Broken Hoop Nils Sandrisser,2023-11-05 The Lakota and Dakota are among the most famous indigenous peoples of North America Known as Sioux they were feared for their fierce resistance to the advance of white Americans Today they are no longer fighting the U

S Cavalry but poverty alcoholism racism and pipelines Broken Hoop describes their history from the first contact with Europeans until today their wanderings their development from horticulture farmers to nomads on horseback their fight for their land and their way of life and their dealing with the modern world *Dreams, Dreamers, and Visions* Ann Marie Plane, Leslie Tuttle, 2013-05-03 In Europe and North and South America during the early modern period people believed that their dreams might be variously messages from God the machinations of demons visits from the dead or visions of the future Interpreting their dreams in much the same ways as their ancient and medieval forebears had done and often using the dream guides their predecessors had written dreamers rejoiced in heralds of good fortune and consulted physicians clerics or practitioners of magic when their visions waxed ominous *Dreams Dreamers and Visions* traces the role of dreams and related visionary experiences in the cultures within the Atlantic world from the late thirteenth to early seventeenth centuries examining an era of cultural encounters and transitions through this unique lens In the wake of Reformation era battles over religious authority and colonial expansion into Asia Africa and the Americas questions about truth and knowledge became particularly urgent and debate over the meaning and reliability of dreams became all the more relevant Exploring both indigenous and European methods of understanding dream phenomena this volume argues that visions were central to struggles over spiritual and political authority Featuring eleven original essays *Dreams Dreamers and Visions* explores the ways in which reports and interpretations of dreams played a significant role in reflecting cultural shifts and structuring historic change Contributors Emma Anderson Mary Baine Campbell Luis Corteguera Matthew Dennis Carla Gerona Mar a V Jord n Lu s Filipe Silv rio Lima Phyllis Mack Ann Marie Plane Andrew Redden Janine Rivi re Leslie Tuttle Anthony F C Wallace **Transforming Ethnohistories** Sebastian Felix Braun, 2013-08-26 Anthropologists need history to understand how the past has shaped the present Historians need anthropology to help them interpret the past Where anthropologists and historians needs intersect is ethnohistory The contributors to this volume have been inspired in large part by the teaching and writing of distinguished ethnohistorian Raymond J DeMallie whose exemplary combination of ethnographic and archival research demonstrates the ways anthropology and history can work together to create an understanding of the past and the present *Transforming Ethnohistories* comprises ten new avenues of ethnohistorical research ranging in topic from fiddling performances to environmental disturbance and spanning places from North Carolina to the Yukon The authors seek to understand communities by finding and interpreting their stories in a variety of different texts some of which lie outside academic understanding and research methodology It is exactly those stories conventionally labeled myths or oral tradition that ethnohistorians demand we pay attention to Although historians cannot see or talk to their informants as anthropologists do both anthropologists and historians can listen to oral histories and written documents for the essential stories they contain The essays assembled here use DeMallie s approach to contribute to the history and anthropology of Native North America and address issues of literary criticism and contexts sociolinguistics performance theory identity and historical change

historical and anthropological methods and theory and the interpretation of histories cultures and stories Debates over the legitimacy of ethnohistory as a specialization have led some scholars to declare its decline This volume shows ethnohistory to be alive and well and continuing to attract young scholars

**Indian Wars Everywhere** Stefan Aune, 2023-09-26 References to the Indian Wars those conflicts that accompanied US continental expansion suffuse American military history From Black Hawk helicopters to the exclamation Geronimo used by paratroopers jumping from airplanes words and images referring to Indians have been indelibly linked with warfare In *Indian Wars Everywhere* Stefan Aune shows how these resonances signal a deeper history one in which the Indian Wars function as a shadow doctrine that influences US military violence The United States formative acts of colonial violence persist in the actions imaginations and stories that have facilitated the spread of American empire from the savage wars of the nineteenth century to the counterinsurgencies of the Global War on Terror Ranging across centuries and continents *Indian Wars Everywhere* considers what it means for the conquest of Native peoples to be deemed a success that can be used as a blueprint for modern warfare

**Rivers of Power** Steven Peach, 2024-02-13 Although the Creeks constitute a sovereign nation today the concept of the nation meant little to their ancestors in the Native South Rather as Steven Peach contends in *Rivers of Power* the Creeks of present day Georgia and Alabama conceptualized rivers as the basis of power leadership and governance in early America An original work of Indigenous ethnohistory Peach's book explores the implications of this river oriented approach to power in which rivers were a metaphor for the subregional provinces that defined the political textures of Creek country The provinces nurtured leaders who worked to mitigate dangers across the Native South including intertribal war trade dependence settler intrusion and land erosion *Rivers of Power* describes a system in which these headmen forged remarkably malleable coalitions within and across provinces to safeguard Creek country from harm but were in turn directed approved and contested by local townspeople and kin groups Taking a unique bottom up approach to the study of Native Americans Peach reveals how local actors guided and thwarted Indigenous headmen far more frequently and creatively than has been assumed He also shows that although the Creeks traced descent through the maternal line some became more comfortable with bilateral kinship giving weight to both the paternal and maternal lineages Fathers and sons thus played greater roles in Creek governance than Indigenous scholarship has acknowledged Weaving a new narrative of the Creeks and outlining the contours of their riverine mode of governance this work unpacks the fraught dimensions of political power in the Native South and indeed Native North America in the eighteenth and early nineteenth centuries By privileging Indigenous thought and intertribal history it also advances the larger project of Native American history

