

Creed of the Noncommissioned Officer

No one is more professional than I. I am a Noncommissioned Officer, a leader of soldiers. As a Noncommissioned Officer, I realize that I am a member of a time honored corps, which is known as "The Backbone of the Army". I am proud of the Corps of Noncommissioned Officers and will at all times conduct myself so as to bring credit upon the Corps, the Military Service and my country regardless of the situation in which I find myself. I will not use my grade or position to attain pleasure, profit, or personal safety.

Competence is my watchword. My two basic responsibilities will always be uppermost in my mind—accomplishment of my mission and the welfare of my soldiers. I will strive to remain technically and tactically proficient. I am aware of my role as a Noncommissioned Officer. I will fulfill my responsibilities inherent in that role. All soldiers are entitled to outstanding leadership; I will provide that leadership. I know my soldiers and I will always place their needs above my own. I will communicate consistently with my soldiers and never leave them uninformed. I will be fair and impartial when recommending both rewards and punishment.

Officers of my unit will have maximum time to accomplish their duties; they will not have to accomplish mine. I will earn their respect and confidence as well as that of my soldiers. I will be loyal to those with whom I serve; seniors, peers, and subordinates alike. I will exercise initiative by taking appropriate action in the absence of orders. I will not compromise my integrity, nor my moral courage. I will not forget, nor will I allow my comrades to forget that we are professionals, Noncommissioned Officers, leaders!

The Army's Professional Military Ethic in an Era of Persistent Conflict Don M. Snider,2009 This essay offers a proposal for the missing constructs and language with which we can more precisely think about and examine the Army s Professional Military Ethic starting with its macro context which is the profession s culture We examine three major long term influences on that culture and its core ethos thus describing how they evolve over time We contend that in the present era of persistent conflict we are witnessing dynamic changes within these three influences In order to analyze these changes we introduce a more detailed framework which divides the Ethic into its legal and moral components then divide each of these into their institutional and individual manifestations Turning from description to analysis we also examine to what extent if any recent doctrinal adaptations by the Army FM 3 0 3 24 and 6 22 etc indicate true evolution in the essential nature of the profession s Ethic Then we present what we believe to be the most significant ethical challenge facing the Army profession the moral development of Army leaders moving them from values to virtues in order that they as Army professionals can consistently achieve the high quality of moral character necessary to apply effectively and in a trustworthy manner their renowned military technical competencies P x
