A Short History of the Italian Renaissance Virginia Cox, 2015-10-08 The extraordinary creative energy of Renaissance Italy lies at the root of modern Western culture In her elegant new introduction Virginia Cox offers a fresh vision of this iconic moment in European cultural history when between the fourteenth and sixteenth centuries Italy led the world in painting building science and literature Her book explores key artistic literary and intellectual developments but also histories of food and fashion map making exploration and anatomy Alongside towering figures such as Leonardo da Vinci Michelangelo Raphael Petrarch Machiavelli and Isabella d Este Cox reveals a cast of lesser known protagonists including printers travel writers actresses courtesans explorers inventors and even celebrity chefs At the same time Italy's rich regional diversity is emphasised in addition to the great artistic capitals of Florence Rome and Venice smaller but cutting edge centres such as Ferrara Mantua Bologna Urbino and Siena are given their due As the author demonstrates women played a far more prominent role in this exhilarating resurgence than was recognized until very recently both as patrons of art and literature and as creative artists themselves Renaissance woman she boldly argues is as important a legacy as Renaissance man

Imagined Histories Anthony Molho, Gordon S. Wood, 2018-06-05 This collection of essays by twenty one distinguished American historians reflects on a peculiarly American way of imagining the past At a time when history writing has changed dramatically the authors discuss the birth and evolution of historiography in this country from its origins in the late nineteenth century through its present more cosmopolitan character In the book's first part concerning recent historiography are chapters on exceptionalism gender economic history social theory race and immigration and multiculturalism Authors are Daniel Rodgers Linda Kerber Naomi Lamoreaux Dorothy Ross Thomas Holt and Philip Gleason The three American centuries are discussed in the second part with chapters by Gordon Wood George Fredrickson and James Patterson The third part is a chronological survey of non American histories including that of Western civilization ancient history the middle ages early modern and modern Europe Russia and Asia Contributors are Eugen Weber Richard Saller Gabrielle Spiegel Anthony Molho Philip Benedict Richard Kagan Keith Baker Joseph Zizak Volker Berghahn Charles Maier Martin Malia and Carol Gluck

Together these scholars reveal the unique perspective American historians have brought to the past of their own nation as well as that of the world. Formerly writing from a conviction that America had a singular destiny, American historians have gradually come to share viewpoints of historians in other countries about which they write. The result is the virtual disappearance of what was a distinctive American voice. That voice is the subject of this book.

Histories of Ornament
 Gülru Necipoğlu, Alina Payne, 2016-03-08

This lavishly illustrated volume is the first major global history of ornament from the Middle Ages to today. Crossing historical and geographical boundaries in unprecedented ways and considering the role of ornament in both art and architecture, *Histories of Ornament* offers a nuanced examination that integrates medieval, Renaissance, baroque, and modern Euroamerican traditions with their Islamic, Indian, Chinese, and Mesoamerican counterparts. At a time when ornament has re-emerged in architectural practice and is a topic of growing interest to art and architectural historians, the book reveals how the long history of ornament illuminates its global resurgence today. Organized by thematic sections on the significance, influence, and role of ornament, the book addresses ornament's current revival in architecture, its historiography, and theories of its transcontinental mobility in medieval and early modern Europe and the Middle East, and its place in the context of industrialization and modernism. Throughout, *Histories of Ornament* emphasizes the portability and politics of ornament, figuration versus abstraction, cross-cultural dialogues, and the constant negotiation of local and global traditions. Featuring original essays by more than two dozen scholars from around the world, this authoritative and wide-ranging book provides an indispensable reference on the histories of ornament in a global context. A Cultural History of Color in the Renaissance
 Sven Dupré, Amy Buono, 2022-08-31

A Cultural History of Color in the Renaissance covers the period 1400 to 1650, a time of change, conflict, and transformation. Innovations in color production transformed the material world of the Renaissance, especially in ceramics, cloth, and paint. Collectors across Europe prized colorful objects such as feathers and gemstones as material illustrations of foreign lands. The advances in technology and the increasing global circulation of colors led to new color terms, enriching language. Color shapes an individual's experience of the world and also how society gives particular spaces, objects, and moments meaning. The 6-volume set of the *Cultural History of Color* examines how color has been created, traded, used, and interpreted over the last 5000 years. The themes covered in each volume are color

philosophy and science color technology and trade power and identity religion and ritual body and clothing language and psychology literature and the performing arts art architecture and interiors and artefacts Amy Buono is Assistant Professor at the Wilkinson College of Arts Humanities and Social Sciences at Chapman University USA Sven Dupr is Professor of History of Art Science and Technology at Utrecht University and the University of Amsterdam The Netherlands Volume 3 in the Cultural History of Color set General Editors Carole P Biggam and Kirsten Wolf