Brown,2014-04-15 When the Franklin Motor Expedition set out across the Canadian Prairies to collect First Nations artifacts brutal assimilation policies threatened to decimate these cultures and extensive programs of ethnographic salvage were in place Despite having only three members the expedition amassed the largest single collection of Prairie heritage items currently held in a British museum In this book Alison K Brown draws together the multiple narratives that make up this encounter consulting descendants of the collectors and members of the affected First Nations and reviewing both expedition images and the artifacts themselves In doing so she explores the context within which the collection was made as well as the complex relationships between museums anthropologists and First Nations Accessibly written and vigorously researched First Nations Museums Narrations raises timely questions about the role of collections in the twenty first century and considers the way forward for indigenous peoples and the museums that house their cultural treasures Great Plains Ethnohistory Rani-Henrik Andersson,Thierry Veyri  ,Logan Sutton,2024-12 Great Plains Ethnohistory offers a collection of state of the field work in Great Plains ethnohistory both contemporary and historical covering the traditional anthropological subfields of ethnography cultural history archaeology and linguistics As ethnohistory matured into an interdisciplinary endeavor in the 1950s with the formation of the American Society for Ethnohistory historians and anthropologists developed scholarly methodology for the study of Native American societies from their own points of view Within this developing framework Native cultures of the Great Plains represented a foundational research area Great Plains Ethnohistory pays intellectual debts to Raymond J DeMallie and Douglas R Parks whose research from the 1970s onward brought ethnohistorical approaches to the study of Native cultures histories and languages into the international community of the humanities and social sciences sciences and arts The work of the scholars assembled in this volume advocates for an ethnohistory that continues to decompartmentalize Indigenous knowledge and scholarly methodologies including some of the constructs biases and prejudices perpetuated within traditional scholarly disciplines Including essays by Gilles Havard

Joanna Scherer Sebastian Braun Brad KuuNux TeeRit Kroupa and DeMallie and Parks themselves among others plus an afterword by Philip J Deloria this is an essential contribution to the scholarly field and a volume for undergraduate and graduate students and scholars who study Native American and Indigenous cultures      **Settler Sovereignty** Lisa Ford,2010 In a brilliant comparative study of law and imperialism Lisa Ford argues that modern settler sovereignty emerged when settlers in North America and Australia defined indigenous theft and violence as crime This occurred not at the moment of settlement or federation but in the second quarter of the nineteenth century when notions of statehood sovereignty empire and civilization were in rapid global flux Ford traces the emergence of modern settler sovereignty in everyday contests between settlers and indigenous people in early national Georgia and the colony of New South Wales In both places before 1820 most settlers and indigenous people understood their conflicts as war resolved disputes with diplomacy and relied on shared notions like reciprocity and retaliation to address frontier theft and violence This legal pluralism however was under stress as new global statecraft linked sovereignty to the exercise of perfect territorial jurisdiction In Georgia New South Wales and elsewhere settler sovereignty emerged when at the same time in history settlers rejected legal pluralism and moved to control or remove indigenous peoples      *Rethinking Colonialism* Craig N. Cipolla,Katherine Howlett Hayes,2020-01-13 Inciting a critical examination of the lasting consequences of ancient and modern colonialism on descendant communities this wide ranging volume includes essays on Roman Britain slavery in Brazil and contemporary Native Americans      *Linguistic Relativity* Emeritus Professor of Philosophy and Computing Science Francis Jeffry Pelletier,Francis Jeffry Pelletier,Associate Professor of Philosophy Ryan M Nefdt,Ryan M. Arndt, 2016-01-01 Ho Chunk powwows are the oldest powwows in the Midwest and among the oldest in the nation beginning in 1902 outside Black River Falls in west central Wisconsin Grant Arndt examines Wisconsin Ho Chunk powwow traditions and the meanings of cultural performances and rituals in the wake of North American settler colonialism As early as 1908 the Ho Chunk people began to experiment with the commercial potential of the powwows by charging white spectators an admission fee During the 1940s the Ho Chunk people decided to de commercialize their powwows and rededicate dancing

culture to honor their soldiers and veterans Powwows today exist within on the one hand a wider commercialization of and conflict between intertribal dance contests and on the other efforts to emphasize traditional powwow culture through a focus on community values such as veteran recognition warrior songs and gift exchange In Ho Chunk Powwows and the Politics of Tradition Arndt shows that over the past two centuries the dynamism of powwows within Ho Chunk life has changed greatly as has the balance of tradition and modernity within community life His book is a groundbreaking study of powwow culture that investigates how the Ho Chunk people create cultural value through their public ceremonial performances the significance that dance culture provides for the acquisition of power and recognition inside and outside their communities and how the Ho Chunk people generate concepts of the self and their society through dancing **Treaty No. 9** John Long, 2010 Restoring nearly forgotten perspectives to the historical record John Long considers the methods used by the government of Canada to explain Treaty No 9 to Northern Ontario First Nations He shows that many crucial details about the treaty s contents were omitted in the transmission of writing to speech while other promises were made orally but not included in the written treaty Reproducing the three treaty commissioners personal journals in their entirety Long reveals the contradictions that suggest the treaty parchment was never fully explained to the First Nations who signed it pub website
