelle Voss Professor of Theology and Past Principal Emmanuel College of Victoria University in the University of Toronto Crafting a Western European mosaic of religionization's turbulent history Moyaert unveils how religious identities are constructed hierarchies function and their relevance for engaging diverse societies today worldwide Hans Gustafson Adjunct Professor of Theology University of St Thomas
