**Inflection 06: Originals** Sir Peter Cook, Alison Brooks, Beatriz Colomina, Sean Godsell, Adam Peacock, 2019-09-16 Architects are expected to create original ideas resulting in a unique bespoke design. With the rise of Modern Architecture originality became ingrained in perceptions of good design. As a result originality has become a barometer against which we measure the value of design. However technology today allows for ease of replication and copies thus originality in design has become an ostensibly hollow prospect. *Originals* gathers a wide range of responses varied in their opinions and approaches to originality and authorship in design and architecture. *Inflection* is a student run design journal based at the Melbourne School of Design University of Melbourne. Born from a desire to stimulate debate and generate ideas it advocates the discursive voice of students academics and practitioners. Founded in 2013 *Inflection* is a home for provocative writing a place to share ideas and engage with contemporary discourse.

**Badass Trader** Robert J. van Eyden, 2023-07-14 Trading is the hardest way to make easy money. New traders are often led to believe that trading must be easy which is true to some extent it has certainly never been easier to trade. Barriers to entry are low and you have unlimited earning power. You can trade whenever and wherever you like using any of the numerous markets that are available to choose from and you can select a low cost platform from among the many platforms available. But new traders soon realise that what is generally called common sense does not work in trading what they have been taught that there is a right way and a wrong way does not seem to apply to trading. Why? The answer is simple. Our brains are not naturally wired for trading but they can be rewired. And you will find out how in this book. Whether you are a beginner or an experienced trader reading *Badass Trader* can be a valuable way to learn grow and improve your trading skills setting you on a path to financial well being. While both informative and practical the book will also help to rewire your mind stacking the odds of trading success in your favour so that you can get profitable quicker.

**Copy Paste** Adrien Ravon, Diana Ibáñez López, Why Factory, 2017 New A new face A new style Worldwide there is talk of a cult of novelty. This is also true in architecture where architects compete

against each other in terms of innovation and originality The Why Factory does things differently and in Copy Paste it explores the possibilities of copying in architecture What are the really original ideas in architecture Isn't it better to ask what someone adds to the existing repertoire and then to evaluate that In science it is common to define originality in that respect This type of attitude seems to be a taboo in architecture So now the time has come to stop this obsessive pursuit of unique authorship The Why Factory brings together diverse viewpoints on the dilemma of copying in architecture along with the ethical and legal obligations This book contains a versatile guide to copying and explores the potential by means of a broad set of scenarios with the help of various tools
