set out to write just such a book the one that you are now holding in your hands You will find it is written in a simple note type format with plenty of tables and graphs so as to make the learning of what is at times a really complex subject matter hopefully a little easier Five valid reasons why a new book on the subject of Italy s wine grapes and wines had become necessary First because seven years have passed since the publication of *Native Wine Grapes of Italy* this is a time frame more than long enough for a considerable body of new information pertaining to Italy s native grapes and wines to have accumulated Clearly an update of the original tome had become not just desirable but necessary Second we wanted a new book on the subject of Italy s wine grapes to broach not just the country s plethora of native wine grapes but the country s international grapes too so here you will also find information on the likes of Sylvaner Riesling Chardonnay Cabernet Sauvignon and Merlot addressed as well Third this new book s user friendly mission also includes sections on Italy s many wines and denominations In other words not just the wine grapes but their wines and their official denominations too which you ll find listed at the end of every chapter Fourth to give wine lovers at least a small working knowledge on Italy s best wine terroirs Fifth I am now the President and Chief Scientific Officer of China s TerroirSense Academy not to mention the Editor in Chief of the TerroirSense Wine Review Therefore this book will also serve as the recommended text for that school s Italian wine courses

share everything they've learned in their decades of tasting wine. The result is the most in-depth study of the world's greatest wine regions ever published. There are books that describe the geography of wine regions. And there are books that describe the way basic wines and grapes should taste. But there are no books that describe the intricacies of the way wines from various subregions, soils, and appellations should taste. Now for the first time ever you can learn about the differences between wines from the 7 grand crus and 40 premier crus of Chablis or the terroirs in Barolo, Champagne, and Bordeaux. Paying attention to styles, winemakers, soils, and the most cutting edge of trends, this book explains how to understand the wines of the world not in the classical way but in the modern way: appellation by appellation, soil by soil, technique by technique, making it an essential reference and instant classic.

The Story of Prosecco Superiore
 Susan H. Gordon, 2024-02-15. Why is Prosecco so popular? In the United States, Prosecco is now a household word. Throughout the world, Prosecco bottles sell at twice the rate of Champagne's even during a pandemic. Although the comparison with Champagne, the great sparkling wine of northern France, often erroneously used as a synonym of sparkling wine, is a common one, it is not immediately obvious why it should be. This story of Prosecco Superiore sparkling wine, grown in two small hilly historic zones of the ancient Venetian Republic's interior lands, shows them as uniquely Italian sparkling wines, tracing them to those hills at the second half of the 19th century, time of uprisings that would oust Napoleon's France and the Habsburgs of Austria and lead to the creation of an Italian nation. Among the many who fought to make an Italy was a pharmaceutical student born four decades after the fall of Venice, local chemist, follower of ardent Italian insurgent Giuseppe Mazzini, Garibaldian soldier, winemaker, writer, inventor, cheerful and optimistic, informal politician, Antonio Carpen, founder of the oldest Prosecco winery and who created these wines prototype a century before materials such as stainless steel would finally exist to make them possible. To tell the science and history of the making of Prosecco Superiore, its roots in Italian languages and cultures, and in the lives and sounds of those hills of the Veneto's upper Marca Trevigiana, long celebrated as sites of the top Prosecco vineyards, this book is written in a style that leads readers to unfamiliar places so that they might move richly and daringly through 150 years of Prosecco's landscape. The story moves through Carpen's days and follows his work into the mid 20th century as modern Prosecco began its rise, then into the 21st as farmers and scientists work Prosecco Superiore's culture of hills and ingenuity into new blends of complexity, technology, and artisanship. Built on intensive and as appropriate to wine-wide ranging research, this story is both an imaginative and personal telling of the histories, methods, and places of Prosecco Superiore and a reader's guide to wonder and wandering, acts well suited to both the enjoyment and the

effects of Italy's most important sparkling wines **Beverage Basics** Robert W. Small, Michelle Couturier, 2011-09-13
Beverage Basics presents a new approach to understanding wine and other alcoholic beverages. The book includes an introduction to alcoholic beverages, information on important issues such as purchasing beverages, healthy drinking and alcohol and the law, and an introduction to wine including viticulture, viniculture, and the sensory evaluation of wine. The authors teach readers about wines by varietal as opposed to appellation, which is a much simpler entry point for beginners to the world of wine. In addition to all the major wine varietals, Chardonnay, Sauvignon Blanc, Cabernet Sauvignon, Merlot, etc., the book also covers hybrid and Native American varieties, sparkling wines, and dessert and fortified wines. Chapters on beer and distilled spirits include information on making, purchasing, and evaluating beer and spirits. The appendices include a map filled with sections on The Old World and The New World of wine, as well as a thorough examination of the TTB requirements for alcoholic beverage labels and a complete glossary of terms. Author Robert Small is former Dean and Emeritus Professor of The Collins College of Hospitality Management at California State Polytechnic University, Pomona, where he still teaches courses on wine, spirits, and beer, and on beverage marketing and food and beverage management, and is the Chairman of the Los Angeles International Wine competition, one of the largest and most prestigious wine competitions in the United States.
