Thoreaus Sense of Place Richard J. Schneider, 2000-05 Recent Thoreau studies have shifted to an emphasis on the green Thoreau on Thoreau the environmentalist rooted firmly in particular places and interacting with particular objects In the wake of Buell s Environmental Imagination the nineteen essayists in this challenging volume address the central questions in Thoreau studies today how green how immersed in a sense of place was Thoreau really and how has this sense of place affected the tradition of nature writing in America The contributors to this stimulating collection address the ways in which Thoreau and his successors attempt to cope with the basic epistemological split between perceiver and place inherent in writing about nature related discussions involve the kinds of discourse most effective for writing about place They focus on the impact on Thoreau and his successors of culturally constructed assumptions deriving from science politics race gender history and literary conventions Finally they explore the implications surrounding a writer s appropriation or even exploitation of places and objects
