**Women and New and Africana Religions** Lillian Ashcraft-Eason, Darnise Martin, Oyeronke Olademo, 2009-10-27 This volume explores the lives of women around the world from the perspective of the New and Africana faiths they practice. This probing and thought provoking series of essays brings together in one volume the multifaceted experiences of women in the New and Africana religions as practiced today. With this work religion becomes a lens for examining the lives of women of diverse ethnicities and nationalities across the social spectrum. In *Women and New and Africana Religions* readers hear from women from a number of religious spiritual persuasions around the world including Africa, Asia, the Caribbean, South America, and North America. These voices form the core of remarkable explorations of family and environment, social and spiritual empowerment, sexuality and power, and ways in which worldview informs roles in religion and society. Each essay includes scene setting, historical and social background information, and fascinating insights from renowned scholars sharing their own research and firsthand experiences with their subjects.

**Preaching and Paul's Letter to the Romans** Ronald J. Allen, 2025-07-10 Ronald J. Allen argues that the apostle Paul wrote his letter to the Romans to address specifically the gentiles in the congregation in Rome. Allen suggests that this was because the gentiles exhibited arrogant behavior towards Jewish members of the community, thereby undermining a primary facet of the early church: to witness to the community of love and mutual support that God seeks for all. Allen shows readers how Paul points the gentiles to the faithfulness of God who invites them to recognize and live according to the grace of God shown to them through Jesus Christ. In this pastorally engaged work, Allen not only provides historical commentary on *Romans* but also helps preachers and scholars make connections between arrogance and its destructiveness in communities today, as well as inviting congregations to participate in the grace that makes possible a loving and mutually respectful community.

**The Social Contexts of Disability Ministry** Albert A. Herzog, 2017-09-29 This book provides pastors, seminarians, and interested laity with the background necessary to understand the need for disability ministry and the contexts out of which the church's ministry among people with disabilities must emerge. This is true not only for descriptions of ministries over the past sixty years but also the challenges disability poses for biblical studies, church history, Christian theology, and ethics. Insights are gained not only from mainstream secular and religious sources but from evangelical and other conservative materials. The blending of items from different religious resources reveals just how ubiquitous disability is and the need for disability ministry now and for many years into the future. The book's format is such that either it can serve as a text for courses on disability ministry or individual chapters can be employed in various courses on selected topics in biblical studies, history, theology, and ethics. Pastors and lay leaders will enjoy the depth of coverage for each topic. This is a book about a serious subject for serious readers. Its materials are designed to inform, stimulate, and promote disability ministry as a topic worthy of serious study.

*Loving Resistance and Resistance through Love* Alex Hon Ho Ip, 2022-08-22 The Letter to Philemon is one of the most beautiful rhetorical letters written by Paul and yet at the same time perhaps the most underread letter in the New Testament Paul wrote this letter out of love hoping to persuade the slave master Philemon to choose compassion rather than follow the typical Roman attitudes towards slaves to treat Onesimus as a brother in Christ rather than as an inferior subhuman chattel This letter is not only theologically important but also important in a practical sense because it is more than mere words it is a testimony In order for readers to better appreciate the true depth of the meanings in the letter this book is written in a rather creative way Each chapter begins with a selected scene from the movie *Les Misérables* to introduce the key theme of the chapter Then the author will interpret the details of the text of the letter and the other relevant texts in the Pauline corpus The final section of each chapter is a creative story based on the text and historical context The purpose of inventing these creative stories is to help readers better grasp the historical context and most importantly the rhetoric in the letter

**The Choreopolitics of Alain Platel's les ballets C de la B** Christel Stalpaert, Guy Cools, Hildegard De Vuyst, 2020-02-06 Les Ballets C de la B was founded by Alain Platel in 1984 Since then it has become a company that enjoys great success at home and abroad Over the years Platel has developed a unique choreographic oeuvre His motto This dance is for the world and the world is for everyone reveals a deep social and political commitment Through the three topics of emotions gestures and politics this book unravels the choreopolitics of Platel's Les Ballets C de la B His choreopolitics go beyond conveying a political message because rather than defending one opinion Platel is more concerned about the exposure of the complexity within the debate itself Highly respected scholars from different fields contribute to this book to provide an interdisciplinary perspective on the intense emotions the damaged narratives and the precarious bodies in Platel's choreographic oeuvre      *The Social Construction of Global Corruption* Elitza Katzarova, 2018-12-06 This book offers new ways of thinking about corruption by examining the two distinct ways in which policy approaches and discourse on corruption developed in the UN and the OECD One of these approaches extrapolated transnational bribery as the main form of corrupt practices and advocated a limited scope offense while the other approach tackled the broader structure of the global economic system and advocated curbing the increasing power of multinational corporations Developing nations in particular Chile initiated and contributed much to these early debates but the US sponsored issue of transnational bribery came to dominate the international agenda In the process the corrupt corporation was supplanted by the corrupt politician the corrupt public official and their international counterpart the corrupt country This book sheds light on these processes and the way in which they reconfigured our understanding of the state as an economic actor and the multinational corporation as a political actor      Introduction to Christian Ethics Ellen Ott Marshall, 2018-10-30 All Christians read the

Bible differently pray differently value their traditions differently and give different weight to individual and corporate judgment These differences are the basis of conflict The question Christian ethics must answer then is What does the good life look like in the context of conflict In this new introductory text Ellen Ott Marshall uses the inevitable reality of difference to center and organize her exploration of the system of Christian morality What can we learn from Jesus creative use of conflict in situations that were especially attuned to questions of power What does the image of God look like when we are trying to recognize the divine image within those with whom we are in conflict How can we better explore and understand the complicated work of reconciliation and justice This innovative approach to Christian ethics will benefit a new generation of students who wish to engage the perennial questions of what constitutes a faithful Christian life and a just society

Zelda Popkin Jeremy D. Popkin,2023-02-01 Zelda Popkin s adventurous life could have made her the protagonist of one of her own novels In his brilliant telling of the story of her life her historian grandson Jeremy D Popkin has made a singular contribution to the history of American Jewish women in the twentieth century From the 1920s when she worked in the highly competitive and male dominated public relations business to her rise as a million selling author of popular fiction beginning in the 1940s including some of the earliest fiction on the Holocaust and the state of Israel Zelda s life and work documented the rise of American Jewish women Popkin uses Zelda s experience to bring to life a larger story of American Jews and American women in the twentieth century with the vividness that comes from having a lively character at its center At the same time this will also be a story about a woman whose powerful personality profoundly influenced several generations of a family Popkin makes the case that even if she sometimes burnished her stories to create what he calls legends of Zelda she was one of the most articulate female members of the generation of Jews who fought their way into the American middle class during the decades of the 1920s and 1930s Zelda s life is a rich source of evidence about the experience of American Jewish women and offers perspectives that are frequently at odds with analyses based on men s lives The story of Zelda her generation and its rich and significant legacy will create a compelling portrait and detailed tapestry of an iconic woman and her time
