Test your understanding with practice tests and more. The PMP Study Guide is your ultimate preparation resource for passing the PMP. PMI, PMBOK, CAPM, PMP, and Project Management Professional are registered marks of the Project Management Institute Inc.

A Down-To-Earth Guide To SDLC Project Management (2nd Edition) Joshua Boyde, 2014-07-01. This book has been crafted for both the project management novice who is ready to confront their first real project through to the seasoned veteran with several project battle campaigns under their belt. This book is based on many years of real-world System Development Life Cycle (SDLC) project management as well as the Project Management Body Of Knowledge (PMBOK), the blending of the useful elements from other management practices, principles, and the incorporation of the past experiences, the lessons learnt from the various industrial backgrounds of those persons who graciously contributed to this book's creation. Described within is the practical application of field-tested project management techniques to actual situations and prevailing circumstances where the realities of commercial necessities have to be given serious consideration. Additionally, this book does cover some topics and ugly truths that are often not acknowledged in academic textbooks on project management. Contains over 100 explanatory diagrams, real example cases, candid comments from project program managers, and over 100 cartoons to emphasize the key points.

PMP Project Management Professional Exam Deluxe Study Guide Kim Heldman, 2015-12-14. Handbook to aid candidates in preparation for the Certified Associate in Project Management (CAPM) exam.

A pocket companion to PMI's PMBOK Guide Fifth edition Anton Zandhuis, Paul Snijders, Thomas Wuttke, 2015-01-01. Note: This pocket book is available in several languages: English, German, French, Spanish, Dutch. This pocket guide is based on the PMBOK Guide Fifth Edition. It contains a summary of the PMBOK Guide to provide a quick introduction as well as a structured overview of this framework for project management. This pocket guide deals with the key issues and themes within project management and the PMBOK Guide as follows: Key terms and definitions in the project management profession; A short overview of the activities of PMI Inc, the organization and its standards; PMBOK Guide Standard for Project Portfolio Management; Standard for Program Management and other standards; The essentials of the Project Lifecycle and Organization; What are the key project management knowledge areas and processes. Main target Group for this pocket guide is anyone with an interest in understanding the PMBOK Guide framework or a systematic approach for project management. The book is also very useful for members of a project management team in a project environment using the PMBOK Guide as a shared reference. A complete but concise description of the PMBOK Guide for anyone involved in projects or project management for only 15.95.

Execution Excellence Sanjiv Anand, 2016-04-18 A hands on guidebook for making your strategy work with effective Balanced Scorecard design deployment and maintenance Execution Excellence is the practitioner s guide to real world implementation Designed by a Balanced Scorecard BSC thought leader with 30 years of experience and over 300 global implementations under his belt across a range of industry sectors this guide gives you a hands on framework for putting the BSC methodology into action Clear concise and easy to read this book skips the theoretical exposition to get right to the point how can companies use BSC to effectively deploy strategy and drive individual and enterprise performance You ll find the answers here The discussion outlines the ways in which firms commonly fail in implementing BSC These failures can be traced back to common design and implementation flaws making the process too complicated and focusing on the BSC process rather than the outcome The discussion will also cover design optimization across a range of key industry sectors You ll gain expert insight into avoiding these missteps and the practical tools and perspective you need to implement BSC correctly the first time While the Balanced Scorecard framework is widely accepted and praised about half of firms that implement it fail to realize the full benefits The fault lies not with the framework but with the design and more importantly execution This book gives you the information and tools you need to adopt BSC successfully Design a BSC that truly and simply reflects your strategy Customize the BSC to reflect your industry s uniqueness Define clear measurements and ownership that suit your strategy Develop a framework for efficient data collection and reporting Implement effective reviews to keep your business on track Use your Balanced Scorecard data to close performance gaps Developed in the early 1990s the Balanced Scorecard framework has been recognized as one of the most seminal business ideas in the last 75 years Thousands of companies around the world use BSC to create and maintain a performance oriented enterprise yet just as many try and fail Execution Excellence shows you what you need to know and do to become a BSC success story

Managing Projects for Success Albert Hamilton, 2001 The influences of modern technology and competitive environments have a direct impact on the outcomes of projects irrespective of project type This text is a response to the growing need for better management which many people find necessary when leading or working within teams or groups undertaking a project Increasingly people in a working environment are engaged in organised practices and utilising resources facing the challenge of having to meet or better predetermined cost budgets and strict timetables The fact that most work is organised into programs or singular projects means that people require

increasing guidance in project management *Project Management* Kenneth L. Petrocelly, 2020-11-26 Managers are often assigned projects they are ill prepared to undertake due to a lack of training and experience in project management This book addresses the shortcomings and weaknesses of the managerial aspect of project management The narrative will un-complicate the project management process and provide direction to managers towards furthering their understanding and involvement in the successful completion of their project The book will reference examples of actual project work the author has performed to explain the point at hand and the book will be interspersed with appropriate illustrations to support the text