The Enchantress of Florence Salman Rushdie,2008-05-27 A tall yellow haired young European traveler calling himself Mogor dell Amore the Mughal of Love arrives at the court of the Emperor Akbar lord of the great Mughal empire with a tale to tell that begins to obsess the imperial capital a tale about a mysterious woman a great beauty believed to possess powers of enchantment and sorcery and her impossible journey to the far off city of Florence The Enchantress of Florence is the

story of a woman attempting to command her own destiny in a man's world. It is the story of two cities unknown to each other at the height of their powers: the hedonistic Mughal capital in which the brilliant Akbar the Great wrestles daily with questions of belief, desire and the treachery of his sons; and the equally sensual city of Florence during the High Renaissance where Niccol Machiavelli takes a starring role as he learns the hard way about the true brutality of power. Vivid, gripping, irreverent, bawdy, profoundly moving and completely absorbing. *The Enchantress of Florence* is a dazzling book full of wonders by one of the world's most important living writers. **Romantic 'Anglo-Italians'** Maria Schoina, 2009-01-01

Focusing on key members of the Pisan Circle: Byron, the Shelleys and Leigh Hunt, Maria Schoina explores configurations of identity and the acculturating practices of British expatriates in post-Napoleonic Italy. The problems involved in British Romanticism's relations to its European others are her point of departure as she argues that the emergence and mission of what Mary Shelley termed the Anglo-Italian is inextricably linked to the social, political, economic and cultural conditions of the age: the forging of the British identity in the midst of an expanding empire, the rise of the English middle class and the establishment of a competitive print culture and the envisioning by a group of male and female Romantic liberal intellectuals of social and political reform. Schoina's emphasis on the political implications of the British Romantics' hyphenated self-representation results in fresh readings of the Pisan Circle's Italianate writings that move them away from interpretations focused on a purely aesthetic or poetic attachment to Italy to uncover their complex ideological underpinnings.

Adventures with Iphigenia in Tauris Edith Hall, 2013-01-10. This book presents a cultural history of the Greek tragedy and its influence on subsequent Greek and Roman art and literature. *The Reader's Adviser*, 1986. *Florence Ki Jadugarni* Salman Rushdie, 2014-02-13. This is a translation from English book *The Enchantress of Florence* written by Salman Rushdie. A tall, yellow-haired young European traveller calling himself Mogor dell'Amore, the Mughal of Love, arrives at the court of the real Grand Mughal, the Emperor Akbar, with a tale to tell that begins to obsess the whole imperial capital. The Stranger claims to be the child of a lost Mughal princess, the youngest sister of Akbar's grandfather Babar Qara Koz, Lady Black Eyes, a great beauty believed to possess powers of enchantment and sorcery who is taken captive first by an Uzbek warlord, then by the Shah of Persia, and finally becomes the lover of a certain Argalia, a Florentine soldier of fortune, commander of the armies of the Ottoman Sultan. When Argalia returns home with his Mughal mistress, the city is mesmerized by her presence and much trouble ensues. *The Enchantress of Florence* is the story of a woman attempting to command her own destiny in a man's world. It brings together two cities that barely know each other: the hedonistic Mughal capital in which the brilliant emperor wrestles daily with questions of belief, desire and the treachery of sons; and the equally sensual Florentine world of powerful courtesans, humanist philosophy and inhuman torture where Argalia's boyhood friend, il Machia, Niccol Machiavelli, is learning the hard way about the true brutality of power. These two worlds, so far apart, turn out to be uncannily alike, and the enchantments of women hold sway over them both. But is Mogor's story true? And if so, then

what happened to the lost princess And if he s a liar must he die **The Publisher** ,1909 *Passion for History* Natalie Zemon Davis, Denis Crouzet, 2010-02-01 The pathbreaking work of renowned historian Natalie Zemon Davis has added profoundly to our understanding of early modern society and culture She rescues men and women from oblivion using her unique combination of rich imagination keen intelligence and archival sleuthing to uncover the past Davis brings to life a dazzling cast of extraordinary people revealing their thoughts emotions and choices in the world in which they lived Thanks to Davis we can meet the impostor Arnaud du Tilh in her classic *The Return of Martin Guerre* follow three remarkable lives in *Women on the Margins* and journey alongside a traveler and scholar in *Trickster Travels* as he moves between the Muslim and Christian worlds In these conversations with Denis Crouzet professor of history at the Sorbonne and well known specialist on the French Wars of Religion Natalie Zemon Davis examines the practices of history and controversies in historical method Their discussion reveals how Davis has always pursued the thrill and joy of discovery through historical research Her quest is influenced by growing up Jewish in the Midwest as a descendant of emigrants from Eastern Europe She recounts how her own life as a citizen a woman and a scholar compels her to ceaselessly examine and transcend received opinions and certitudes Davis reminds the reader of the broad possibilities to be found by studying the lives of those who came before us and teaches us how to give voice to what was once silent *Jack Goody between Social Anthropology and World History* Chris Hann, Han F.
